

ACTIVE PLAY

OLV Enrichment Program : Winter 2026/2027

DESCRIPTIONS

TOTS HOCKEY

Join us for fun, age-appropriate hockey games introduce stickhandling, passing, and shooting while building coordination, teamwork, and confidence through guided activities and friendly gameplay.

POTTERY

Enter pottery! Clay is rolled, pinched, coiled, and shaped into functional and imaginative projects each week. Students will use various hand-building techniques to create pots, sculptures and more.

DANCE

Choreography and rhythm exercises set to music build timing and coordination through guided routines and short combinations forming complete dances.

ADVANCED LEGOS

Themed LEGO builds combine guided challenges with open-ended construction with regular opportunities to take home lego sets!

LEGOS

Fun, hands-on activities encourage creativity and imagination through playful building challenges, colorful creations and guided projects.
