

Since 1971

L300G

Manual Slicer

L300C

Automatic Slicer

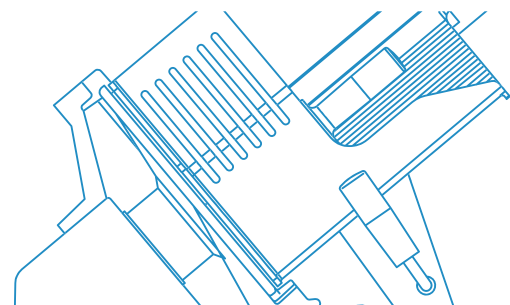

Overview

- Full cutting capacity of a 13" blade, engineered into a more compact 12"
- SafeTilt™ – carriage won't tilt for cleaning until the gauge plate is closed, keeping operators protected every time
- Industry-leading IP69 switches and IP65 motor protection – built to last
- Slices up to 15mm (~0.6") thick, from deli-thin to hearty cuts
- Built-in sharpener keeps you ready – no extra tools, no downtime

Cutting Capacity

- Rectangle cuts up to 8⅔" × 7" – ideal for full-width deli loaves and roasts
- Perfect square slices at 7" × 7" for uniform portioning every time
- Round cuts up to 7⅞" in diameter – handles large sausages and rounds with ease
