PROFILE SUMMARY

Webflow Developer with 2+ years of experience delivering 40+ responsive, SEO-optimized websites across multiple industries. Skilled in translating Figma designs into pixel-perfect Webflow builds, architecting scalable CMS solutions, developing custom JavaScript functionality, and creating advanced GSAP animations. Experienced in performance optimization, responsive development, third-party integrations, and Webflow best practices, with a strong focus on creating high-quality user experiences.

PROFESSIONAL EXPERIENCE

Webflow Developer | Envizn Lab

May 2026 – Present

- Delivered enterprise-scale and custom Webflow websites by leveraging scalable systems, reusable components, and efficient development workflows while maintaining high quality and rapid delivery timelines
- Developed advanced animations and interactive experiences using GSAP and Webflow Interactions
- Architected scalable CMS structures that enabled non-technical teams to manage content independently
- Built responsive, SEO-optimized websites across desktop, tablet, and mobile devices
- Translated Figma designs into pixel-perfect, high-performing Webflow implementations
- Extended Webflow functionality through custom JavaScript and third-party integrations
- Collaborated with designers, stakeholders, and project teams to deliver consistent digital experiences across large-scale projects

Webflow Developer | Social Sherpa

Jul 2025 – May 2026

- Developed and maintained 15+ Webflow websites featuring CMS-driven content and custom animations
- Implemented GSAP-based interactions and scroll animations to improve engagement and user experience
- Built responsive, SEO-friendly layouts following semantic HTML and Webflow best practices
- Created scalable CMS architectures that allowed clients to manage content independently
- Automated workflows and third-party integrations using Zapier
- Collaborated with UI/UX designers to transform design concepts into production-ready websites
- Optimized website performance, responsiveness, and cross-device compatibility

Webflow Developer | Metaminds Studio

Aug 2024 – Jul 2025

- Developed and maintained 20+ Webflow websites for clients across various industries
- Built responsive, SEO-optimized websites using Webflow, HTML, CSS, and JavaScript
- Implemented advanced interactions using GSAP and Webflow's native animation tools
- Designed dynamic CMS structures to support scalable content management
- Integrated third-party tools and automated workflows through Zapier
- Collaborated closely with design teams to convert Figma designs into functional websites
- Ensured consistent performance and usability across desktop, tablet, and mobile devices

EDUCATION

Bachelor of Engineering (Information Technology)

Datta Meghe College of Engineering, University of Mumbai

2020 – 2024 | CGPA: 8.58

TECHNICAL SKILLS
