

'round the garden

Walk your fingers in a circular motion on the child's palm or body and ending with a gentle tickle, often under the child's chin or armpit.

'Round and 'round
the garden,
Like a teddy bear.
One step, two steps,
Tickle you under there.

whisper!

'Round and 'round
the garden,
Quieter than a mouse.
One step, two steps,
Tickle into his house.
