T-SHAPE2

Full-Body Sculpting Equipment

Combines radiofrequency, vacuum suction, laser energy, mesoporation and vibration therapy in a single system. Together, these technologies reduce fat and cellulite, firm and lift the skin and improve circulation for natural, long-lasting results.

- ✓ Improves circulation and lymphatic drainage
- ✓ Firms and lifts skin on face and body
- ✓ Reduces cellulite and stubborn fat
- ✓ Promotes detoxification and tissue oxygenation
- ✓ Supports post-liposuction recovery

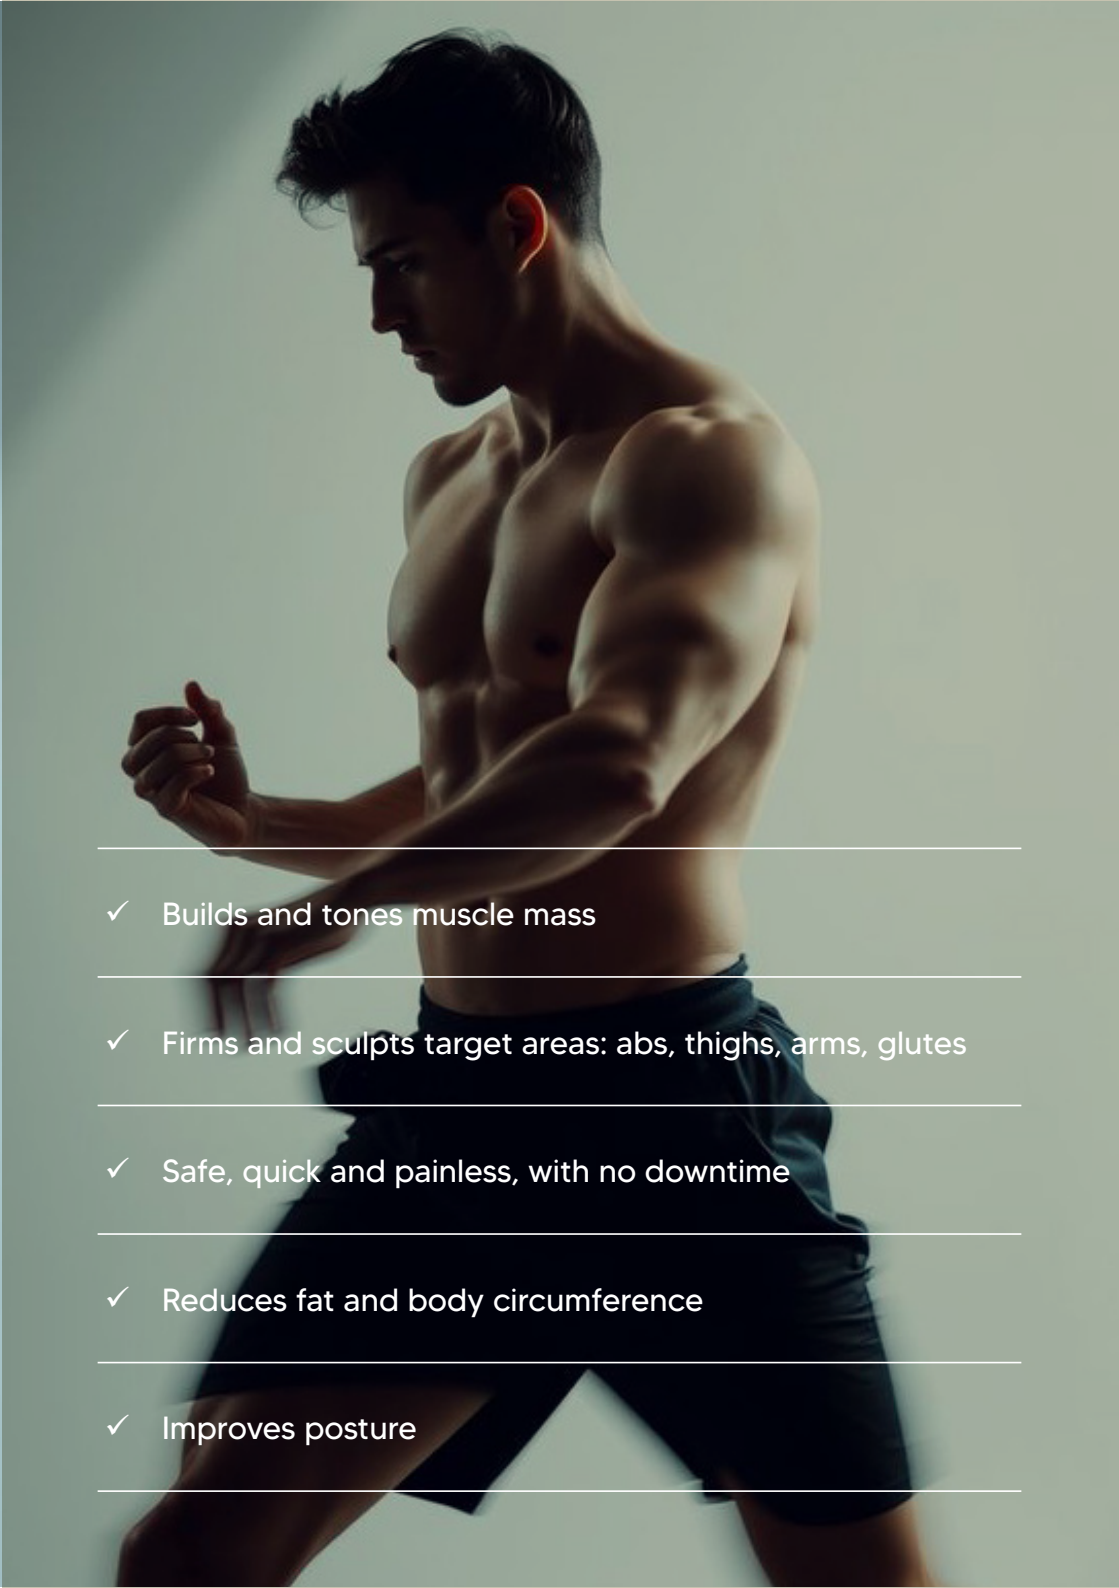

Baldan, Italy

B-Force

Muscle Toning & Sculpting Equipment

An advanced body-shaping system that works on muscle and fat simultaneously. Safe electrostimulation creates deep muscle contractions that tone, strengthen and sculpt while reducing stubborn fat, in just 30-20 effortless minutes.

- 
- A full-body photograph of a muscular man in a dynamic, athletic pose. He is shirtless, wearing dark shorts, and his muscles are well-defined. The background is a soft, out-of-focus light color.
- ✓ Builds and tones muscle mass
 - ✓ Firms and sculpts target areas: abs, thighs, arms, glutes
 - ✓ Safe, quick and painless, with no downtime
 - ✓ Reduces fat and body circumference
 - ✓ Improves posture

Baldan, Italy

Slimpress

Pressure, Heat & Toning

A new-generation pressotherapy suit that combines compression massage with infrared heat and electrostimulation to relieve water retention, fight cellulite and restore lightness to the body.

- ✓ Smooths cellulite and reshapes contours
- ✓ Boosts circulation and lymphatic drainage
- ✓ Reduces water retention and swelling
- ✓ Tones and firms skin and muscles
- ✓ Promotes toxin elimination

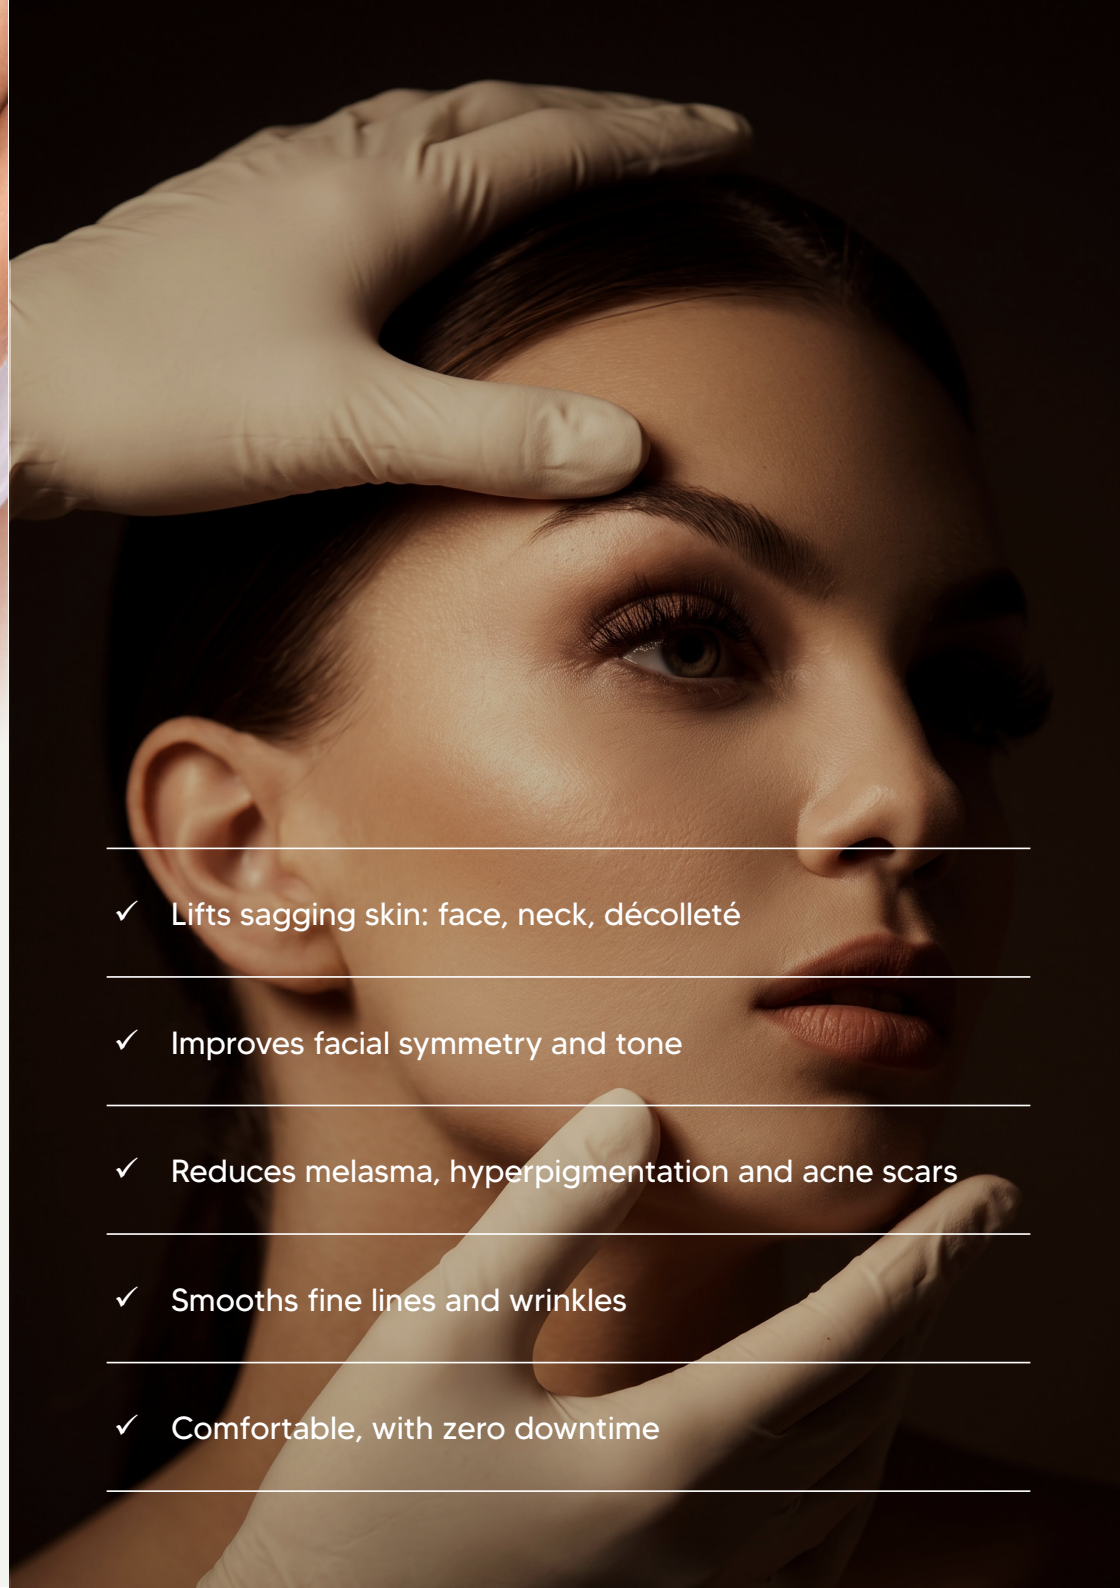

Baldan, Italy

Artemis

Dynamic Quadripolar Diathermy

Advanced technology that gently warms the skin at a medium depth, stimulating collagen renewal and restoring tone. A safe, non-invasive way to tighten and contour the face and body.

- ✓ Lifts sagging skin: face, neck, décolleté
- ✓ Improves facial symmetry and tone
- ✓ Reduces melasma, hyperpigmentation and acne scars
- ✓ Smooths fine lines and wrinkles
- ✓ Comfortable, with zero downtime

Baldan, Italy

Afrodite

Intimate Feminine Wellness

A safe, gentle, non-ablative radiofrequency treatment for common vulvo-vaginal concerns. Often called a “lunch-break” procedure – quick, comfortable, discreet and with zero downtime.

- ✓ Improves elasticity and tightness
- ✓ Soothes irritation and recurrent infections
- ✓ Eases symptoms of menopause-related vaginal atrophy
- ✓ Helps with urinary stress incontinence
- ✓ Suitable for women of any age, with no special preparation

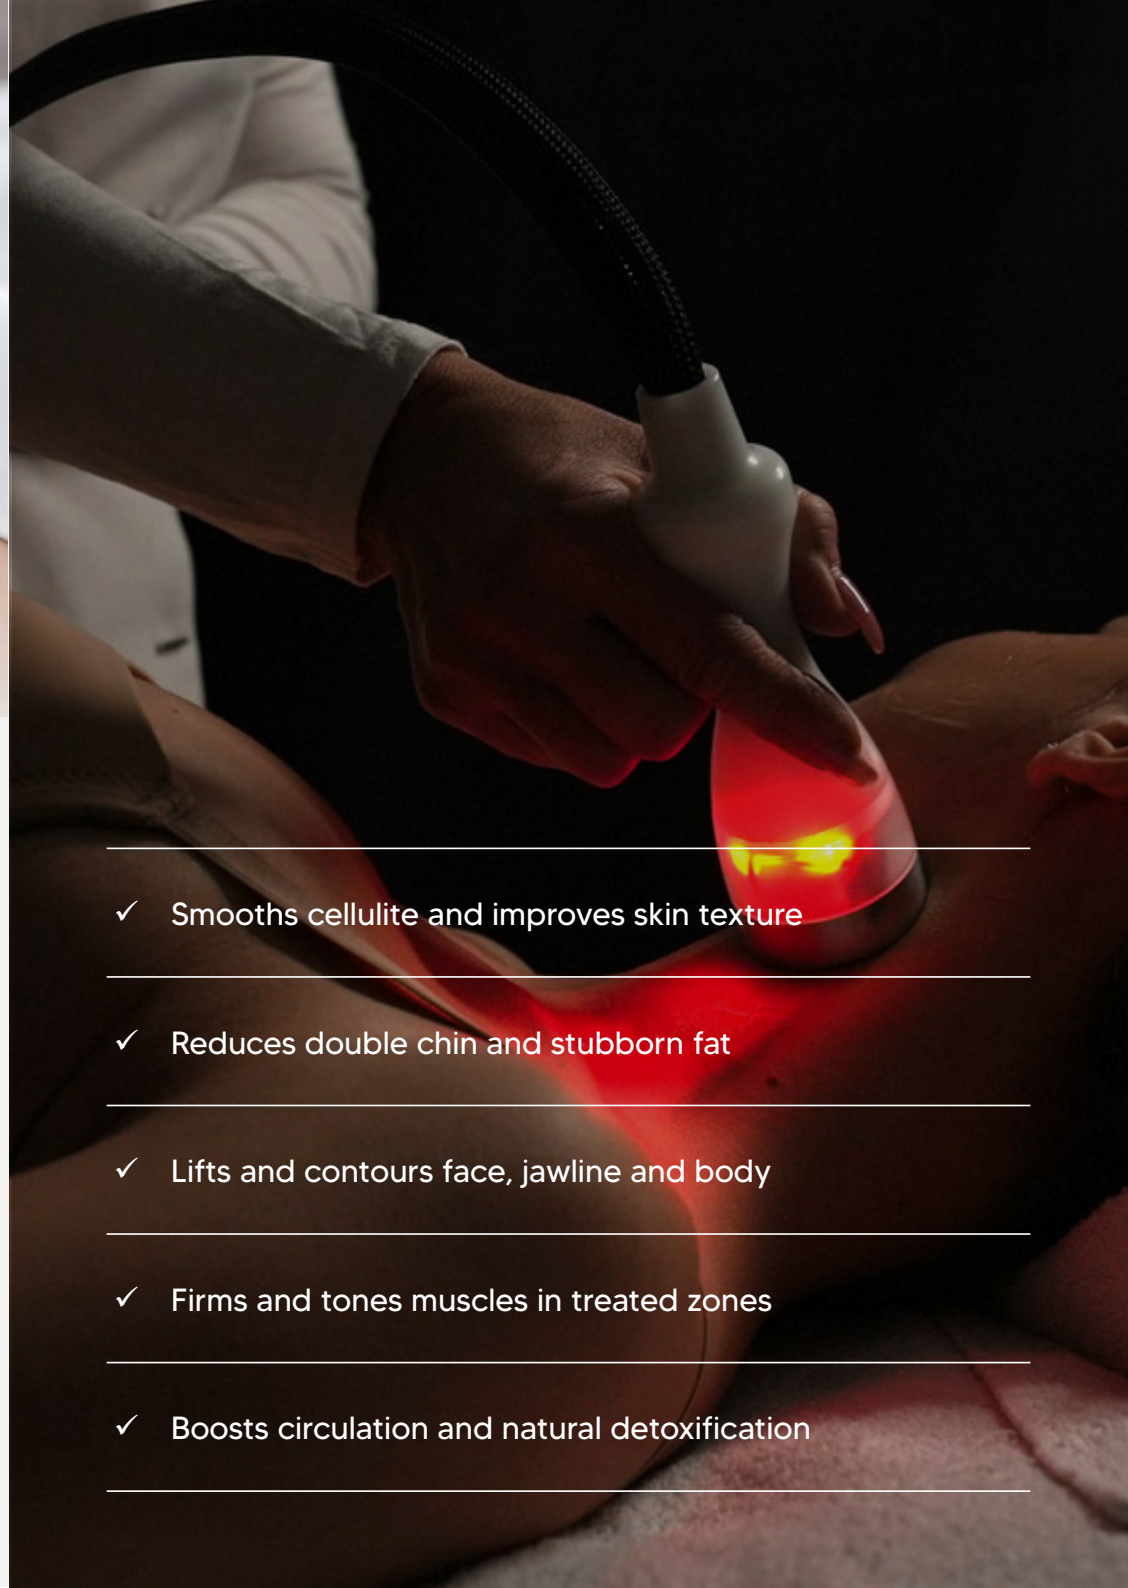

Baldan, Italy

T-CL+

Thermal Shock Contouring

Delivers a dual hot and cold thermal shock deep into the fat layer, triggering fat cell breakdown, while dynamic muscle activation tones the muscles underneath – all in one safe session.

- ✓ Smooths cellulite and improves skin texture
- ✓ Reduces double chin and stubborn fat
- ✓ Lifts and contours face, jawline and body
- ✓ Firms and tones muscles in treated zones
- ✓ Boosts circulation and natural detoxification

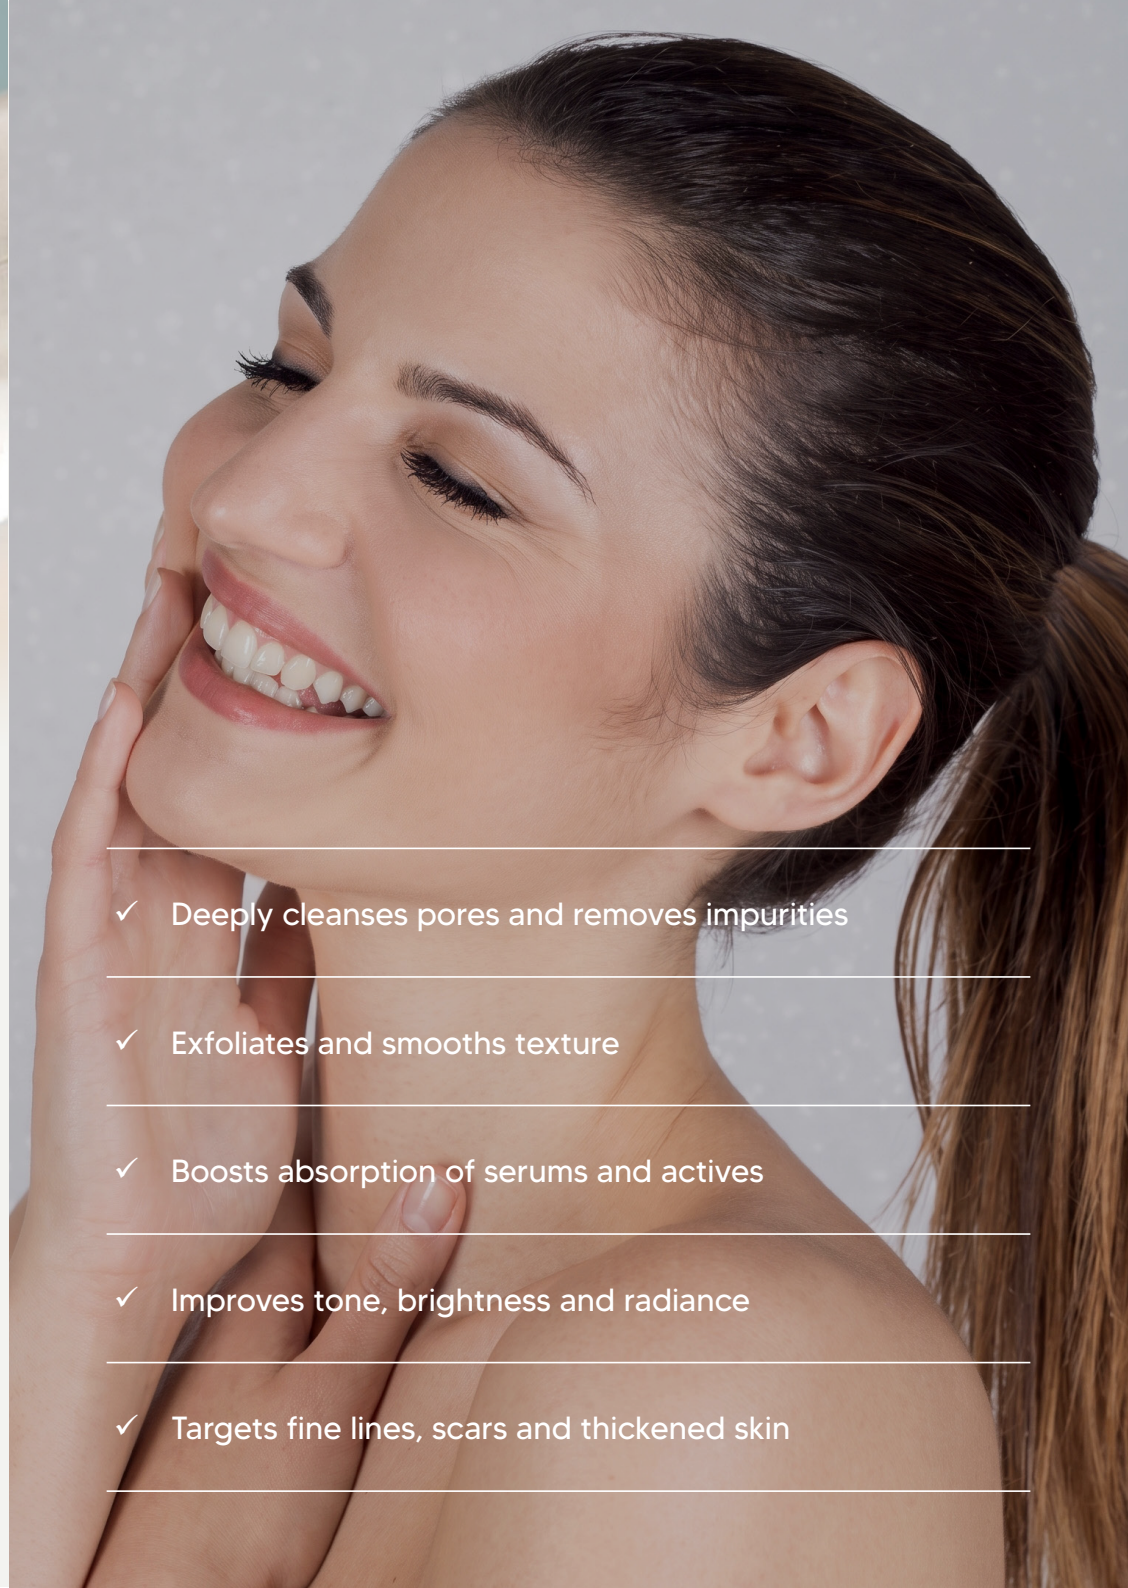

Baldan, Italy

Hydralift FX

Cleansing, Moisturising & Rejuvenation

An advanced 3-in-1 facial system combining water-based peeling, diamond microdermabrasion and transdermal delivery of active serums for a deeper cleanse and a fresher, brighter look.

- ✓ Deeply cleanses pores and removes impurities
- ✓ Exfoliates and smooths texture
- ✓ Boosts absorption of serums and actives
- ✓ Improves tone, brightness and radiance
- ✓ Targets fine lines, scars and thickened skin

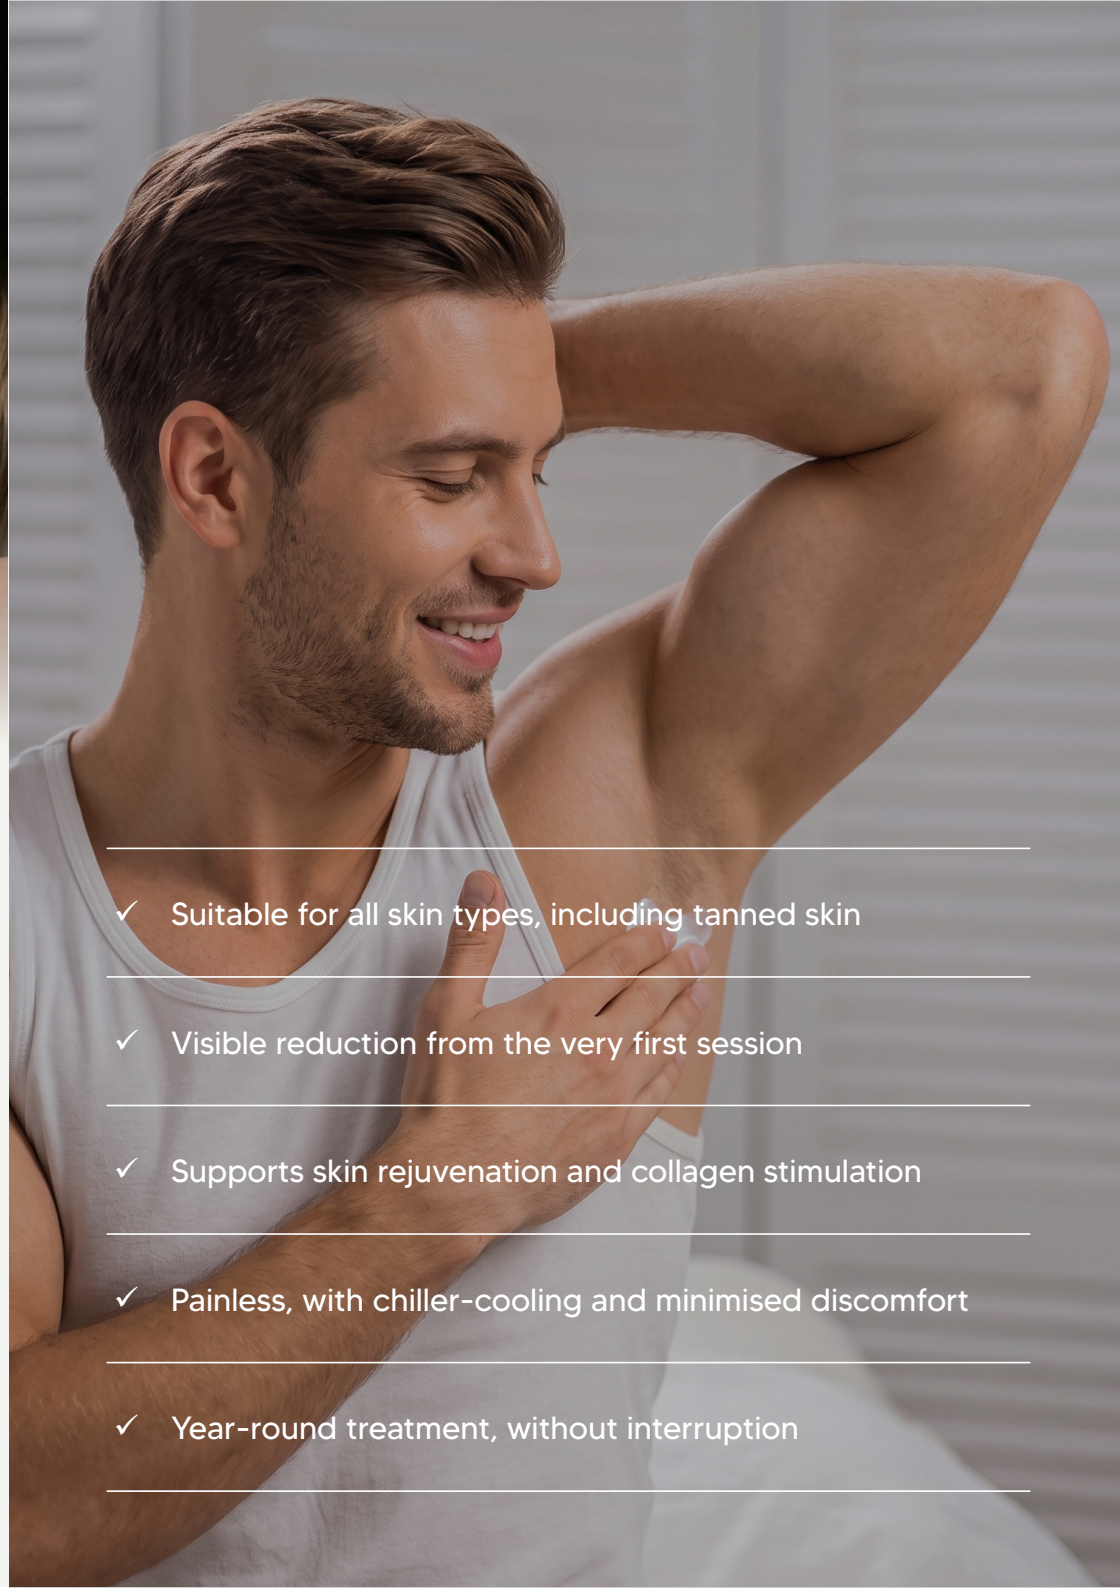

Baldan, Italy

Trilaser

New Frontier of Laser Hair Removal

Combines three laser wavelengths in a single handpiece to target the hair follicle at multiple depths in one session – faster, safer and more effective, with maximum comfort.

- ✓ Suitable for all skin types, including tanned skin
- ✓ Visible reduction from the very first session
- ✓ Supports skin rejuvenation and collagen stimulation
- ✓ Painless, with chiller-cooling and minimised discomfort
- ✓ Year-round treatment, without interruption
