

Esque

2 2 1

Designed to maximise natural light and airflow, this home centres around a well-positioned outdoor living zone that enhances everyday living. With good separation between bedrooms and a functional open-plan layout, it's ideal for retirees seeking a simple, comfortable home with a bit more outdoor presence.

Total	142m ²
Internal	100m ²
Patio	17m ²
Porch	4m ²
Garage	21m ²

Explore our Esque home design

At Sovereign Rise, each home is thoughtfully designed as a complete package — combining floorplan, facade and colour palette.

Facade collection

The Esque facade style is paired with one of three complementary colour schemes; White Haven, Coastal Mist and Warm Dune.

Availability of each combination varies by release. Please refer to the Release Plan to find your preferred option.

To find your home:

- 1 Explore the floorplan that best suits your lifestyle
- 2 Identify the facade style and colour scheme that resonates with you
- 3 Review the current Release Plan to see which combinations are available now

If your preferred combination isn't currently available, our team can guide you through upcoming releases or register your interest for future opportunities. This approach ensures a cohesive and beautifully balanced streetscape across the community.
