Turmacin®

Turmacin® is an innovative clinically researched and patented ingredient that brings the joint and cartilage health benefits of turmeric to dietary supplements

Turmerosaccharides™

The bioactive polysaccharides, a group of water-soluble bioactive polysaccharides present in Turmeric

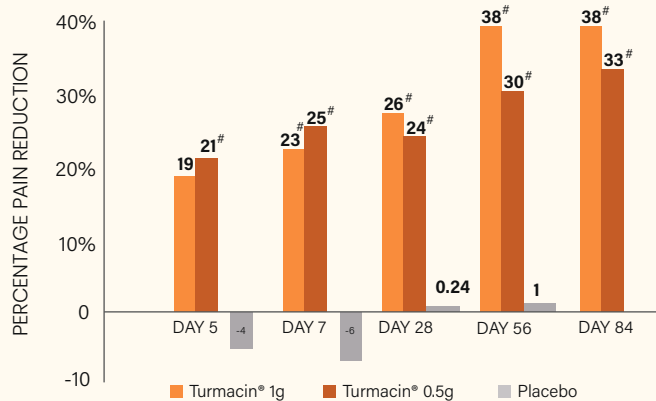

Evidence-based Results

4 Efficacy Clinical Studies | 1 Safety Clinical Study

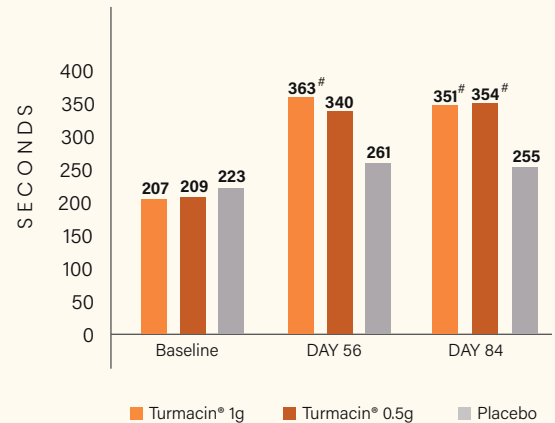

Clinical 1

• Effect on pain reduction

#Significantly different (p<0.016) from placebo

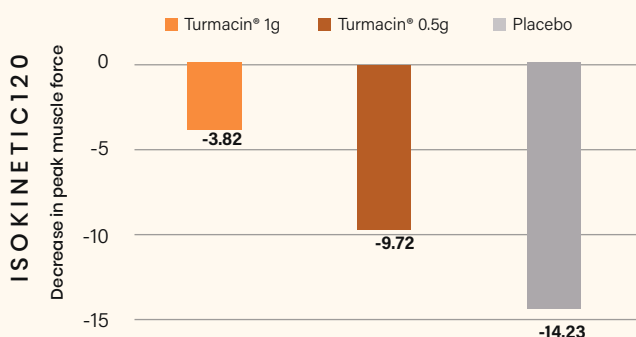

• Effect on time to onset of pain

Turmacin® significantly decreased joint pain and increased effect on pain relief on long term usage

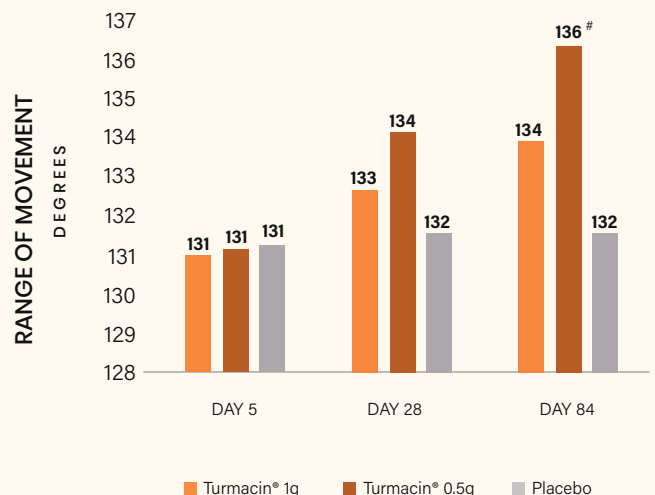

• Effect on muscle strength

#Significantly different (p<0.05) from placebo

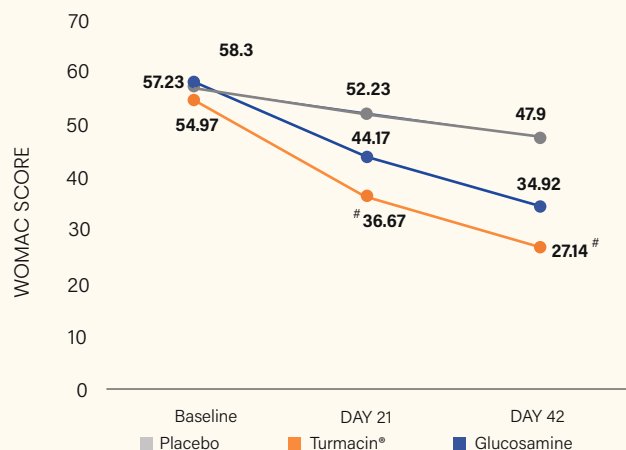

• Effect on Range of Movement (ROM)

Turmacin® preserves muscle strength and Improves joint mobility

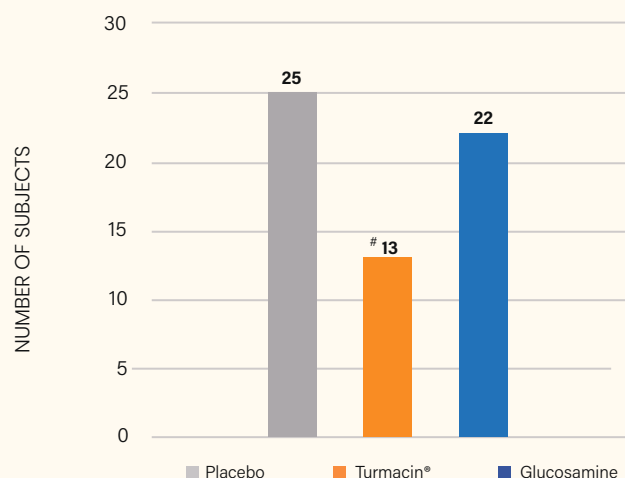

• Evidence from WOMAC score

[#]Significantly different ($p < 0.05$) from placebo
WOMAC: Western Ontario and McMaster Universities Osteoarthritis Index

• Usage of rescue medication

[#]Significantly different ($p < 0.01$) from placebo

↓ 53%
Joint Tenderness

↓ 30%
Joint Crepitation

↓ 73%
Joint Effusion

↓ 53%
Terminal Limitation
of Joint Movements

SAFETY

Turmacin® is clinically safe with evidence from 2 clinical studies and long-term toxicity studies

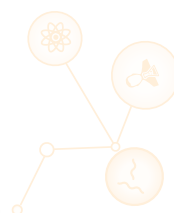

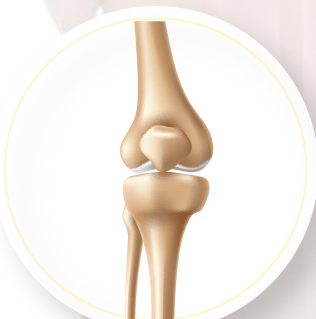

Health Claims of Turmacin® : Dosage: 500–1000 mg

Helps to
maintain healthy
joint function*

Supports
joint mobility*

Helps to
maintain joint
health & mobility in
people with age-
related joint
discomfort*

Helps to reduce
exercise induced
joint pain*

WHY CHOOSE Turmacin[®]?

Backed by 4 efficacy
clinical studies for
Enhanced performance

Standardized to water-
soluble polysaccharides
(Turmerosaccharides™)

Sustainable
supply chain

Backed by 2
human clinical
safety studies

Water-soluble +
naturally
bioavailable

NON-GMO
Project Verified

Clean label

Non-staining
of equipment

Self-affirmed GRAS
(application in beverages)
