

Australian-made window treatment that combines the elegance and light diffusion of a sheer curtain with the practical view and privacy control of a blind.

Vertical Sheers

The logo for Quicksew Interiors features the brand name in a serif font, with 'Quicksew' on the top line and 'Interiors' on the bottom line. The text is flanked by two horizontal wavy lines that curve upwards at the ends.

Elegance of curtains, practicality of blinds.

With a variety of track styles that include the unobtrusive Belle, Cube and Dream tracks, these are as sleek as your home décor requires.

Our tracks are made with incremental spacing, so the segments sit evenly across the opening making uneven stacks a thing of the past. The links we use are stainless steel, coupled with self-aligning carriers with removable hooks, ensuring years of hassle-free use.

Australian designed & manufactured with our custom engineered brackets, with various colour options for reveal fit and matching bracket covers for face fit, gives your Vertical Sheers a decorator feel and adds a fuss-free contemporary look to your home.

Coupled with our years of installation experience and backed by a 5-year warranty, Vertical Sheers purchased from Quicksew offer the peace of mind that comes with shopping locally and supporting Australian family businesses and manufacturing.
