"Mitigating threats by enhancing cybersecurity culture."

ABOUT DR. JOHNSON

Dr. Nolyn Johnson is a cybersecurity executive, educator, and national speaker with extensive experience in cybersecurity leadership, risk management, and awareness training. He founded Dr. Nolyn Johnson LLC to deliver Virtual CISO services, cybersecurity training, and speaking engagements to SMBs, government agencies, and educational institutions — and DNJ Cyber Academy (501c3) to build the next generation of cyber defenders in underserved communities. His work bridges executive decision-making with technical cybersecurity practice, making complex security concepts accessible and actionable for every audience.
