

INDIVIDUALIZED WELLNESS

DHEA

**A personal choice.
A considered conversation.**

DHEA is a hormone naturally produced by the body. This formula supplies 25 mg per capsule for adults considering DHEA with their healthcare professional.

THE DETAILS THAT MATTER

— **Know what it is**

DHEA is involved in the body's production of other hormones, including testosterone and estrogen.

— **Know the amount**

A clearly stated 25 mg serving makes the formula straightforward to discuss with your clinician.

— **Start with individual fit**

Age alone does not establish a need. Review your health history, medicines and goals before use.

Personalized wellness includes knowing when professional guidance matters. Do not use during pregnancy or breastfeeding.

Supplement Facts		
Serving Size: 1 Capsules		
Amount Per Serving	% Daily Value	
DHEA (Dehydroepiandrosterone)	25 mg	*
* Daily Value not established
