

### How LanternBRP™ Powers the Future of Education

10-12% growth in tech demand with shrinking budgets

Source: Deloitte

#### The First and Only Single AI Operating System for School Districts

LanternBRP™ unifies district systems in one AI-native platform to predict needs, identify at-risk students, automate workflows, and optimize resources.

#### Funding Shortages

How can we do more with less?

Unifies district systems to predict needs, optimize resources, and maximize impact.

#### Teacher Shortages and Burnout

Why is turnover so high?

Reduces teacher burnout with AI that automates documentation and recommends interventions.

#### Academic Gaps

Are students falling behind?

Analyzes district data to identify gaps and improve student outcomes.

#### Impact on Education

Why LanternBRP™?

For K-12 districts, reduces uncertainty and inefficiencies to improve outcomes.

### The LanternBRP™ in Action

Parthion deployed LanternBRP™ to unify tools and use AI to automate workflows, interventions, and communication for proactive student support.

“LanternBRP™ has been a major catalyst in building Parthion. It's like having a full Fortune 500 C-suite at your fingertips, ready to help you succeed as a founder. Districts move from reacting to problems after they surface to working with continuous visibility into student risk.

- Nick Gronda, CEO of Parthion

**\$0.5-\$2.0 Million**  
Tech Spend Reduction

**\$0.3-\$1.0 Million**
