To *Improve Constantly,* we've rebuilt our team member resource center, Spark, to make it easier to find the resources you need. The new experience brings together company tools, resources, and support in one simple place. All updates are live!

Getting Started in Spark

Looking for something?

Try the new search feature. It's the fastest way to find forms, tools, and resources across Spark.

My LAD Experience

Resources to manage your personal info such as submitting time off or managing your profile in Workday.

Workplace Tools

Department-specific documents, contact info, files, and more.

Explore 'This is Lithia & Driveway'.

New materials so you have what you need to deliver great customer experiences.

Use the 'Support' section

Getting support is easier, with a clear path to submitting ticket requests, checking the status of tickets, and more.
