

Accessibility Statement

This accessibility statement applies to the website www.funmersive.com, which falls within the scope of the Finnish [Act on the Provision of Digital Services](#) (306/2019).

This statement was prepared by Funmersive Project/University of Turku. The website was published in September 2026, and its accessibility was evaluated at the same time as a self-assessment. This statement describes any accessibility shortcomings on the website and explains how you can give us feedback on accessibility.

Compliance status

The website www.funmersive.com partially meets the level A and AA accessibility criteria (WCAG 2.1) required by the Act on the Provision of Digital Services.

Content or functions that are not yet accessible

- 2.1.1. Keyboard navigation not working everywhere
- 1.4.1. All diagrams do not have sufficient contrast ratio

Content from other systems

The website includes content imported from other systems; any accessibility shortcomings in that content originate in the source system. One example is the LinkedIn news feed.

Report accessibility issues

If you notice accessibility problems not covered in this statement, please let us know: funmersive@utu.fi

We aim to respond to feedback within a reasonable time, and no later than within two weeks.

Enforcement of accessibility

The Finnish Transport and Communications Agency, Traficom, oversees compliance with accessibility requirements. If you contacted us about accessibility and did not receive a response within two weeks, you can submit feedback to Traficom, which supervises digital accessibility.
