

2025 Summary Annual Report for the National Electrical 401(k) Plan

This is a summary of the annual report for the National Electrical 401(k) Plan, #26-3383611, for the year ended December 31, 2025. The annual report has been filed with the Employee Benefits Security Administration, as required under the Employee Retirement Income Security Act of 1974 (ERISA).

Basic Financial Statement

Benefits under the plan are provided by a trust. Plan expenses were \$8,673,696. These expenses included \$585,842 in administrative expenses and \$8,087,854 in benefits paid to participants and beneficiaries. A total of 30,463 persons were participants in or beneficiaries of the plan at the end of the plan year, although not all of these persons had yet earned the right to receive benefits.

The value of plan assets, after subtracting liabilities of the plan, was \$175,520,785 as of December 31, 2025, compared to \$141,083,309 as of January 1, 2025. During the plan year the plan experienced an increase in its net assets of \$34,437,476. This increase includes unrealized appreciation or depreciation in the value of plan assets; that is, the difference between the value of the plan's assets at the end of the year and the value of the assets at the beginning of the year or the cost of assets acquired during the year. The plan had total income of \$43,111,172, including employer contributions of \$473,525, employee contributions of \$19,070,670, other contributions (including rollovers) of \$659,864, and earnings from investments of \$22,907,113.
