ABOUT THE SUMMIT

The 7th edition of the European AV Summit – now the Autonomous Cities Summit. Join pioneers, policymakers and innovators for a day of high-impact keynotes, closed-door roundtables and unrivalled networking.

Attendance is capped at 250 so every interaction counts. Sold out in 2026. The 2027 edition runs at Royal Institution, London, a venue scaled to match the industry's ambitions.

WHO ATTENDS

- **City & transport authorities**
Mobility managers, public transport operators, urban planners and government departments.
- **Robotaxi & ride-hailing operators**
Companies deploying or evaluating autonomous passenger services across European corridors.
- **Technology & platform providers**
AV platforms, software companies, AI providers and mobility innovators.
- **Investors & advisory**
Corporate venture teams, funds, consultants and advisors backing the urban autonomy transition.

WHAT YOU'LL LEAVE WITH

- 1 Cutting-edge insight on urban AV deployment and regulatory progress across Europe.
- 2 Direct access to buyers, policymakers and decision-makers shaping city mobility.
- 3 A curated delegate network with full list and LinkedIn profiles shared pre-event.
- 4 A post-event report delivered within 7 days of the summit.
