THREE SUMMITS · ONE SERIES · 2027

Autonomy Summits

LONDON · MUNICH · PRAGUE

THE SERIES

A proven European summit, now a three-city series.

Autonomy's London summit has run for years as Europe's established AV event — sold out, senior audience, documented deal flow. In 2027 it expands into a three-city series: London for autonomous cities, Munich for freight and logistics, Prague for the industry building the vehicles. One brand, one website, three rooms that don't overlap.

THE LONDON PROOF

200
delegates, sold out

27
countries represented

60+
speakers across the day

48
named participating organisations

PAST PARTICIPANTS

The room a series partner is buying into.

A selection of organisations from past editions of the European AV Summit, London.

DHL	Daimler Truck	Waymo	MAN
Mobileye	Bolt	Lyft	Baidu
Transport for London	SoftBank	BofA Securities	Hogan Lovells
Oxa	EasyMile	Aurrigo	Starship
ACEA	CCAV	DSTL	Apollo
Karsan	Ruter	Holo	Free2Move

WHY 2027

Europe's regulatory window opens. Deployment begins.

2025 FOUNDATION

Framework drafted

EU Automotive Action Plan published

Series approvals begin for automated parking systems

Member State alignment on testing procedures

2026 INFLECTION

Approvals expand. Testing opens.

Hub-to-hub autonomous freight approvals

Harmonised public-road testing across Member States

Three+ cross-border AV testbeds launch

2027 DEPLOYMENT

Procurement begins.

Robotaxis enter city service — London, 18 March

Hub-to-hub freight corridors go commercial — Munich, 13 May

The automotive industry sets its next chapter — Prague, autumn

Source: European Commission Automotive Action Plan, COM(2025) 95 final.

THE THREE SUMMITS

Three rooms that don't overlap.

LONDON

FLAGSHIP

Autonomous Cities Summit

Moves people.

Robotaxis, autonomous buses and shuttles, urban PTAs and PTOs.

DATE 18 March 2027
VENUE Royal Institution, London
ROOM 200, sold out

MUNICH

NEW — 2027

Autonomous Transport & Logistics Summit

Moves goods.

Autonomous trucking, warehouse and yard robotics, port and airport ground operations.

DATE 13 May 2027
VENUE Munich Urban Colab
ROOM 200 (target)

PRAGUE

NEW — 2027

The Autonomous Future Summit

Builds the vehicles.

The Central European automotive industry — new vehicles, segments, capital and partnerships.

DATE 07 October 2027
VENUE EY Prague
ROOM 100, curated

LONDON · 18 MARCH 2027

Autonomous Cities Summit

The summit for autonomous mobility in the city — robotaxis, buses, shuttles, and the public transport authorities and operators putting them on the road.

Buyers

- Public transport authorities (PTAs)
- Public transport operators (PTOs)
- City and transport authorities
- Urban mobility operators
- Public-sector mobility leads

Sellers

- Robotaxi and autonomous ride-hail operators
- Autonomous shuttle and bus providers
- AV operating systems and platforms
- Tier-1 suppliers
- Consultancies and regulators

DATE 18 March 2027
VENUE Royal Institution, London
WITH Autonomy (flagship)

MUNICH · 13 MAY 2027

Autonomous Transport & Logistics Summit

The European summit for autonomous freight and logistics — moving goods on the ground. Trucks, warehouse and yard robotics, port and airport operations.

Buyers

- Logistics and freight operators
- Fleet managers
- Port and airport operators
- Public transport authorities
- Tier-1 logistics platforms

Sellers

- Autonomous trucking companies
- Logistics robotics and AGV providers
- Last-mile delivery automation
- AV operating systems and platforms
- Tier-1 suppliers

DATE 13 May 2027
VENUE Munich Urban Colab
WITH Autonomy × UnternehmerTUM (TUM)

PRAGUE · 7 OCTOBER 2027

The Autonomous Future Summit

The summit where the Central European automotive industry turns the autonomous shift into its next chapter — new vehicles, new segments, new customers.

Buyers

- Regional OEM leadership
- Tier-1 suppliers
- Strategy and transformation leads
- Ministries and regulators
- Capital reaching an industry in transition

Sellers

- AV and software platforms
- Advisory and consultancy
- AI and technology providers
- Investors and corporate venture
- Software and systems integrators

DATE 7 October 2027
VENUE EY Prague
WITH Autonomy × EY and AutoSAP

PROGRAMME

What's on each agenda.

Five themes per summit. Final agendas confirmed Q4 2026 with each summit's curation team.

LONDON

01 The autonomous city — what it looks like in practice

02 Robotaxis: from pilot to commercial service

03 Autonomous buses, shuttles and public transport

04 PTAs and PTOs — the buyers

05 Urban policy and the autonomous-city question

MUNICH

01 From pilot to procurement

02 Hub-to-hub autonomous freight

03 Warehouse, yard and last-mile robotics

04 Port and airport ground operations

05 The regulatory race

PRAGUE

01 Manufacturing the vehicles of the autonomous era

02 New segments for the CEE supply base

03 Capital, investment and M&A

04 Partnerships: incumbent industry × AV tech

05 The autonomous supply chain and regulation

PLACE YOURSELF IN THE ROOM

Three quick questions.

Do you move people in cities?	→ **LONDON** — Autonomous Cities Summit
Do you move goods on the ground?	→ **MUNICH** — Autonomous Transport & Logistics Summit
Are you the automotive industry — building vehicles, or investing in those who do?	→ **PRAGUE** — The Autonomous Future Summit

A large player may belong in more than one room. An OEM is a Prague buyer and a London or Munich seller. A logistics tech firm sells in Munich and buys talent and capital in Prague. The series is built so a relationship in one room opens onto the others.

PARTNER PACKAGES

Three tiers. The same structure across all three summits.

Single-summit pricing. Combined pricing on the next slide.

DELEGATION

€5,500

per summit

- 1 panel speaking slot
- 2 seats at the VIP dinner
- 2 day-of summit tickets
- Branding as panellist partner

CONTENT

€8,000

per summit

- 1 panel speaking slot
- 4 seats at the VIP dinner
- 4 day-of summit tickets
- Branding as content partner
- Logo on summit screens
- Recorded panel video for own use

HEADLINE

€15,000

per summit

- 2 panel slots — topics of your choice
- Official partner status
- 4 seats at the VIP dinner
- 6 day-of summit tickets
- Branding on all marketing material
- Logo or video on summit screens
- Recorded panel videos for own use

COMBINED PRICING

Sponsor two summits, save up to 15%.
All three, save up to 25%.

TIER	1 SUMMIT	2 SUMMITS	ALL 3 SUMMITS
Headline	€15,000	€25,500 *save €4,5 00*	€33,750 *save €11,250*

BUILT BY

Producers and co-hosts.

AUTONOMY
Producer · all three

The network of decision-makers shaping the future of transport. Producers of Europe's established, sold-out AV summit in London. Proven summit production model: digital marketing, audience development, speaker onboarding, sponsorship sales.

UnternehmerTUM
Munich · co-producer

Germany's largest innovation ecosystem at the Technical University of Munich. 400+ team, partnerships with BMW, SAP, E.ON, Siemens. Mobility team focused on city logistics, mobility and autonomous systems.

EY
Prague · host partner

Big Four advisory anchoring the C-suite room in Prague. Sole Big Four partner across the Prague summit; competing professional services firms will not be offered sponsorship.

AutoSAP
Prague · network partner (pending)

Automotive Industry Association of the Czech Republic. Brings the regional OEMs and Tier-1 supplier base. Official endorsement subject to AutoSAP board approval.

WHAT A SERIES PARTNERSHIP DELIVERS

Three rooms. One conversation.

THE COMMITMENT WINDOW

Multi-summit pricing held until 30 September 2026.

Headline tier is capped at 4 partners per summit.

A series Headline gets first pick of panel topic across all three rooms — allocated in the order partnerships are signed.
