

DELIVER **MORE**

MORE WITH MOFFETT

A MOFFETT truck mounted forklift is the ideal productivity tool for delivering more in less time. More precision, more versatility, more profitability, more competitive edge.

More delivered in less time

A MOFFETT truck mounted forklift on the back of your truck greatly increases your efficiency and productivity without consuming any precious load space.

Deliver direct to where it's needed

Increase customer satisfaction – quickly, safely and securely. Providing full-service deliveries to precise locations gives you a competitive edge.

Ready in less than 60 seconds

Dismounting can be done single-handedly in under a minute. And once on the ground, the forklift can maneuver easily since it is geared for rough terrain.

Delivering confidence

When you invest in a MOFFETT truck mounted forklift, you have our global Hiab service network, high-quality parts and expert assistance always close at hand.

INCREASE YOUR REVENUES, REDUCE YOUR OPERATING COSTS

All models feature the latest battery technology, all-wheel drive, high-tech dash display, real-time operational insight and dual charging options.

Since the MOFFETT eSeries NX generates no emissions, very little noise and no vibration, it is ideal for moving goods from outside to inside, quiet night deliveries in residential areas and work in Low Emission Zones. It's powerful, silent and environmentally responsible. And it's still green.

IFOY AWARD (International Intralogistics and Forklift Truck of the Year) is the "Oscar" of intralogistics. It recognises the year's best intralogistics products and solutions.

Quiet Mark is a global certification programme that identifies the quietest products in multiple categories.

Gain even more business with MOFFETT eSeries NX

The all-electric, emission free MOFFETT eSeries NX has the ability to go where no other truck mounted forklift has gone before, giving increased flexibility and utilisation. With its all-wheel drive you can deliver directly to where required, even when faced with the most difficult off-road conditions.

It is ideal for:

- Moving goods from outside to inside in warehouses or distribution centres. Thanks to a great lift capacity, a powerful all-wheel drive traction system and a tight turning circle, you will be able to access the most confined areas.
- Urban deliveries in areas with restricted access, where low noise is paramount. No engine noise and zero emissions mean you can travel right to the point of delivery.
- Night-time delivery operations in residential areas where this silent operator will help you move without disturbing the environment.

MOFFETT M Series

	MOFFETT M2	MOFFETT M4 NX	MOFFETT M5 NX	MOFFETT M8 NX	MOFFETT M9

ALWAYS A MOFFETT FOR YOUR NEEDS

MOFFETT truck mounted forklifts are tailored to your specific application – whether lightweight or heavy-weight, in rough terrain or noise-sensitive urban areas. Our offering comprises a wide range of models, options and attachments to do the job your way. Whatever your load handling ambitions, you can be sure there's a MOFFETT truck mounted forklift to achieve them.

- Distribution
- Recycling
- Oil and gas
- Agriculture
- Utilities
- Military
- Building supplies
- Beverage
- White goods
- Fire & rescue
- Solid fuels
- and many more

HIAB HICONNECT FOR MOFFETT

The MOFFETT truck mounted forklifts feature HiConnect, which offers you real-time overview of more than 100 machine parameters. You can see some of them on the dash display and others on the HiConnect portal. The parameters range from battery capacity (for eSeries NX) to delivery route and time, driver safety and maintenance notifications.

SUPERIOR SAFETY

With the MOFFETT truck mounted forklift, we have taken all measures to ensure safety. The bonnet is designed for maximum visibility and interlocking seat belt prevents driving if not connected. LED lights/beacon add to the safety and convenience of the driver. In addition, with GroundStart™ as standard dismantling the MOFFETT truck mounted forklift is now even easier no matter the location. The GroundStart™ unhooks the transport chains and lowers the forklift at a push of a button, eliminating the need to climb on the forklift.

For the MOFFETT eSeries NX, the structures surrounding the battery are designed to ensure full safety even in the case of an accident. The construction of the chassis has been verified in tests at MIRA crash laboratory. Our testing ensures full protection for the driver, the surroundings and the environment.

DELIVER AS PROMISED WITH HIAB SERVICES

When you invest in Hiab equipment, you invest in quality performance to safely and efficiently fulfill your commitments to your customers – every single day.

With Hiab Services, we are here for you throughout your equipment lifecycle, giving the uptime and reliability you need to deliver as promised. From the moment of installation, we can ensure that your Hiab equipment keeps its original performance – delivering always to your expectations.

With the latest tools, connectivity and a wide network of experts, we support you whenever and wherever you need us. So you can sleep well at night – every single night.

INTRODUCING MOFFETT M5 NX MORE THAN JUST TOP PERFORMANCE

NX
SERIES

MEET THE NEW-GENERATION MOFFETT M5 NX

Always compliant with MOFFETT

All MOFFETT truck mounted forklifts are Stage V compliant. The Stage V engines powering the forklifts are equipped with a diesel particulate filter (DPF) which catches the particulate matter or soot in the exhaust. With MOFFETT your operation is secure today and tomorrow.

▼ The products shown here in this brochure are part of Hiab's global product selection. Deviations of the selection due to geographical location may occur. Please contact your local Hiab dealer for further details on available models, accessories and options.

Experience the enhanced performance of the new-generation MOFFETT M5 NX. Packed with improvements – on the inside as well as the outside – get ready to do more, experience more and achieve more than ever.

- Upgraded performance
- Easier maintenance
- Enhanced styling
- Improved safety and comfort
- Wide range of options and accessories

The MOFFETT M5 NX is the specialist for medium to heavy-duty tasks, with a seriously efficient power-to-weight ratio. Lifting up to 2,500 kg, the M5 NX easily masters both rough terrain and the most confined areas – transferring loads quickly and safely throughout busy yards, warehouse facilities or traffic.

Gain full support to take you further

MOFFETT truck mounted forklifts are built like no other. And we help you keep that top performance delivering always to your expectations with service like no other. With Original Parts, flexible service contracts and worldwide network of experts, we support you whenever, wherever and however you need us.
