Why Hummingbird Sanctuaries Exist

The Challenge

Every day, individuals and families face overwhelming hardship caused by crisis, instability, isolation, and circumstances beyond their control.

The Gap

While emergency assistance can provide temporary relief, lasting recovery requires something more — safety, support, guidance, and a pathway forward.

Our Response

Hummingbird Sanctuaries was created to help people regain stability, rebuild confidence, and move from crisis toward long-term wellbeing through compassionate support and practical solutions.

Our Mission

To restore hope, strengthen resilience, and create pathways to lasting wellbeing for individuals and families facing hardship.

We achieve this through practical support, personal empowerment, and safe environments where people can rebuild their lives with dignity and confidence.

Vision & Values

We envision a future where individuals and families facing hardship have access to the support, stability, and opportunities needed to rebuild their lives and thrive.

Compassion

We meet people with dignity, empathy, and respect.

Empowerment

We help individuals build confidence, resilience, and independence.

Community

We believe lasting change happens through connection and support.

Sustainability

We focus on solutions that create long-term impact.

Our Impact

Through our comprehensive programs, we touch lives and build brighter futures. From education and personal growth to emergency relief and community support, we create meaningful change where it's needed most. Every life we empower today creates a stronger, more hopeful community tomorrow.

Education & Personal Growth

Providing tools, skills, and opportunities that empower individuals to learn, grow, and build a better future.

Imagine Center

Imagine Center by She Phoenix Foundation LTD. (The non-profit corporation first founded in 2016 in New York, USA). For the benefit of adults and their children who find themselves in hopeless situations due to domestic abuse, abandonment, divorce and other unfortunate situations beyond their control.

Imagine a place where those in need can move from feelings of helplessness to a sense of hope. A place that will help them forget about the mental trauma that comes from the strains of not knowing what to do and struggling to survive each day.

Imagine a civilized place that spares women from harsh life lessons by providing essential resources and guidance.
