INCOME

To pass income checks, we require an annual household income of 30x your monthly rent. Alternatively, we do offer the option to use a UK-based guarantor. You may be required to use a UK-based guarantor if:

- Your household does not meet the minimum income criteria
- You are a student
- You have moved here recently from abroad, with no income in GBP (£)

If you do not have a UK-based guarantor, we work with FlatFair, who will, for a small cost, act as your guarantor.

MOVE IN MONIES

Once you're sure you want to move in with us, you'll have the chance to make an offer on one of our apartments. If your offer is accepted our reservation fee is £350 — this is to take the property off the market and reserve it for you. This is then deducted off your first months' rent.

Before moving into your new home, you'll also need to pay a security deposit (1 month's rent) as well as your first period's rent. You will receive an email from us outlining how much is due to pay and how to make payment. This payment can only be made via a bank transfer.

After the initial move in payment, your rent will be paid on the 1st day of each month.

LIVING WITH PETS

At Union Wharf, we welcome pets with open arms! There are no additional charges for pets, although we do have a limit of two pets per apartment.

UTILITIES AND BILLS

As a resident in one of our apartments, apart from your rent, you'll pay for all of the following in one straightforward payment each month:

- Electricity
- Hot and cold water
- Heating
- Wi-Fi

So, in other words, that's the vast majority of the essentials taken care of. The only things you'll have to cover independently are your TV licence and Council Tax.

Since we manage the entire building, we have a lot of negotiating power with utility companies. This allows us to get the very best rate for our residents every year, without you having to worry about switching suppliers or comparing plans. We'll estimate your usage based on your apartment type and charge you the same amount each month.

Apartment Type	1 Bed	2 Bed	3 Bed
Electricity	£70	£85	£100
Hot water/Heating	£35	£50	£55
Cooling*	£15	£15	£20
Water	£15	£20	£27.30

Once you move in, we will provide you with access to an online portal where you can view your bills and monitor your energy usage in real-time.

Every 3 months, we will reconcile your expected usage against your actual usage and either credit or debit your account with the difference, meaning you will only ever pay for what you use.
