

From small custom builds to large scale structural projects, we offer end-to-end steel solutions.

Our Facilities

- ✓ A 110,000 sq. ft. campus consisting of three fabrication facilities and a machine shop.
- ✓ CWB-certified shops feature multiple drive-thru and high-bay configurations.
- ✓ Extensive crane coverage, and fully serviced yards with rig-up pads.

Quality Assurance

We implement strict quality control measures at every stage of the project.

Safety

We maintain our memberships and certifications with PICS, ComplyWorks, and C.O.R through annual safety audits, regular safety meetings, ongoing training, and thorough shop inspections.

STEEL. SKILL. SOLUTIONS.

CUSTOM MACHINING

Machining

We use the latest technology to process, shape, and finish components to precise specifications. Our skilled operators ensure complex parts are produced efficiently, accurately, and to the highest industry standards.

Machine Shop

Our state-of-the-art machine shop is a purpose-built facility with six bays, three 10-ton cranes, and generous 18-foot hook heights to support efficient, safe work. Spanning over 17,000 square feet of shop and office space, it houses top-of-the-line CNC and manual equipment, along with advanced waterjet and 5-axis CNC plasma tables, and is fully certified to API 6A, 8C, 16A, and 16C standards.

OUR SERVICES

Solutions

We go beyond fabrication to deliver practical, engineered solutions. From 3D modeling and value engineering to turnkey project management, we provide the technical support needed to solve complex structural and logistical challenges. An accurate fit-up in the shop provides you with a smooth, efficient installation in the field.

FAMILY OWNED SINCE 1987

With four decades of hands-on experience, we're a family-owned fabrication company built on quality, craftsmanship, and trust. We demonstrate strong values for our team with family at our core. We're built on values of respect, balance, and making time for what matters.

Our Team

We take pride in doing things right and with a level of dedication rooted from years of experience in the trade. We keep it simple with solid work, honest communication, and a focus on building strong results, and even stronger relationships. We believe that good people and good work go hand in hand.
