

2026 Urban Tree Summit Sponsorship

Casey Trees and Montgomery Parks present the fifteenth annual Urban Tree Summit (UTS). Conference presentations will focus on shaping the future of urban forestry to create greener cities and healthier communities. Learn from our outstanding lineup of industry leading experts on their research and contributions to the field of urban forestry, conservation, and environmental education and sciences.

This year's Urban Tree Summit will be held on Wednesday, September 23, 2026, at the Silver Spring Civic Center Building in Silver Spring, MD. Following that, throughout September there will be smaller in-person field sessions. The event attracts 300+ professionals working in the mid-Atlantic region, including municipal foresters, non-profit professionals, researchers, advocates, tree care professionals, and students.

The success of the event is made possible thanks to the generous financial and in-kind contributions of donors. Your involvement will position you as a community and sustainability-minded organization that cares about the survival of trees in our built environment, while also reaching a large and diverse audience. In addition to the thanks of Casey Trees and Montgomery Parks, sponsors receive an array of benefits and promotional opportunities. **No matter your giving goals or ability, there is a sponsorship level that can meet your needs.**
