SINGER, DANCER & PRODUCER

////////

ABOUT

Noa Naomi (23) is a singer, dancer and producer known for her silky, mysterious vocals and honest lyrics. Flowing effortlessly between R&B, Pop, Hip-Hop, Neo-Soul and Afrobeats, she treats the stage as her canvas, fusing music and movement into immersive performances that captivate both the ear and the eye.

In December, she brought this vision to life at EKKO with the debut of her upcoming EP *Full Circle*, a project reflecting growth, self-love and vulnerability. For Noa Naomi, it is about more than entertainment; it is about writing her own narrative and creating moments that truly resonate.
