- Specialty classes also have added material fees to cover supplies. These classes include cooking, art, science and LEGO Engineering. Material fees range from \$30-\$60 per session, depending on the class and session length.

REGISTRATION PLATFORM AND TIMELINE

- Registration opens at 9 am EST on Monday, September 28th, 2026
- Registration is on a first-come, first-serve basis through TeamSnap
- The link is available on the Active Play website here:
<https://www.activeplayllc.com/minerelementary>
- All questions and feedback should be directed to MinerEnrichment@ActivePlayLLC.com

PICK- UP, SNACK AND DISMISSAL

- Active Play will be ready to greet students right at school dismissal (3:15).
- Students are only allowed to eat **nut-free snacks** brought from home - we will not provide snacks.
- Snack time will be 3:15 - 3:30 pm. At 3:30 pm, students will be escorted to their assigned classroom by an Active Play instructor to begin the enrichment.
- At 4:30 pm, students who go to aftercare will be escorted there by Active Play staff; students who go home will be brought to parent pick-up.

INCLEMENT WEATHER POLICY

- Active Play does not cancel outdoor sports programs due to inclement weather. When weather conditions make it unsafe or impractical to hold the scheduled activity outdoors, the program will move indoors.
- Students will participate in an alternative indoor activity designed to maintain the same spirit as our sports programs, with an emphasis on competition, teamwork, movement, sportsmanship, and fun.

* Discount eligibility will be verified by Active Play following registration completion

SPORT & MOVEMENT

Play that builds confidence, coordination, and teamwork

BASKETBALL

Through games and team challenges such as bubble, knockout, and traditional scrimmages, students practice the many fundamentals of basketball.

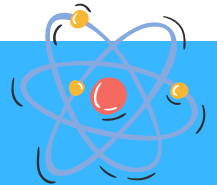

GYMNASTICS

Movement stations include beams, mats, and obstacle courses, with friendly individual and team competitions emphasizing effort and respect.

STEM & STRATEGY

Problem-solving through science, games, and logic

LEGO CLUB W/ MR. YOHO

Themed LEGO builds combine guided challenges with open-ended construction with regular opportunities to take home lego sets!

(YOUNG) MAD SCIENTIST

Each week, students interact with hands-on experiments, exploring reactions, motion, and basic STEM concepts!

CHESS

Students learn chess fundamentals including piece movement, opening principles, tactics, and endgames through guided instruction and structured match play.

ART & MUSIC

Exploring creativity through making and design

WATERCOLORING W/ MS. SMITH

Students learn watercolor techniques such as wet-on-wet, layering, and blending to explore color mixing, brush control, and how water and pigment move together on paper.

ORIGAMI

Students explore the Japanese art of paper folding, learning basic folds and following step-by-step patterns to create animals, shapes, and simple models. Class builds focus, patience, and fine motor skills.

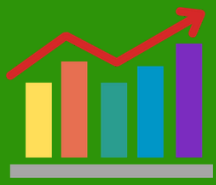

DJs ART CLUB: CREATE, CRAFT & EXPLORE W/ MS. PAIGE:

Young artists get hands-on with a variety of materials, including paint, clay, collage, and simple crafts, to explore color, shape, and texture. Each class encourages creativity, self-expression, and fine motor development through playful, age-appropriate projects.

DRAMA AND STORYTIME

Drama & Story Time sparks imagination through interactive storytelling, dramatic play, and creative expression. Pre-K students build confidence, communication, and social skills as they act out stories, use costumes and props, sing songs, and participate in engaging activities that bring books and characters to life.

PRACTICAL SKILLS & LANGUAGE

From cooking and debating to growing businesses

DEBATE

The fundamentals of debate are introduced and practiced through Structured debates. class focuses on forming arguments and responding to opposing ideas, surrounded by student selected talking points. Past debates include beach vs. pool, dogs vs. cats, etc.

SAY IT AIN'T SEW! SEWING

Sewing kits are used to practice threading, knotting, and basic hand-stitching. Our young sewers learn all the necessary skills to managing future projects at home.

LITTLE DEBATERS

A beginner-friendly introduction to debate focused on active listening and clear argument structure. Students practice hearing others out, stating a claim, supporting it with reasons, and responding respectfully to different points of view on age-appropriate topics: beach vs. pool, dogs vs. cats, etc.

COOKING

Students explore global cuisines by preparing simple recipes together, sharing roles, flavors, and traditions through hands-on, teacher-led cooking experiences.

PHOTOGRAPHY

students learn the basics of photography, starting with an understanding of camera features, followed by framing, lighting, and composition. Students travel around the schoolground flexing their new skills and knowledge.

TOTS PHOTOGRAPHY

Our PK/K photographers will explore the fun and creative world of photography! Through playful, hands-on activities, children will learn simple photography skills, experiment with taking pictures, and use their imagination to create their own unique images.

PRACTICAL SKILLS & LANGUAGE

From cooking and debating to growing businesses

GIRLS' WELLNESS & CONFIDENCE CLUB

Girls' Wellness & Confidence Club is a fun, hands-on enrichment program focused on confidence, emotional wellness, hygiene, fitness, self-care, healthy friendships, and leadership. Each week, girls will explore a new wellness or confidence topic through engaging projects, games, and movement activities—creating something meaningful to practice or take home.
