(e) to assign and hereby assigns to Buyer each invention, discovery or improvement (whether or not patentable) that is conceived or first reduced to practice by Seller, or by any person employed by or working under the direction of Seller, in the performance of this Order;

(f) to promptly disclose in an acceptable form to Buyer all such inventions, discoveries or improvements and to cause its employees to sign any papers necessary to enable Buyer to obtain title to each invention, discovery or improvement and to file applications for patents throughout the world;

(g) to the extent that this Order is issued for the creation of copyrightable works, that the works shall be considered "works made for hire," and, to the extent that the works do not qualify as such, to assign to Buyer upon delivery thereof all right, title and interest in all copyrights therein (including, without limitation, any source code);

(h) to give Buyer or its designees all assistance reasonably required to perfect any such rights; and

(i) if this Order includes Products which are for use in connection with a U.S. Government prime contract or subcontract, then this Clause does not change the rights in technical data that the U.S. Government obtains pursuant to any FAR or DFARS clauses incorporated into this Order through Attachment I.

29. DRAWINGS

Seller acknowledges that it has available to it all specifications, drawings, data, and other documents referenced in this Order and that they are adequate to enable Seller to perform the work called for herein in accordance with the delivery schedule.

Buyer's Drawings. All drawings, specifications and data furnished by Buyer to Seller hereunder shall remain the property of Buyer or Buyer's Customers (as the case may be) and shall not be disclosed by Seller and shall be used by Seller only as and to the extent required for the performance of this Order, unless otherwise approved by Buyer in writing. Upon completion of work by Seller under this Order and upon Buyer's request, Seller shall promptly return to Buyer all drawings, specifications and other data furnished by Buyer in connection herewith, together with all copies or reprints in Seller's possession or control, and Seller shall thereafter make no further use, either directly or indirectly, of any such drawings, specifications, data or any information derived there from, without Buyer's prior written consent.

Seller's Drawings. If the performance of the Order obligates Seller to manufacture Seller-designed Buyer part numbered Products to Seller's drawing revision level and where manufacturing will be to a different revision level, Seller will provide Buyer released updated drawings with explanation as to how the present configuration differs from the specified or approved revision level configuration. Seller must receive Buyer's approval of updated drawing prior to the manufacturing and shipment of Products to Buyer.

No review or approval by Buyer of any work hereunder or of any designs, drawings, specifications or other documents prepared by Seller will be construed to relieve Seller in any way from design responsibility for the Products to be delivered hereunder, or from

responsibility to comply with the requirements of the Order. However, nothing in this Order, or in any non-disclosure agreement applicable to this Order, shall be construed as restricting Seller from reporting waste, fraud, or abuse related to the performance of a Government contract to a designated investigative or law enforcement representative of a Federal department or such agency authorized to receive such information.

30. PROTECTION OF PROPRIETARY INFORMATION

Any information of Buyer identified as confidential or proprietary that is provided by Buyer to Seller (hereinafter referred to as "Buyer Proprietary Information") shall remain the property of Buyer. Seller agrees to comply with all proprietary information markings and restrictive legends applied by Buyer to such Buyer Proprietary Information.

Seller agrees to use Buyer Proprietary Information only for the purpose of performing under this Order and agrees not to disclose such information to third parties or Seller's affiliates and suppliers without the prior written consent of Buyer. The Seller shall disclose Buyer Proprietary Information only to its employees having a "need to know" and shall ensure that each such employee is aware of this clause and has agreed to abide by its provisions.

Seller agrees that it will protect and maintain the confidence of Buyer Proprietary Information using the same degree of care it uses to protect its own proprietary information, but in no event less than a reasonable degree of care. During such time, Seller shall use information protection processes and systems sufficient to protect Buyer's Proprietary Information from unauthorized access, inadvertent disclosure, known misuse, loss, destruction, or alteration other than as required to complete this Order (the occurrence of any of the foregoing events shall hereinafter be referred to as a "Compromise"). Seller shall not copy or reproduce any Buyer Proprietary Information without the prior written consent of Buyer. The Seller shall, upon Buyer's request or upon completion of this Order, whichever occurs first, promptly return all drawings and specifications and other Buyer furnished Proprietary Information to Buyer. Unless the parties otherwise agree in writing, Buyer shall be entitled to use any Seller information provided under this Order without limitation or restriction, regardless of any Seller markings or designations to the contrary.

If Seller becomes aware of any compromise of information provided by Buyer to Seller, its officers, employees, agents, suppliers, or subcontractors (an "Incident"), Seller will take appropriate immediate action to investigate and contain the Incident and any associated risks, including prompt notification to Buyer as soon as possible after learning of the Incident. Seller will additionally provide its reasonable cooperation to Buyer in any investigation it may conduct regarding the nature and scope of any Incident. Any costs that may be incurred for remedial actions caused by an Incident shall be borne by Seller.

Seller agrees that, in the event of a breach or threatened breach of its obligations under this clause, Buyer may be irreparably harmed such that monetary damages alone will not adequately compensate for its injuries. In the event of any such breach or threatened breach, Buyer shall be entitled, in addition to any rights or remedies it may have at law or in equity, to temporary and permanent injunctive relief, without posting bond or other security, issued by any court of competent jurisdiction enjoining and restraining Seller from continuing such breach and the payment by Seller of all costs associated with any related litigation, including attorneys' fees.

In the event that any obligations related to proprietary information set forth on the face of this Order or within a duly signed non-disclosure agreement between Buyer and Seller are inconsistent with the provisions set forth herein, the obligations set forth on the face of this Order or within such non-disclosure agreement shall govern the parties' obligations.

31. UNDEFINITIZED ORDERS

If this is an undefinitized Order, by acceptance of this Order per Clause 3, Acceptance of the Order, Seller agrees:

(a) to submit (if not already submitted): (i) a fixed price, or cost-and-

Federal Law, Executive Orders and Government Procurement Regulations applicable to a definitized Order of the type anticipated by this undefinitized Order shall apply.

(c) to proceed immediately to procure materials and take such other actions as are proper and called for to ensure that the supplies may be delivered or services performed on time. Seller is not authorized to incur obligations which would result in a termination liability to Buyer in excess of the funded amount set forth in this Order authorized through to the anticipated definitization date established in this Order or through such extension of time as may be granted by Buyer in a written amendment to this Order.

(d) in the event this Order is not definitized by the anticipated definitization date established in this Order, this undefinitized Order shall continue in full force and effect until the Buyer, at Buyer's election, has either extended or terminated this order via a Change Order. If the order is terminated, Seller will be paid an amount determinable in accordance with Clause 16, Termination for Convenience hereof.

Seller warrants that the prices charged under this Order do not exceed those charged by Seller to any other customer, including preferred customers and the U.S. Government, for purchase of the same or substantially similar Products or services in like or similar quantities.

Seller shall promptly inform Buyer of any injury or damage that occurs.

(b) Seller shall provide timely notice to Buyer prior to the introduction to the premises of any hazardous material, as defined in any Federal, state, or local law or ordinance or in any lawful order, rule or regulation there under applicable to the premises. Seller shall equip its employees, agents and subcontractors for the use of such hazardous material, and for the use of such other hazardous materials, as identified by Buyer to Seller, used by Buyer on the premises.

(c) Buyer may, at its sole discretion, remove or require Seller to remove any specified personnel of Seller from Buyer's or Buyer's Customer's premises and request that such personnel not be reassigned to any Buyer premises under this Order. Special Test Equipment means either single or multipurpose integrated test units engineered, designed, fabricated, or modified to accomplish special purpose testing (hereinafter collectively referred to as "Special Test Equipment") in performing this Order.

(b) If the price stated on the face of this Order does not include the cost of the Special Tooling and/or Special Test Equipment, Buyer may, at any time, reimburse Seller for the actual cost of any of the Special Tooling and/or Special Test Equipment and become the owner of same. Upon receipt of Buyer's payment for the Special Tooling and/or Special Test Equipment, Seller agrees to immediately deliver possession of the Special Tooling and/or Special Test Equipment to Buyer. Seller shall provide Buyer with a certificate of insurance. Such certificate shall contain the policy number, effective date, expiration date and a statement noting Buyer as an additional insured. Seller's applicable insurance policies shall be primary to all policies of Buyer. Buyer's liability for any claims in any way related to Furnished Property is expressly limited to the replacement of defective property returned to Buyer by Seller within thirty (30) days of Seller's receipt of such defective property. Upon completion or termination of this Order, Seller shall notify Buyer in writing of any Furnished Property that remains in Seller's possession. Buyer shall then instruct Seller as to the return or disposition of such Furnished Property. If Buyer requests that any of the Furnished Property be returned, Seller shall deliver such property to Buyer in good condition, subject to ordinary wear and tear and normal manufacturing losses.

39. DISPOSAL OF PRODUCTS

Unless Buyer requests individual Certificates for each shipment, Seller may provide annual blanket Certificates to cover multiple shipments during the calendar year.

In addition, for all work performed on Buyer's premises: 1) Seller shall provide immediate notice, orally and in writing, to Buyer's Environmental Health and Safety Department of all environmental-related accidents, incidents, and/or damage or liability claims by third parties, of which Seller becomes aware during the performance of work by Seller under this Order; 2) a Seller's representative shall be able to read, speak and understand the English language well enough to safely follow and understand signage and instructions and instruct those personnel who may not understand the signage and instructions.

44. RECORDS RETENTION

For non U.S. Government funded Orders, Seller shall retain all applicable records related to the work hereunder, including its subcontractor records, for seven (7) years after final payment by Buyer. For U.S. Government funded Orders, Seller should refer to Subpart 4.7, Contractor Records Retention, of the Federal Acquisition Regulations for guidance on records retention.

45. SET-OFF

46. INDEMNIFICATION AND INSURANCE

All rights hereunder shall exist by agreement of the parties notwithstanding any limitations regarding indemnity and/or contribution which exist herein or under the laws of any state. Seller agrees to indemnify, hold harmless, and at Buyer's election, defend Buyer and its customer(s) and their respective officers, directors,

Prior to commencing work hereunder, Seller shall provide Buyer with a certificate of insurance evidencing the insurance coverage as set forth above. Such certificate shall contain the policy number, effective date, expiration date and a statement noting Buyer as an additional insured.

47. RELATIONSHIP OF THE PARTIES

This Order shall not constitute, create, or give effect to or otherwise imply a joint venture or partnership of any kind. Each party to this Order is an independent contractor. Neither party shall be deemed to be an employee, agent, partner or legal representative of the other for any purpose, and neither shall have any right, power or authority to create any obligation on behalf of or bind the other in any way.

48. CUSTOMER COMMUNICATION

Buyer shall be solely responsible for all liaison and coordination with the Customer, any higher tier contractor(s), or the U.S. Government, as it affects any applicable prime contract, for this Order, and any related order. Except as required by law, Seller shall not communicate with the Customer, any higher tier contractor(s), or the U.S. Government, with respect to the applicable prime contract, this Order, and/or any related order without prior written approval from Buyer's Procurement Representative. Seller shall promptly notify Buyer's Procurement Representative of any communications initiated by the Customer, any higher tier contractor(s), or the U.S. Government, that affects the applicable prime contract, this Order, and/or any related order.

49. ADVERTISING, ANNOUNCEMENTS AND NEWS RELEASES

Except as required by law, Seller shall not, and shall require that its Suppliers at any tier shall not, without first obtaining the written consent of Buyer, in any manner advertise or publish or issue any news release or make any public announcements or denial or confirmation of same concerning the fact that Seller has furnished or contracted to furnish Buyer the Products herein mentioned. by it hereunder and shall be responsible to Buyer for any breach of such obligation by any subcontractor.

50. APPLICABLE LAW, VENUE AND DISPUTES

(a) This Order and any subsequent changes thereto, and all matters arising from or related to it, shall be construed and enforced in accordance with the laws of the State where Buyer has its principal place of business, excluding its choice of law rules, and irrespective of the place of performance of this Order. Any litigation under this Order shall be brought in a court of competent jurisdiction in the State where Buyer has its principal place of business and the parties hereby submit to the exclusive jurisdiction and venue of such court(s), and waive any defense or objection to the exercise of personal jurisdiction and/or

(a) venue by any such court(s). If this Order is issued under a Government prime contract, any provision in this Order that is: (i) incorporated in full text or by reference from the Federal Acquisition Regulations (FAR); and/or (ii) incorporated in full text or by reference from any agency regulation that implements or supplements the FAR; and/or (iii) that is substantially based on any such agency regulation or FAR provision, shall be construed and interpreted according to the U.S. federal common law of government contracts as enunciated and applied by U.S. federal judicial bodies, boards of contract appeals, and quasi-judicial agencies of the U.S. Government. If a decision on a question of fact is issued by the Contracting Officer under the Prime Contract "Disputes" clause and the decision relates to this Order, said decision, if binding upon Buyer under the prime contract, shall also be binding upon Buyer and Seller with respect to this Order.

(b) In the event of a dispute arising out of or related to this Order and not otherwise addressed herein, Buyer and Seller agree to timely notify each other in writing of its position and shall negotiate in good faith to resolve any such dispute. If the parties can't agree on a dispute resolution process or otherwise resolve the dispute within a period of thirty (30) days from the date of first notice, the said dispute may be filed in the proper court for disposition pursuant to subsection (a) of this clause. **EACH PARTY HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT TO ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF UNDER OR IN CONNECTION WITH THIS ORDER.**

(c) Pending final resolution of any dispute or appeal hereunder, the Seller shall proceed diligently with the performance of the Order as directed by the Buyer. If the dispute arises out of a difference in interpretation between the parties as to the performance requirements of the Order, then Seller shall continue performance as determined by the Buyer.

(d) Except as may be expressly set forth in these terms and conditions and with the Government Contracting Officer's express consent, the subcontractor shall not acquire any direct claim or direct course of action against the US Government.

51. FORCE MAJEURE

Neither party shall be liable for delays in delivery caused by circumstances beyond its reasonable control and without its fault or negligence, including strikes, lockouts, riots, epidemics, war, fire, flood, explosion, acts of God, or acts of terrorism. In no event shall shipping delays, Product shortages, or lack of finances or cash flow shortages be considered as a cause beyond the control of a party. The party affected by the Force Majeure shall give prompt written notice thereof and, upon cessation of the Force Majeure, take all reasonable steps to resume compliance with its obligations. If Seller's failure is caused by the failure of a subcontractor of Seller and if such failure arises out of causes beyond the reasonable control of both, and if such failure is without the fault or negligence of either, Seller shall not be liable for excess re-procurement costs unless the Products or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit Seller to meet the required delivery schedules. Notwithstanding the above, if such delays extend Seller's delivery or performance date by more than thirty (30) days, Buyer may

terminate such part of this Order remaining to be performed. In the event of such termination, the rights and obligations of the parties shall be determined in accordance with the provisions of [Clause 16, Termination for Convenience](#) herein.

52. ASSIGNMENT

Seller shall not assign any of its rights or interest in this Order or all or substantially all of its performance of this Order, without Buyer's prior written consent. Seller shall not delegate any of its duties or obligations under this Order. No assignment, delegation or subcontracting by Seller, with or without Buyer's written consent, shall relieve Seller of any of its obligations under this Order or prejudice any of Buyer's rights against Seller. An assignment without Buyer's written consent is ineffective and void. Seller may, however, assign rights to be paid amounts due, or to become due, to a financing institution if Buyer is promptly furnished a signed copy of such assignment reasonably in advance of the due date for payment of any such amounts. Amounts assigned shall be subject to set-off or recoupment for any present or future claims of Buyer against Seller. Notwithstanding anything herein to the contrary, Buyer may assign this Order to an affiliate of or successor in interest to Buyer, at any time, after providing Seller with written notice of such assignment.

53. SURVIVAL

This term and the following terms shall survive the completion or termination of this Order:

- Clause 9, Export Control;

 - Clause 20, Warranty;
 - Clause 28, Intellectual Property;
 - Clause 30, Protection of Proprietary Information;

 - Clause 50, Applicable Law, Venue and Disputes; and,
- any Supplemental Terms and Conditions, listed below, that by their nature should survive.

54. WAIVER

Failure by Buyer to enforce any provision(s) of this Order shall not be construed as a waiver of the requirement(s) of such provision(s), or as a waiver of the right of Buyer thereafter to enforce each and every such provision(s).

55. SEVERABILITY

Each paragraph and provision of this Order is severable, and if one or more paragraphs or provisions are declared invalid, the remaining provisions of this Order will remain in full force and effect.

56. ORDER OF PRECEDENCE

In the event of any inconsistency between any parts of this Order, the inconsistency shall be resolved by giving precedence in the following order:

- Provisions typed on the face of the Order;

information in direct contracts between the supplier and the Government..

57. RULES OF CONSTRUCTION

Each party has participated fully in the review and negotiation of this Order. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in interpreting this Agreement. The language in this Agreement shall be interpreted as to its fair meaning and not strictly for or against any party.

58. CONTINGENCIES

Neither party hereto will be liable to the other for default or delay in the performance of any of its obligations hereunder (except any obligation to make payments when due) due to act of God, accident, fire, flood, storm, riot, war, act of terrorism, sabotage, explosion, strike, concerted acts of workers, national defense requirements, governmental law, ordinance, rule or regulation, whether valid or invalid, extraordinary failure of equipment or apparatus, inability to obtain electricity or other type of energy, feedstock, raw or finished material from normal sources of supply, labor, equipment or transportation, or any similar or different contingency beyond its reasonable control which would prevent or delay performance or make performance commercially impracticable whether or not the contingency is of the same class as those enumerated above, it being expressly agreed that such enumeration is non-exclusive; provided, however, that neither business downturn nor economic conditions will qualify as a contingency within the meaning of this Clause 58. In the event any such contingency affects only a part of Seller's capability to produce and/or deliver Product, Seller will allocate production and/or deliveries among the requirements of all its affected customers and Seller's own requirements in a fair and reasonable manner. Buyer will pay or reimburse Seller for any additional costs incurred relating to the delivery of any Product to Buyer during a contingency. During any period that delivery of Product is interrupted or reduced due to a contingency hereunder, Seller may extend the Basic Term for a period equal to the duration of the contingency.
