

It's more than just posting.

We will plan all your content ideas, ensure all the relevant content is shot to the best quality, then schedule all your content throughout the month, writing all the copy, hashtags and monitoring your accounts to ensure consistent, high quality growth.

We build your social community by engaging with relevant topics to boost your page alongside the algorithm.

A few brands we have worked with:

Our promise to you.

At Barakah Branding, our team of social media experts are trained to provide you with results that align closely with your values.

We can help you if you are looking for the following:

- Improvement in social media but not sure where to start
- Willing to invest in your business for growth
- A commitment to work together for a minimum of 3 months to demonstrate results
- Wanting to focus on other parts of your business and not having to worry about social media presence

The Process:

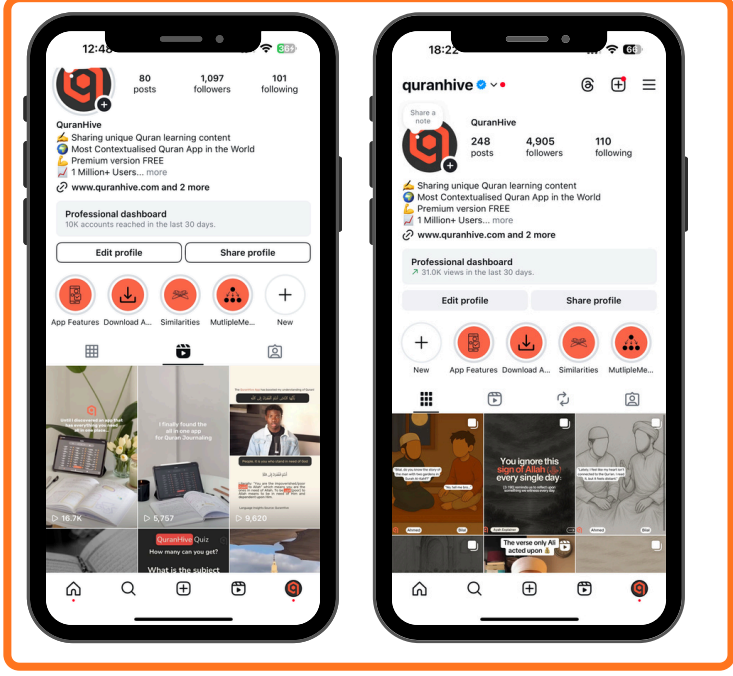

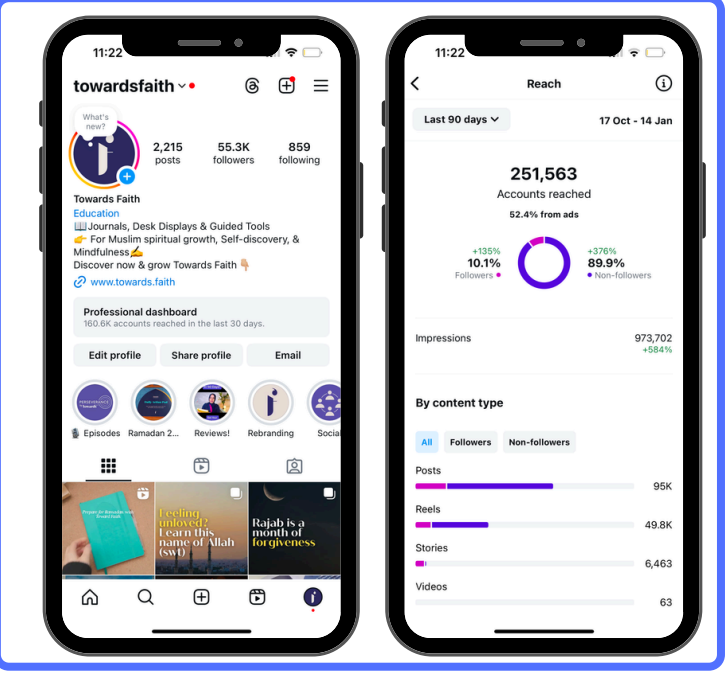

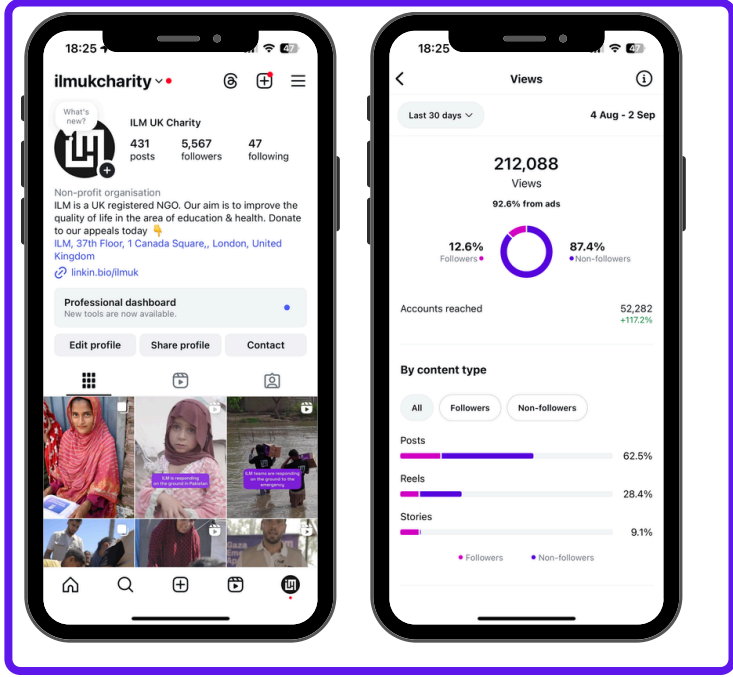

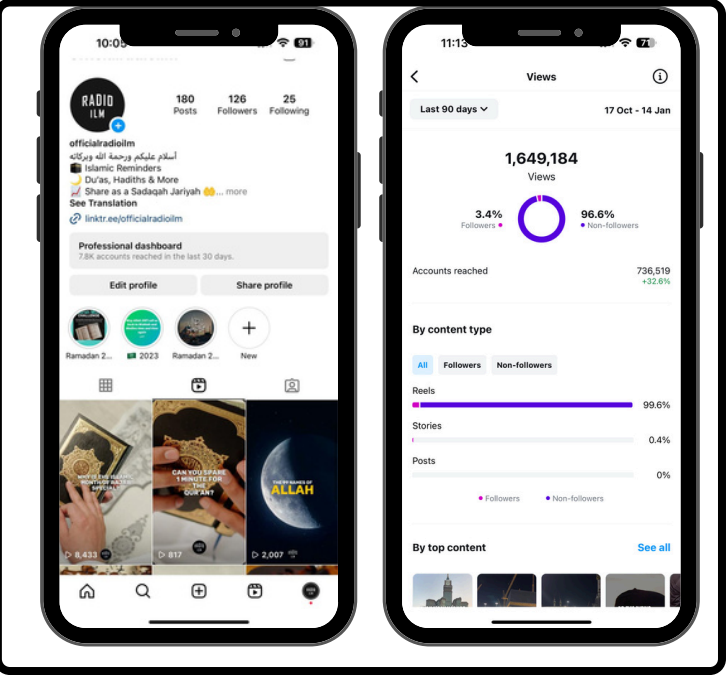

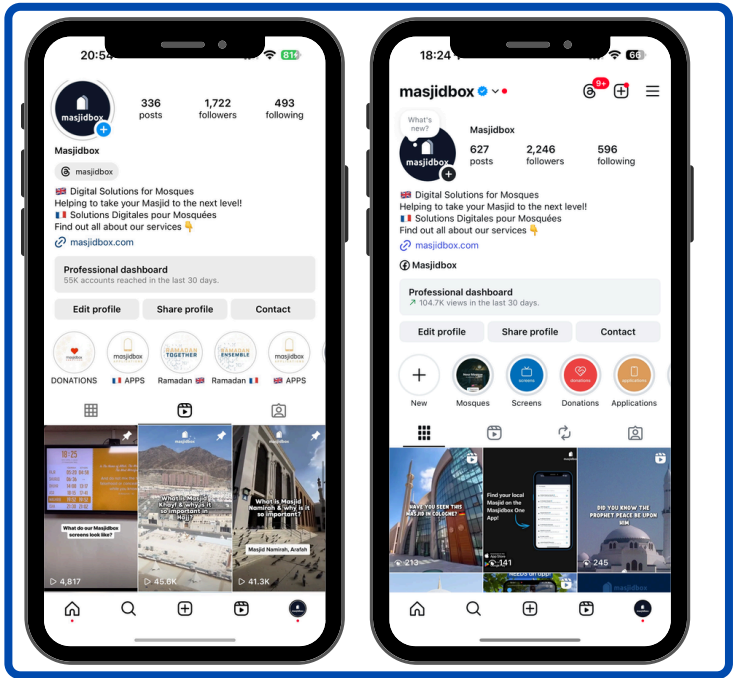

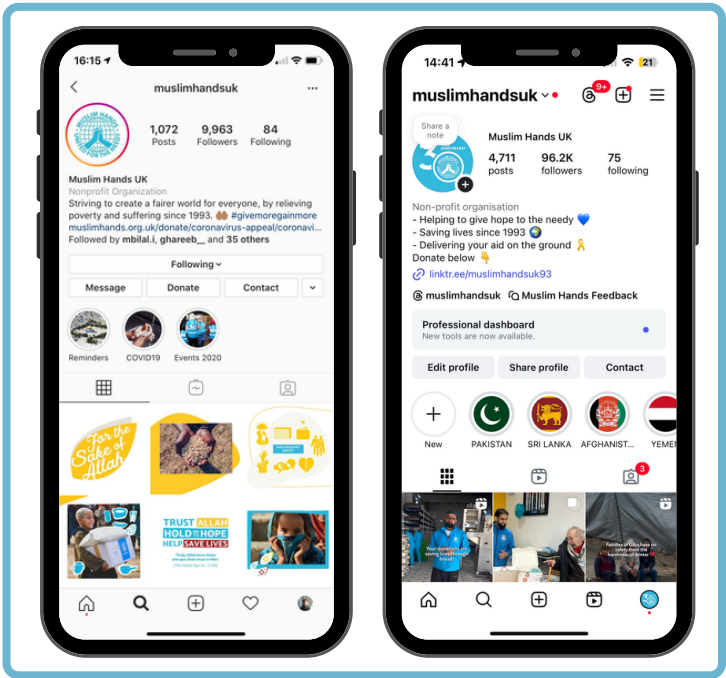

- 1 Initial Call**
We will arrange a call to speak with you and discuss your social media needs, pitch our services and how we can work together and then insha'Allah plan a starting date.
- 2 Onboarding and Induction**
You will be sent a contract and provide us with login details for your social media platforms. We will also set up your personalised content calendar via Notion and share this with you alongside with your social & content strategy.
- 3 Subscription begins**
You will be provided with a welcome pack containing all the information you need. We will set up a day for a content shoot, set up your added bonus features & say Bismillah to begin. You will be billed each month based on your agreed start date.
