Temporary suspension

[Hydrogen Future Industries plc](#) (AQSE: HFI), a developer of a proprietary wind-based green hydrogen production system featuring an advanced aerodynamic wind turbine and a high-performance electrolyser, announces a delay to the completion and publication of its audited accounts for the year ended 31 July 2024. Accordingly, pursuant to Rule 5.1 of the AQSE Growth Market Access Rulebook, a temporary suspension of trading in the Company's shares will take effect from 07:30 a.m. today (3 February 2025).

The Company anticipates that it will be in a position to publish its final results in due course, following which trading in its shares will be restored. A further announcement will be made in due course.

About Hydrogen Future Industries

Hydrogen Future Industries was established to invest in projects and companies focused on the Hydrogen Economy. We are developing a proprietary wind-based hydrogen production system, incorporating hydrogen compression and storage. Through this technology, we aim to significantly reduce the cost of hydrogen production from renewable sources and provide on-demand energy storage in the form of hydrogen at a fraction of the cost of lithium-ion battery storage.
