Independent Auditors' Report

To the Board of Directors of
Northern California Retired Officers Community d.b.a. Paradise Valley Estates

Opinion

We have audited the financial statements of Northern California Retired Officers Community d.b.a. Paradise Valley Estates (a California nonprofit public benefit corporation) (PVE), which comprise the balance sheets as of December 31, 2023 and 2022, and the related statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of PVE as of December 31, 2023 and 2022, and the results of its operations, changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PVE and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PVE's ability to continue as a going concern within one year after the date that the financial statements are issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PVE's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PVE's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements
December 31, 2023 and 2022

1. Organization

The Northern California Retired Officers Community d.b.a. Paradise Valley Estates (PVE) is a California nonprofit public benefit corporation organized to provide retired uniformed services officers and their spouses, widows and widowers with housing facilities and healthcare services.

PVE operates a continuing care retirement community (the Community) consisting of 391 independent living (IL) units, 60 assisted living (AL) units, 18 AL memory care (MC) units, a 60-bed skilled nursing (SN) facility and public spaces and amenities. The Community is located in Fairfield, California.

PVE is certified as a continuing care retirement community (CCRC) by the State of California Department of Social Services.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents are defined as cash on hand, money market funds and overnight investments considered to be cash equivalents. For the purposes of the statements of cash flows, cash, cash equivalents and restricted cash and cash equivalents include investments purchased with an initial maturity of three months or less.

Restricted Cash and Cash Equivalents

Restricted cash and cash equivalents include cash and cash equivalents restricted in their use by debt agreements or donors.

Accounts Receivable and Entrance Fee Receivables

Resident accounts receivable are reported net of an allowance for credit losses, which represents PVE's estimate of expected losses as of the balance sheet date. The adequacy of PVE's allowance for credit losses is reviewed on an ongoing basis, using historical payment trends, write-off experience, analysis of receivables portfolios by payor source, aging of receivables, a review of specific accounts, as well as expected future economic conditions and market trends and adjustments are made to the allowance as necessary. The allowance for credit losses was approximately \$413,000 and \$950,000 at December 31, 2023 and December 31, 2022, respectively.

Entrance fee receivables are evaluated for collectability prior to residents being admitted to the Community based on the resident's credit worthiness. The terms and conditions of each entrance fee receivable are determined when a resident agreement is executed.

Northern California Retired Officers Community d.b.a. Paradise Valley Estates

Notes to Financial Statements
December 31, 2023 and 2022

Investments, Assets Whose Use is Limited and Investment Risk

Investments primarily include assets set aside for the general use and purposes of PVE.

Assets whose use is limited primarily include assets held by a trustee under indentures for the Series 2013 Bonds, Series 2016 Bonds and Series 2019 Bonds; assets whose use by PVE has been limited by donors to specific time periods or purposes; and a refund reserve to fund the payment of entrance fee refunds. Amounts available to meet current liabilities have been classified as current assets on the balance sheets.

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the balance sheet. Investment return (loss) is included in operating loss unless the investment return (loss) is restricted by donor or law. Interest income is measured as earned on the accrual basis. Dividends are measured on the ex-dividend date. Purchases and sales of securities and realized gains and losses are recorded on the trade date.

PVE's investments are comprised of a variety of financial instruments. The fair values reported in the balance sheets are subject to various risks including changes in the equity markets, the interest rate environment and general economic conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the fair value of investment securities, it is possible that the amounts reported in the balance sheets could change materially in the near term.

Property and Equipment

Property and equipment acquisitions are recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

Donations of property and equipment are reported at fair value as an increase in net assets without donor restrictions unless use of the assets is restricted by the donor. Monetary gifts that must be used to acquire property and equipment are reported as restricted income. Net assets with donor restrictions are reclassified and reported as an increase in net assets without donor restriction when an asset is purchased with the donated funds and placed in service.

Property and equipment will be evaluated for impairment whenever events or changes in circumstances indicate the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. If expected cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of the assets. No impairment losses were recognized in 2023 or 2022.

Debt Issuance Costs and Bond Premiums

Costs incurred and bond premiums received in connection with the issuance of long-term debt are amortized over the term of the related debt using the straight-line method, which approximates the effective interest method and are presented in PVE's balance sheets as a direct addition to or reduction of long-term debt.

Debt issuance costs totaled \$9,074,961 at December 31, 2023 and 2022. Accumulated amortization was \$3,600,895 and \$3,215,690 at December 31, 2023 and 2022, respectively. Amortization expense is recorded as an adjustment to interest expense and was \$385,205 and \$1,377,795 in 2023 and 2022, respectively.

Bond premiums totaled \$13,040,724 at December 31, 2023 and 2022. Accumulated amortization was \$4,363,346 and \$3,855,189 at December 31, 2023 and 2022, respectively. Amortization of the bond premiums is recorded as an adjustment to interest expense and was \$508,156 in 2023 and 2022.

Continuing Care Contracts and Entrance Fees

Under continuing care contracts (CCCs) for the majority of PVE's IL units, residents pay an entrance fee and a monthly fee according to the type of residence selected, the refund plan chosen and the number of residents who occupy the unit. Under all entrance fee refund plans, residents have the right to cancel the CCC with or without cause within 90 days of occupancy of the IL unit (the Cancellation Period). In the case of such cancellation, PVE is obligated to refund the entrance fee, the monthly fee, and all other fees paid to PVE, less the reasonable value of services rendered to the resident pursuant to the cancelled CCC.

PVE offers one basic CCC with three different refund plans; a nonrefundable plan, a 50% refund plan and a 90% refund plan. Under the nonrefundable plan, following the Cancellation Period and upon termination of the CCC, the entrance fee will be refunded, less a \$7,500 processing fee and less 2% of the entrance fee per month of residency until no entrance fee remains to be refunded. Under the 50% refund plan, following the Cancellation Period and upon termination of the CCC, the entrance fee will be refunded, less a \$7,500 processing fee and less 2% of the entrance fee per month of residency until 50% of the entrance fee remains to be refunded. Under the 90% refund plan, following the Cancellation Period and upon termination of the CCC, the entrance fee will be refunded, less a \$7,500 processing fee and less 2% of the entrance fee per month of residency until 95% of the entrance fee remains to be refunded. The 50% and 90% refund plans are generally only available to prospective residents that have not attained the age of 81 by the date of occupancy.

All entrance fee refunds are paid within 14 days after the resident vacates the IL unit.

PVE is required to maintain an entrance fee refund escrow to fund the payment of entrance fee refunds to residents who elected the 50% and 95% refund plans. This escrow is included in assets whose use is limited.

The guaranteed refund component of entrance fees under the 50% and 95% refund plans is not amortized to income and is classified as refundable entrance fees on the balance sheets. The balance of entrance fees received is classified as deferred revenue from entrance fees in the balance sheets. The deferred revenue is amortized to income over the annually adjusted actuarially determined life expectancy of the residents using the straight-line method, which approximates the period of time that goods and services under the CCCs are expected to be transferred to residents and PVE's performance obligation to the residents is satisfied.

The gross amount of contractual refund obligations under existing CCCs approximated \$40,793,000 and \$38,110,000 at December 31, 2023 and 2022, respectively.

Amortization of entrance fees was \$8,549,672 in 2023 and \$8,935,235 in 2022. A significant portion of amortization revenue in 2023 and 2022 was included in deferred revenue from entrance fees as of the beginning of each year.

Under the majority of existing CCCs, upon permanent transfer to AL, AL MC or SN, IL residents pay the daily resident healthcare rate, which is approximately equal to the weighted average of all first-person monthly fees for IL units. The CCC does not entitle the residents to an interest in the property owned by PVE.

PVE also offers rental contracts to prospective residents. Under these arrangements, residents do not pay an entrance fee. Residents are only obligated to pay a monthly fee according to the type of residence selected and the number of residents who occupy the IL unit.

Northern California Retired Officers Community d.b.a. Paradise Valley Estates

Notes to Financial Statements
December 31, 2023 and 2022

Effective January 2023, PVE began offering modified life care contracts to prospective residents. Under these arrangements, residents pay an entrance fee and monthly fee according to the type of residence selected, the refund plan chosen, and the number of residents who occupy the IL unit. Residents are entitled on an annual basis to 30 days of temporary AL, AL MC or SN care and services, based on medical necessity, which is non-cumulative from year to year. This benefit shall be at no extra charge to the resident except for the payment of the Daily Supplemental Fee, as defined. In addition, under the modified life care contracts, residents are entitled to 90 days of AL, AL MC or SN care and services upon permanent transfer to these levels of care. The residents continue paying the monthly fee for the IL unit vacated, and the Daily Supplemental Fee, as defined, during the 90-day period. After 90 days, residents pay current market rates for AL, AL MC or SN care and services.

Future Service Obligation

PVE annually calculates the present value of the costs of future services and the use of facilities to be provided to current residents and compares that amount with the balance of deferred revenue from entrance fees. If the present value of the net cost of future services and the use of facilities exceeds the deferred revenue from entrance fees, a liability is recorded (future service obligation) with the corresponding charge to expense. There was no liability for a future service obligation at December 31, 2023 or 2022.

Net Assets

Net assets, revenues, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions - This classification includes net assets available for use in general operations and not subject to donor restrictions. All revenue not restricted by donors and donor restricted contributions whose restrictions are met in the same period in which they are received are accounted for in net assets without donor restrictions.

Net Assets With Donor Restrictions - This classification includes net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. All revenues restricted by donors as to either timing or purpose of the related expenditures or required to be maintained in perpetuity as a source of investment income are accounted for in net assets with donor restrictions. When a donor restriction expires, that is when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Net Resident Service Revenues

Net resident service revenues are reported at the amount that reflects the consideration PVE expects to receive in exchange for the services provided. These amounts are due from residents or third-party payors and include variable consideration for retroactive adjustments, if any, under reimbursement programs. Performance obligations are determined based on the nature of the services provided. Net resident service revenues are recognized as performance obligations are satisfied.

Payment terms and conditions for PVE's resident contracts vary by contract type and payor source, although terms generally include payment to be made within 30 days. Net resident service revenues for recurring and routine monthly services due from private pay residents are generally billed monthly in advance. Net resident service fee revenues for ancillary services due from private pay residents are generally billed monthly in arrears. Net resident service revenues due from Medicare and other third-party payor programs are billed monthly in arrears.

Northern California Retired Officers Community d.b.a. Paradise Valley Estates

Notes to Financial Statements
December 31, 2023 and 2022

Net resident service revenues are primarily comprised of SN, AL, AL MC and IL revenue streams, which are primarily derived from providing housing and SN, AL, AL MC and IL services to residents at a stated daily or monthly fee, net of any explicit or implicit price concessions. PVE has determined that the services included in the stated daily or monthly fee for each level of care represents a series of distinct services that have the same timing and pattern of transfer. Therefore, PVE considers the services provided to residents in each level of care to be one performance obligation which is satisfied over time as services are provided. As such, SN, AL, AL MC and IL revenues are recognized on a daily or month-to-month basis as services are rendered.

PVE receives revenue for SN services under third-party payor programs, including Medicare and other third-party payors. Settlements with third-party payors for retroactive adjustments due to audits, reviews or investigations are included in the determination of the estimated transaction price for providing services. PVE estimates the transaction price based on the terms of the contract and correspondence with the third-party payor and historical payment trends. Retroactive adjustments are recognized in future periods as final settlements are determined.

Income Taxes

PVE is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code (IRC) and is exempt from federal income taxes on its exempt income under Section 501(a) of the IRC.

Measure of Operations

PVE's operating loss includes only those operating revenues and expenses that are an integral part of PVE's program activities and net assets released from donor restrictions to support operating expenditures. Nonoperating activities are limited to resources that generate return on investments and other activities considered to be more unusual and nonrecurring in nature.

Performance Indicator

PVE's performance indicator is revenues less than expenses as reflected in the accompanying statements of operations and changes in net assets. Revenues less than expenses includes all changes in net assets other than changes in net assets with donor restrictions.

Reclassifications

For comparability, certain December 31, 2022 amounts have been reclassified, where appropriate, to conform to the financial statement presentation at December 31, 2023.

Subsequent Events

PVE evaluated subsequent events for recognition or disclosure through September 9, 2024, the date the financial statements were issued.

3. Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise the following at December 31:

	<u>2023</u>	<u>2022</u>
Cash and cash equivalents	\$ 1,432,574	\$ 2,386,644
Accounts receivable	1,552,867	1,930,260
Entrance fees receivable	1,319,000	1,124,500
Investments	<u>20,016,706</u>	<u>23,891,305</u>
Total	<u>\$ 24,321,147</u>	<u>\$ 29,332,709</u>

PVE has assets whose use is limited that include assets held by a trustee under bond indentures for the Series 2019 Bonds, Series 2016 Bonds and Series 2013 Bonds; assets whose use by PVE has been limited by donors to specific purposes; and an entrance fee refund escrow. These assets are generally not available for general expenditure within the next year and are not reflected in the amounts above.

As part of PVE's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due.

4. Net Resident Service Revenues

PVE disaggregates revenue from contracts with residents by type of service and payor source as this depicts the nature, amount, timing and uncertainty of its revenue and cash flows as affected by economic factors. Net resident service revenues consist of the following for the years ended December 31:

	<u>2023</u>			
	<u>Skilled Nursing</u>	<u>Assisted Living and Memory Care</u>	<u>Independent Living</u>	<u>Total</u>
Self-pay	\$ 1,865,233	\$ 4,004,609	\$ 23,621,301	\$ 29,491,143

Amortization of entrance fees				8,935,235
Net resident service revenues				\$ 39,738,608

PVE has an agreement with Medicare that provides for payments at amounts different from established rates. Nursing and ancillary services provided to Medicare Part A beneficiaries are paid at prospectively determined rates per day. These rates vary according to a resident-specific classification system that is based on clinical, diagnostic and other factors and the reimbursement methodology is subject to various limitations and adjustments.

As described above, the Medicare Part A rates are based on clinical, diagnostic and other factors. The determination of these rates is partially based on PVE's clinical assessment of its residents. PVE is required to clinically assess its residents at predetermined time periods throughout the year which are subject to review and adjustment by the Medicare program.

5. Fair Value Measurements, Assets Whose Use is Limited and Investments

Fair Value Measurements

For financial instruments required to be measured at fair value on a recurring basis, fair value is defined as the price that would be received to sell an asset or paid to dispose of a liability in an orderly transaction between market participants at the measurement date. Fair value is measured using a hierarchy prioritizing the inputs used in determining valuations into three levels. The level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement.

The levels of the fair value hierarchy are as follows:

Level 1 - Unadjusted quoted prices in active markets that are accessible to PVE for identical instruments.

Level 2 - Significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the instrument through corroboration with observable market data.

Level 3 - Significant unobservable inputs.

Valuation Methodologies

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Mutual funds and exchange-traded funds are valued at fair value based on quoted market prices in active markets.

Corporate bonds and securities, municipal bonds, corporate obligations, U.S. treasury obligations, U.S. government agency obligations and foreign bonds are generally valued using quoted market prices of similar securities.

California Code Chapter 10, Article 6, Section 1792 requires CCRCs to establish liquid reserves (cash, marketable securities, etc.) equal to, or greater than, the annual principal and interest payments on long-term obligations plus 75 days of the CCRC's adjusted operating expenses. PVE's liquid reserves at December 31, 2023 and 2022 were sufficient to meet this requirement.

Assets whose use is limited are classified as follows:

	<u>2023</u>	<u>2022</u>
Assets whose use is limited:		
Under trust indenture, held by trustee:		
Liquid reserve funds	\$ 6,277,899	\$ 6,174,346

PVE had retainage payable of \$3,290,979 on its balance sheet at December 31, 2023 and 2022. The retainage payable represents an estimate of the final payment due to the contractor in connection with construction and equipping of an IL expansion project, consisting of 70 new IL cottage and villa units (known as The Ridge at Paradise Valley Estates). Negotiations related to the final payment amount are ongoing.

7. Long-Term Debt

Series 2019 Bonds

In February 2019, the California Municipal Finance Authority (CMFA) issued, on behalf of PVE, \$95,685,000 of Insured Revenue Bonds (NCROC-Paradise Valley Estates Project), Series 2019 (the Series 2019 Bonds). The proceeds from the Series 2019 Bonds were used to finance the construction and equipping The Ridge at Paradise Valley Estates, fund interest on the Series 2019 Bonds during the construction period, fund a Bond Reserve Account and pay a portion of the costs of issuing the Series 2019 Bonds. The Series 2019 Bonds were issued in two series: Series 2019A Bonds totaling \$66,585,000 and Series 2019B Bonds totaling \$29,100,000.

Northern California Retired Officers Community d.b.a. Paradise Valley Estates

Notes to Financial Statements
December 31, 2023 and 2022

The Series 2019A Bonds are due in varying annual installments beginning January 2027 through January 2049 and bear interest at rates ranging from 2.0% to 3.5% payable semi-annually. The Series 2019B Bonds were due in July 2024 (\$17,000,000) and July 2025 (\$12,100,000). Proceeds from entrance fees for the new IL units are being used to repay the Series 2019B Bonds prior to maturity. Through December 31, 2023, PVE made payments on the Series 2019B Bonds of \$24,850,000. The remaining Series 2019B Bonds mature in July 2025 and bear interest at 2.25% payable semi-annually.

Series 2016 Bonds

In November 2016, CMFA issued, on behalf of PVE, \$22,080,000 of Insured Revenue Bonds (NCROC-Paradise Valley Estates Project), Series 2016 (the Series 2016 Bonds). The proceeds from the Series 2016 Bonds were used to finance certain capital projects, refinance the outstanding balance of California Health Facilities Financing Authority (CHFFA) Series 2005 Bonds and pay a portion of the costs of issuing the Series 2016 Bonds.

The Series 2016 Bonds are due in varying annual installments through January 2047 and bear interest at rates ranging from 2.375% to 5.0% payable semi-annually.

Series 2013 Bonds

In March 2013, the CHFFA issued, on behalf of PVE, \$32,215,000 of Insured Refunding Revenue Bonds (NCROC-Paradise Valley Estates Project), Series 2013 (the Series 2013 Bonds). The proceeds from the Series 2013 Bonds were used to refinance the outstanding balance of CHFFA Series 2002 Bonds, fund a Bond Reserve Account and pay a portion of the costs of issuing the Series 2013 Bonds.

The Series 2013 Bonds are due in varying annual installments through January 2026 and bear interest at rates ranging from 3.5% to 5.0% payable semi-annually.

Security

The 2019 Bonds, Series 2016 Bonds and Series 2013 Bonds (collectively, the Bonds) are secured on a parity basis by a lien on and security interest in the Community, a pledge of Gross Revenues, as defined, and the balance of funds held by trustee in connection with the Bonds. Further, payment of principal and interest on the Series 2019 Bonds and Series 2016 Bonds is secured by Contracts of Insurance entered into between PVE, CMFA and the Office of Statewide Health Planning and Development of the State of California.

Debt Covenants

PVE is required to comply with certain debt covenants, including the maintenance of certain financial ratios. Also, under the terms of the Bonds, PVE is required to maintain certain deposits with a trustee.

As of December 31, 2023, PVE was not in compliance with its debt service coverage ratio. However, the failure is such that it does not result in an event of default, as PVE received a waiver from the Office of Health Facility Loan Insurance of the Department of Health Care Access and Information.

10. Medical Malpractice Claims Coverage

PVE maintains professional liability coverage on a claims-made basis through a commercial insurance carrier. Other than for premiums paid under this policy, no provision has been made for estimated losses. Management believes no incidents occurred or will be asserted that will exceed PVE's insurance coverages or will have a material adverse effect on the financial statements.

11. Concentrations of Credit Risk

PVE grants credit without collateral to its residents, some of whom are insured under third-party payor arrangements, primarily with Medicare and various commercial insurance companies.

PVE maintains cash and cash equivalents accounts, which, at times, may exceed federally insured limits. PVE has not experienced any losses from maintaining cash and cash equivalents accounts in excess of federally insured limits. Management believes it is not subject to any significant credit risk on its cash and cash equivalents accounts.

12. Commitments and Contingencies

PVE operates in an industry where various suits and claims arise in the normal course of business. Management is not currently aware of any claims that have been or will be asserted that will, after consideration of applicable insurance coverages, have a material adverse effect on the financial statements.

The senior living services industry is subject to numerous laws, regulations and administrative directives of federal, state and local governments and agencies. Compliance with these laws, regulations and administrative directives is subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time. Government activity continues to increase with respect to investigations and allegations concerning possible violations by healthcare providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties as well as significant repayments for resident services previously billed. Management is not aware of any material incidents of noncompliance; however, the possible future financial effects of this matter, if any, cannot be known with certainty.

PVE has an unfunded capital commitment of \$575,000 and \$675,000 related to an investment in the Ziegler Link-Age fund as of December 31, 2023 and 2022, respectively.

PVE is self-insured for workers' compensation. Claims are accrued under the plan as the incidents that give rise to them occur. Unpaid claims accruals, including estimates of incurred but not reported claims, are based on the estimated ultimate cost of settlement, including claim settlement expenses, in accordance with PVE's past experience. The workers' compensation reserve liability is \$172,208 and \$300,000 as of December 31, 2023 and 2022, respectively, and is included in accounts payable and accrued expenses in the accompanying balance sheet.

The Organization had its Paycheck Protection Program (PPP) loan in the amount of \$3,328,396 forgiven during 2021. The Small Business Administration (SBA) reserves the right to audit any PPP loan, regardless of size. These audits may occur after forgiveness has been granted. In accordance with the Coronavirus Aid, Relief, and Economic Security (CARES) Act, all borrowers are required to maintain their PPP loan documentation for six years after the PPP loan was forgiven or repaid in full and to provide that documentation to the SBA upon request.

Independent Auditors' Report

To the Board of Directors of
Northern California Retired Officers Community d.b.a. Paradise Valley Estates

Report on the Continuing Care Liquid Reserve Schedules

Opinion

We have audited the accompanying continuing care liquid reserve schedules, Form 5-1 through Form 5-5 (the Schedules) of Northern California Retired Officers Community d.b.a. Paradise Valley Estates (a California nonprofit public benefit corporation) (PVE), which comprise the continuing care liquid reserve schedules, as of and for the year ended December 31, 2023, and the related notes to the continuing care liquid reserve schedules.

In our opinion, the Schedules referred to above present fairly, in all material respects, the continuing care reserves of PVE as of and for the year ended December 31, 2023 in accordance with the liquid reserve requirements of California Health and Safety Code Section 1792 as described below.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Schedules section of our report. We are required to be independent of PVE and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 to the Schedules, which describes the basis of accounting used to prepare the Schedules. The Schedules are prepared by PVE on the basis of the liquid reserve requirements of California Health and Safety Code Section 1792, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of California Health and Safety Code Section 1792. Our opinion is not modified with respect to this matter.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these Schedules in accordance with the liquid reserve requirements of California Health and Safety Code Section 1792. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the Schedules that are free from material misstatement, whether due to fraud or error.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Auditors' Responsibility for the Audit of the Schedules

Our objectives are to obtain reasonable assurance about whether the Schedules as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Schedules.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Schedules, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Schedules.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PVE's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Schedules.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PVE's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Restriction on Use

Our report is intended solely for the information and use of management and the board of directors of PVE and the State of California, Department of Social Services and is not intended to be, and should not be, used by anyone other than these specified parties.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the Schedules as a whole. The accompanying supplementary information on pages 9 through 10 is presented for the purpose of additional analysis and is not a required part of the Schedules. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the Schedules. The information has been subjected to the auditing procedures applied in the audit of the Schedules, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Schedules or to the Schedules themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated, in all material respects, in relation to the Schedules taken as a whole.

REPORT ON CCRC MONTHLY SERVICE FEES

FORM 7-1 REPORT ON CCRC MONTHLY CARE FEES

Complete **Form 7-1** to report the monthly care fee increase (MCFI) for **each** community operated by the Provider. If no adjustments were made during the reporting period for a community, indicate by checking the box below **Line [2]**. Providers must complete a separate Form 7-1 for each of their continuing care retirement communities.

1. On **Line 1**, enter the amount of monthly care fees for each level of care at the *beginning* of the reporting period.
2. On **Line 2**, indicate the percentage(s) of increase in fees implemented during the *reporting* period.
3. On **Line 3**, indicate the date the fee increase was implemented. If more than one (1) increase was implemented, indicate the date(s) for each increase.
4. Check *each* of the appropriate boxes.
5. Provide a detailed explanation for the increase in monthly care fees including the total dollar amount for the community overall and corresponding percentage increase for each level of care in compliance with the Health and Safety Code. The explanation shall set forth the reasons, by department cost centers, for any increase in monthly care fee. It must include if the change in monthly care fees is due to any actual or projected costs related to any other CCRC community or enterprise affiliated with the provider or parent company.

The methodology used to budget future costs should align with one or more of the following factors: "projected costs, prior year per capita costs and economic indicators." Describe the methodology used for single or multiple communities. If there are multiple MCFI percentages, i.e., by level of care, a separate explanation for each MCFI will be required.

Also, if there is a positive result of operations, the provider will need to explain how the funds will be used and/or distributed consistent with disclosures made in the applicable sections of the Continuing Care Contract.

This attachment should include the data used in the Monthly Care Fee Increase meeting presentation provided to residents, which will also include actual results and an explanation of any variances.

NOTE: Providers shall retain all documents related to the development of adjusted fees at their respective communities for a period of at least three years, i.e., budgets, statements of operations, cost reports, used near the end of the prior fiscal year to develop adjustments implemented in the current reporting period. These documents must be available for review upon request by the Department.

Summary of Documents Used in Determining Rate Adjustment

The following documents were used in developing the monthly fee adjustments for 2023

NCROC Operating Budget for 2023	Internally developed document detailing all revenues and expenses for projected fiscal year 2023. Developed by Paradise Valley Estates management and approved by the Board of Directors.
Report on Actuarial Study and Cash Flow Projection for Paradise Valley Estates	Report completed in conjunction with the actuarial firm, A.V. Powell & Associates. The report contains observations and recommendations regarding pricing policies in order to meet reserve requirements, thus helping ensure the long-term success of Paradise Valley Estates.
Statements of Operations	The operating results of Paradise Valley Estates during fiscal year 2022, based on actual performance.

Basis of monthly Care Fee Adjustment

Methodology for Rate Adjustment

Paradise Valley Estates (PVE), a continuing care retirement community located in Fairfield, California, has been in operation since 1997. The 2023 budget was based on a mix of historical operational results, as well as projected expenses associated with budgeted occupancy. Labor is a large part of the operating budget and as such mandated minimum wage increases combined with local labor markets had a impact the projected costs. Other factors taken into account are historical attrition rates and assumptions relating to new move in numbers and timing for those move ins.

PVE must maintain certain financial ratios, according to covenants mandated by financing arrangements. These ratios include days cash on hand, current, and debt service coverage ratios. These financial obligations also dictate the continuance of financial health for PVE and as such are an important part of the revenue and pricing target decisions.

Summary/Overview Rate Adjustment

After review and preparation of analysis, PVE did increase monthly service fees for Independent Living units. PVE also increased daily rates for skilled nursing and assisted living at Laurel Creek Health Center and assisted living at the Quail Creek and Deer Creek facilities.

REPORT ON CCRC MONTHLY SERVICE FEES

EXPLANATION FOR THE INCREASE IN MONTHLY SERVICE FEES

The goal of PVE's annual budgeting and rate-setting process is to establish a financial plan that balances providing residents with the highest level of service and value while also ensuring the long-term financial sustainability of the organization.

For 2023, service fees for Independent Living were increased by 8.0% for all levels of care. The reason for these increases was to offset a projected operating loss. The largest cost increase in 2023 was for labor, which represents roughly 60% of the operating expense budget. Increases related to minimum wage mandates, merit increases, and market factors for 2023.

In addition to increased labor costs, PVE saw cost increases across the board due to inflation, in particular food costs, which were projected to continue increasing in 2023. Other services such as utilities, contracted services, and supplies that were consistent with general COLA increases in the SF Bay area
