

ACTIVE PLAY

Lafayette Enrichment Program : Winter 2026

NEW OFFERS & CLASS DATES

NEW

WHAT'S HAPPENING?!

This Winter 2026, families will have the option to sign up for two hours of programming instead of one.

Families may choose from the following options:

- **One-Hour Enrichment (3:30–4:25 p.m.)** – Student dismissal is at 4:30 p.m.
- **One-Hour Enrichment + Extended Day (3:30–5:30 p.m.)** – Students attend enrichment from 3:30–4:25 p.m., followed by Active Play Extended Day until 5:30 p.m. Dismissal is at 5:30 p.m.
- **Two-Hour Enrichment (3:30–5:30 p.m.)** – Students participate in a two-hour enrichment program. Dismissal is promptly at 5:30 p.m.

These flexible options allow families to choose the schedule that best meets their needs

Active Play is also offering 20% off to families enrolled in programming 3 or more days per week

CALENDAR

Our fall season runs from November 2nd to January 22nd, operating every day DCPS has a full day of school.

MONDAYS	TUESDAYS	WEDNESDAYS	THURSDAYS	FRIDAYS
<u>Class Dates</u> Nov: 9, 16, 23, 30 Dec: 7, 14 Jan: 4, 11	<u>Class Dates</u> Nov: 10, 17, 24 Dec: 1, 8, 15 Jan: 5, 12, 19	<u>Class Dates</u> Nov: 4, 18 Dec: 2, 9, 16 Jan: 6, 13, 20	<u>Class Dates</u> Nov: 5, 12, 19 Dec: 3, 10, 17 Jan: 7, 14, 21	<u>Class Dates</u> Nov: 6, 13, 20 Dec: 4, 11, 18 Jan: 8, 15, 22
<u>No Class</u> Nov: 2 (R/W) Dec: 21 (PD), 28 (DCPS Break) Jan: 18 (HOL)	<u>No Class * :</u> Nov: 3 (DCPS Break) Dec: 22, 29 (DCPS Break)	<u>No Class:</u> Nov: 1 (HOL), 25 (DCPS Break) Dec: 23 and 30 (DCPS Break)	<u>No Class:</u> Nov: 26 (HOL) Dec: 24 and 31 (DCPS Break)	<u>No Class *:</u> Nov: 27 (DCPS Break) Dec: 25 (HOL) Jan: 1 (HOL)

*On days when school is out and we do not have enrichment programs, Active Play will likely offer a Day Camp. For more details and to register, please visit <https://www.activeplayllc.com/day-camps-no-school-days>

*INCLEMENT WEATHER POLICY

Active Play does not cancel outdoor sports programs due to inclement weather. When weather conditions make it unsafe or impractical to hold the scheduled activity outdoors, the program will move indoors. Students will participate in an alternative indoor activity designed to maintain the same spirit as our sports programs, with an emphasis on competition, teamwork, movement, sportsmanship, and fun.

UPDATED PRICING

NEW

Active Play is offering discounted pricing and sibling discounts for all Active Play programs.*

FIRST-HOUR PRICING (3:30-4:25 PROGRAMS)

Enrollment	Cost
1-2 Classes Per Week	Full price
3 or More Classes Per Week	20% Off *

EXTENDED DAY OPTION (4:25 PM – 5:30 PM)

Families may extend their child's day until 5:30 PM for an additional fee:

- \$15 per day per child
- \$10 per day per child for families with multiple children enrolled

Students will participate in different station activities and may choose from a variety of indoor and outdoor options, including arts and crafts, sports, board games, creative projects, and group activities.

MATERIAL FEES, 2-HOUR PROGRAMS and PROGRAMS OFFERED BY OUTSIDE VENDORS

- Two-hour programs are priced separately
- Discounts do not apply to Spanish and Martial Arts as these programs are offered by outside vendors.
- Specialty classes also have added material fees to cover supplies. These classes include cooking, art, science and LEGO Engineering. Material fees range from \$40–\$60 per session, depending on the class and session length.

REGISTRATION PLATFORM AND TIMELINE

- Registration opens at 9 am EST on Monday, June 29th, 2026
- Registration is on a first-come, first-serve basis through TeamSnap
- The link is available on the Active Play website here:
<https://www.activeplayllc.com/lafayetteelementary>
- All questions and feedback should be directed to Lafayetteenrichment@ActivePlayLLC.com

PICK- UP, SNACK AND DISMISSAL

- Your children will be escorted to our program by their homeroom teacher immediately after school (3:15).
- Students are only allowed to eat **nut-free snacks** brought from home - we will not provide snacks.
- Snack time will be 3:15 - 3:30 pm. At 3:30 pm, students will be escorted to their assigned classroom by an Active Play instructor to begin the enrichment.
- At 4:25 pm, students who go to aftercare or Active Play Extended Day will be escorted there by Active Play staff; students who go home will be brought to parent pick-up. The same process applies at 5:30 pm.

* Discount eligibility will be verified by Active Play following registration completion

SPORT & MOVEMENT

Play that builds confidence, coordination, and teamwork

BASKETBALL

Through games and team challenges such as bubble, knockout, and traditional scrimmages, students practice the many fundamentals of basketball.

FLOOR HOCKEY

Students practice stick handling, passing, and shooting through drills and scrimmages designed for safe, active play.

SOCCER

A team-based soccer class where students learn the game through small-sided matches, emphasizing communication, teamwork, and having fun together on the field.

DODGE/GAGABALL

Get ready to run, dodge, and have fun! In this action-packed club, students will play a variety of dodgeball and gaga ball games that build teamwork, coordination, strategy, and sportsmanship. Each week, participants will learn new game variations, practice skills, and enjoy friendly competition in a safe and supportive environment.

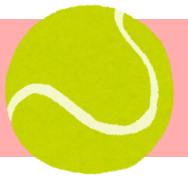

CREATIVE MOVEMENT

Music, props, and guided activities explore jumping, spinning, stretching, and balancing through imaginative movement, body awareness, and simple follow-along routines.

SPORT & MOVEMENT

PICKLE BALL

An active class centered on footwork, racket control, and rallying skills, using fun drills and games to build confidence and consistency on the court..

GYMNASTICS

Movement stations include beams, mats, and obstacle courses, with friendly individual and team competitions emphasizing effort and respect.

DANCE

Choreography and rhythm exercises set to music build timing and coordination through guided routines and short combinations forming complete dances.

CHEERLEADING

Chants, arm motions, jumps, and short cheer routines are practiced during guided rehearsals.

Volleyball

A classic net sport adapted to younger players who are learning to bump, set, and spike. Players will work towards the full game of volleyball through other progressive games.

NICHE SPORTS

Explore beyond traditional team sports

ARCHERY

Students learn safe archery fundamentals, aiming techniques, and target practice through guided instruction emphasizing focus, patience, and responsible equipment use.

FENCING

Footwork, en garde position, basic attacks, and defensive actions are practiced through fencing drills, bouts, and fun focused, kid-friendly team based battles.

HAND BALL

Students dive into fast-paced handball games filled with throwing, dodging, and quick scoring, building energy, coordination, and group play.

LACROSSE

Students learn lacrosse through scooping, passing, and shooting drills, introducing stick handling, spacing, and game flow. Weekly scrimmages further emphasize each new skill.

GOLF

Chants, arm motions, jumps, and short cheer routines are practiced during guided rehearsals.

FRISBEE/DISC GOLF

Each week, newly made student-designed disc golf courses are tested and played, creating friendly competition.

YOGA

While enjoying the fresh air, students will increase their endorphins, and learn how to be mindful of how they move their bodies while strengthening their focus throughout a yoga practice. Students will continue to learn moves that will make them stronger, support their mobility and flexibility, and become more confident in themselves.

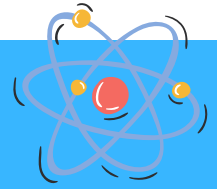

ULTIMATE FRISBEE

Students learn Ultimate Frisbee rules, passing techniques, cutting patterns, and game flow through guided instruction and structured gameplay.

STEM & STRATEGY

Problem-solving through science, games, and logic

ADVANCED LEGOS

Themed LEGO builds combine guided challenges with open-ended construction with regular opportunities to take home lego sets!

(YOUNG) MAD SCIENTIST

Each week, students interact with hands-on experiments, exploring reactions, motion, and basic STEM concepts!

CHESS

Students learn chess fundamentals including piece movement, opening principles, tactics, and endgames through guided instruction and structured match play.

ADVANCED BOARD GAMES

Students build strategic thinking and problem-solving skills while having fun with engaging board games such as *Ticket to Ride: First Journey*, *Catan Junior*, *Exploding Kittens* (Family Edition), and *Azul*. These games encourage critical thinking, planning, collaboration, and friendly competition in an interactive learning environment.

HOT WHEELS

Students design tracks, test cars, and collaborate on challenges using Hot Wheels to explore motion, creativity, and problem-solving through play.

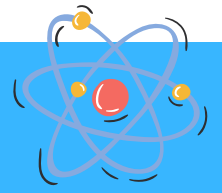

STEAM

Every week, students engage in hands-on experiments, delving into reactions, motion, and fundamental concepts in science, technology, engineering, art, and math!

STEM & STRATEGY

Problem-solving through science, games, and logic

BEGINNER BOARD GAMES

Get ready to play, learn, and have fun! In Beginner Board Game Club, students will be introduced to a variety of classic and age-appropriate games that help build important skills such as counting, taking turns, following directions, problem-solving, and good sportsmanship.

Throughout the session, students will enjoy games such as *Uno*, *Chutes and Ladders*, *Candy Land*, *Connect 4*, *Guess Who?*, and other fun favorites designed for young learners. Each week, children will practice friendly competition while developing social skills, patience, and strategic thinking in a supportive and engaging environment.

STEAM

Every week, students engage in hands-on experiments, delving into reactions, motion, and fundamental concepts in science, technology, engineering, art, and math!

ADVANCED BOARD GAMES

Students build strategic thinking and problem-solving skills while having fun with engaging board games such as *Ticket to Ride: First Journey*, *Catan Junior*, *Exploding Kittens* (Family Edition), and *Azul*. These games encourage critical thinking, planning, collaboration, and friendly competition in an interactive learning environment.

JEOPARDY WITH MS. JONES

Ready to learn and compete? Each week, students will explore a new topic through books, videos, and group discussions before putting their knowledge to the test in an exciting Jeopardy-style game! Working in teams, students will build research skills, critical thinking, teamwork, and confidence while having fun with friendly competition. Every week brings a new topic and a new chance to become Jeopardy champion!

ART & MUSIC

Exploring creativity through making and design

YOUNG PICASSO'S ART CLUB

Weekly projects explore drawing, painting, sculpture, and mixed media while working with different techniques and styles.

PAINTING

Watercolor, tempera, and mixed-media techniques are used to explore color mixing, brush control, and texture.

JEWELRY MAKING

Friends work alongside one another to create bracelets, necklaces, and charms are designed using beads and basic tools with a focus on patterning and assembly.

POTTERY/CERAMICS

Enter pottery! Clay is rolled, pinched, coiled, and shaped into functional and imaginative projects each week. Students will use various hand-building techniques to create pots, sculptures and more.

CREATIVE CORNER

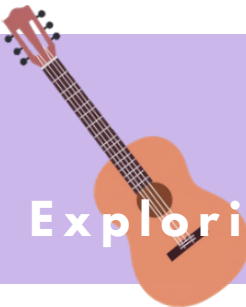

Explore new materials, and make exciting projects each week. From painting, creative drawing and building to designing their own keepsakes, students will strengthen fine-motor skills, practice problem-solving, and most importantly—have a great time! We can't wait to create with them!

ART ADVENTURE CLUB WITH MR. ROSAS

Students will explore their creativity through a variety of fun, hands-on art and craft projects. Using materials such as paper, paint, markers, recycled items, and mixed media, students will create unique works of art while learning basic artistic techniques and design principles. Projects may include seasonal crafts, sculptures, collages, watercolor painting, and creative challenges that encourage imagination, self-expression, and problem-solving.

ART & MUSIC

Exploring creativity through making and design

PIANO

A beginner-friendly class focused on keyboard basics, simple melodies, and rhythm, helping students connect notes, hand placement, and music reading through play.

We strongly recommend that families purchase a keyboard for their child and have them bring it to school each week (if portable) or ensure they have access to one at home. This is the best option because it allows students to practice at home each week and complete homework assignments, which greatly reinforces what we work on during class. Here are two recommended keyboards:

- [Recommendation #1](#)
- [Recommendation #2](#)

(Any 49 Key portable and rechargeable keyboard with full-size keys are appropriate.)

If you prefer not to purchase a keyboard, Active Play can provide a keyboard for your student to use during class but the keyboard will need to stay at school and cannot be brought home.

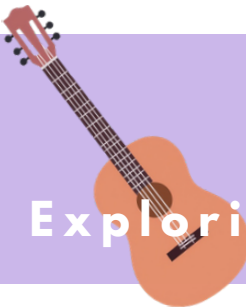

GUITAR

An introductory music class where students learn basic chords, rhythm, and strumming patterns while playing familiar songs and building musical confidence.

We strongly recommend that families purchase a guitar for their child and have them bring it to school each week. This is the best option because it allows students to practice at home each week and complete homework assignments, which really helps reinforce what we work on in class. Here are three recommended guitars:

- [Recommendation #1](#)
- [Recommendation #2](#)
- [Recommendation #3](#)

If you prefer not to purchase a guitar, Active Play can provide a keyboard for your student to use during class but the keyboard will need to stay at school and cannot be brought home.

ART & MUSIC

Exploring creativity through making and design

DRAMA

Students will explore acting, storytelling, and creative expression through fun theatre games, improvisation, and performance activities. This program helps build confidence, communication skills, and teamwork in a supportive environment.

ART ADVENTURE CLUB WITH MR. ROSAS

Students will explore their creativity through a variety of fun, hands-on art and craft projects. Using materials such as paper, paint, markers, recycled items, and mixed media, students will create unique works of art while learning basic artistic techniques and design principles. Projects may include seasonal crafts, sculptures, collages, watercolor painting, and creative challenges that encourage imagination, self-expression, and problem-solving.

CREATIVE CORNER WITH MS. DALEY

Explore new materials, and make exciting projects each week. From painting, creative drawing and building to designing their own keepsakes, students will strengthen fine-motor skills, practice problem-solving, and most importantly—have a great time! We can't wait to create with them!

ART WITH AMY

Throughout the class, children will explore the styles and techniques of famous painters and sculptors, drawing inspiration from artists such as Vincent van Gogh, Frida Kahlo, Henri Matisse, Pablo Picasso, and Alexander Calder. Each project encourages students to experiment with color, texture, shape, and form while developing fine motor skills, creative problem-solving, and self-expression. Every child will be encouraged to explore their unique ideas, build confidence in their artistic abilities, and create one-of-a-kind masterpieces to take home.

ART & MUSIC

Exploring creativity through making and design

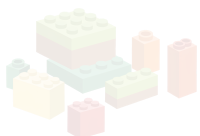

Japanese Art and Culture Club with Mr. Cayer

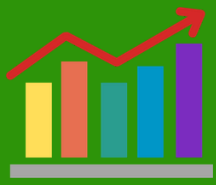

This beginner-friendly club would introduce students to the Japanese language and culture through fun, interactive activities. Students would learn basic Japanese greetings and phrases, numbers, the alphabets of hiragana and katakana, and how to write their names in Japanese. Lessons would also incorporate Japanese games, origami, geography, food, holidays, traditions, and other aspects of everyday life in Japan. No previous Japanese language experience is necessary.

ART ADVENTURE CLUB WITH MR. ROSAS

Students will explore their creativity through a variety of fun, hands-on art and craft projects. Using materials such as paper, paint, markers, recycled items, and mixed media, students will create unique works of art while learning basic artistic techniques and design principles. Projects may include seasonal crafts, sculptures, collages, watercolor painting, and creative challenges that encourage imagination, self-expression, and problem-solving.

PRACTICAL SKILLS & LANGUAGE

From cooking and debating to growing businesses

GARDENING

Students engage in planting, watering, identifying plants, and observing growth cycles alongside their friends, working to create their very own school garden!

PHOTOGRAPHY

students learn the basics of photography, starting with an understanding of camera features, followed by framing, lighting, and composition. Students travel around the schoolground flexing their new skills and knowledge.

DEBATE

The fundamentals of debate are introduced and practiced through Structured debates. class focuses on forming arguments and responding to opposing ideas, surrounded by student selected talking points.

COOKING

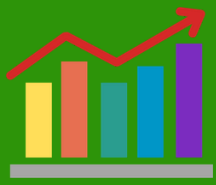

Students explore global cuisines by preparing simple recipes together, sharing roles, flavors, and traditions through hands-on, teacher-led cooking experiences.

Japanese Art and Culture Club with Mr. Cayer

This beginner-friendly club would introduce students to the Japanese language and culture through fun, interactive activities. Students would learn basic Japanese greetings and phrases, numbers, the alphabets of hiragana and katakana, and how to write their names in Japanese. Lessons would also incorporate Japanese games, origami, geography, food, holidays, traditions, and other aspects of everyday life in Japan. No previous Japanese language experience is necessary.

PRACTICAL SKILLS & LANGUAGE

From cooking and debating to growing businesses

SPANISH 1

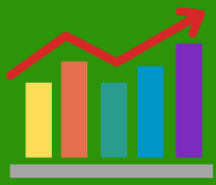

In our Spanish I classes, we aim to create an engaging and enjoyable learning environment. Your child will delve into the Spanish language through dynamic, play-based lessons that feature music, movement, and stories. As we progress, students will enhance their vocabulary, learn useful phrases, and construct sentences around exciting themes such as greetings, colors, numbers, and animals. Through interactive games, creative crafts, and a variety of activities, we foster an enriching experience that supports language acquisition.

SPANISH 2

Our Spanish II classes are designed to build on this foundation in an engaging way. Your child will further explore the Spanish language through interactive games, enjoyable songs, storytelling, hands-on crafts, and experiments. Each class encourages participation in conversational practice and structured routines, creating a supportive environment for language development. By focusing on vocabulary building through play, we ensure that your child solidifies their understanding and is well-prepared to advance to the next level.
