# Your Trusted Partner.

## Introducing Sherpas' Summit Track

A program that provides education and audit support specifically for Provider Groups, Medicare Advantage organizations, and risk adjustment teams.

Leveraging subject-matter expertise in coding, auditing, and CMS compliance, the program offers proactive, year-round education with tools designed to improve documentation accuracy and audit outcomes.

## Webinars with CEUs

Quarterly webinars will offer up-to-date information on coding and documentation, industry trends, and compliance concerns. These free webinars will be offered several times per quarter and will include a CEU for attendance.
