OPERATIONS
PER YEAR

Experience matters most when conditions change.

We are part of a group of companies with **over 190 years of uninterrupted operations** across Venezuela and Latin America's most complex markets.

Through every market shift, regulatory change, and economic cycle, we built a business powered by **our own people, our own infrastructure, and full accountability for every outcome.**

These are the solutions we deliver today

From any origin to any destination.

One partner. Every mile. Complete supply chain control.

Freight Forwarding

Multimodal transport management across all modes, routes, and borders, with **customs brokerage integrated** at every entry point.

Worldwide

Cargo Consolidation & Deconsolidation

Container utilization optimized for LCL and FCL operations. **Stuffing, stripping, and documentation handled in-house** to reduce ocean freight costs.

Miami - Los Angeles - Venezuela

Container Freight Station

Cargo verified, reclassified, and staged before it moves in a **secured facility**.

Miami - Los Angeles

FTZ & In-Bond Type 3

Duties deferred or eliminated on high-value cargo, **reducing landed cost** before goods enter the supply chain.

ZIM

On the ground. At every entry point.

The infrastructure is already there. The relationships too.

Customs Brokerage

Cleared in under 5 days at Venezuela entry points. **Managed entirely in-house, no sub-agents.** Certified under US and Venezuelan legal frameworks.

Zero compliance critical incidents

Argentina - Miami - Venezuela

Shipping Agency

Vessel coordination at port, turnaround, provisions, and procedures synchronized for on-time departure. **Direct representation of Maersk and ONE.**

34% Puerto Cabello Booking Agent Market share

Venezuela

Port Operator

Direct port-to-land **operations across 7 active locations.** Container handling, cargo coordination, and dwell time control at every entry point.

300 Vessels attended 2025

Venezuela

Container Stevedoring

Own coordinators in-situ 24/7. Loading and unloading executed across all key nodes.

Venezuela

Certifications

Associations

Your cargo, handled. Your operation, moving.

From arrival to final delivery, without gaps.

Warehousing

587K sq ft of RFID-powered storage. ISO 9001:2015 certified value-added services at every level. WMS integrated with your ERP.

99.97% inventory accuracy

Aruba - Curaçao - Miami -
Los Angeles - Venezuela

Refrigerated Storage

Temperature-controlled infrastructure with strict shelf life monitoring and HACCP compliance.

2K SQ FT.

Miami

Distribution

Ground transportation planned and executed with geolocation tracking and digital proof of delivery at every stage.

Argentina - Chile -
Colombia - Los Angeles -
Miami - Peru - Venezuela

E-commerce

High-SKU micro-picking, reverse logistics, and last-mile delivery with omnichannel visibility and API/EDI integration.

Miami - Los Angeles

Where complexity **meets opportunity.**

We unlock your value by enabling growth.

Supply Chain Engineering

Design, restructuring, and operation of your supply chain. Built with your team to reduce variability, optimize costs, and align demand across Latin America's most demanding markets.

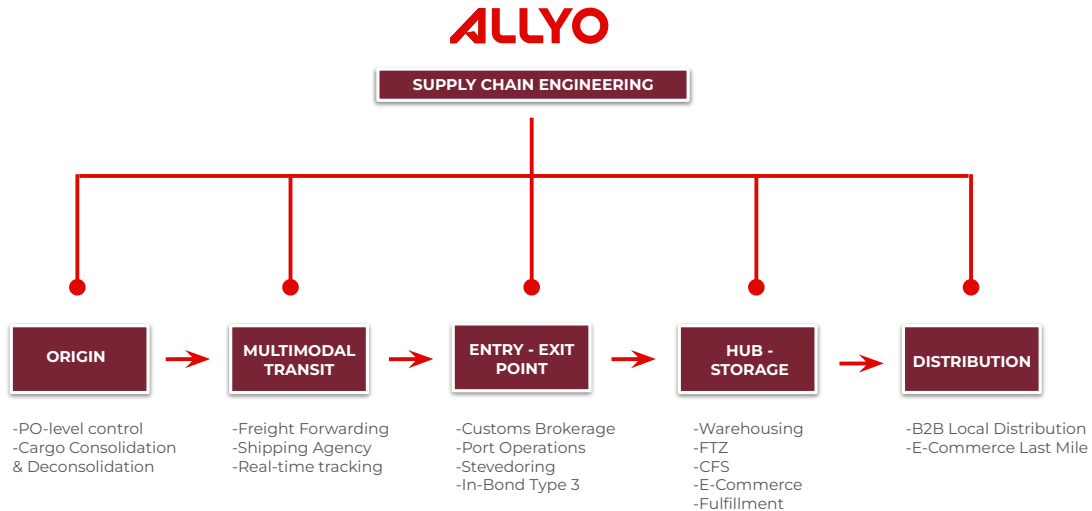

Not recommendations. Full execution.

Worldwide

How we operate.

We connect local expertise and regional coordination through a centralized control tower.

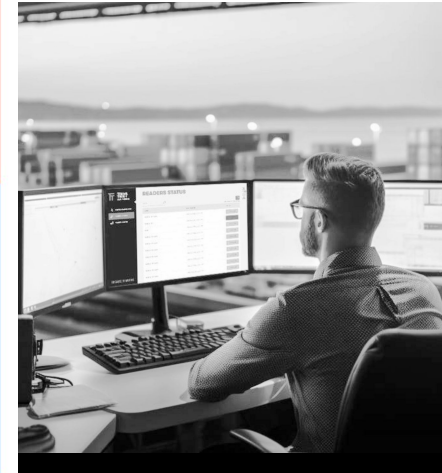

This model enables:

Real-time alignment across every market.

The same standard, regardless of location.

Full operational **visibility**.

One point of accountability.

We are built for this.

**We make sure your
operation keeps moving.**

Proof.
