FS2 US to Ireland and Ireland to US Cargo Fuel Surcharge (FSC)

Effective from Monday 23rd March 2026, Frontier Scientific Solutions, through their affiliate FS2 Global Solutions, will bring into effect a FSC for all shipments departing from 00h00 on that date.

The below table describes the key elements of FS2 Global Solutions FSC mechanism.

Reference Source:	U.S. Gulf Coast Kerosene-Type Jet Fuel Spot Price. To view this information, follow this link https://www.eia.gov/dnav/pet/hist/eer_epjk_pf4_rgc_dpgD.htm
Change Frequency:	Weekly with effective Monday until the end of the week on Sunday
Calculation Period:	Change between previous weeks start price and the new weeks start price.
Timing for Applicable Change:	By Wednesday of the preceding week for the following week – e.g. price per gallon on Monday 16th March will be used as from Monday 23rd March
Change Trigger Bands:	The FSC is constructed in 5% change bands. Only a change (+/-) in the weekly fuel price per gallon triggers a new price band.
FSC Mechanism Table:	See below table on next page. This mechanism is subject to change with 30 day's notice.
