

Call for Workshops and Short Symposia

ISCN 2027

August 6-8, 2027 | Cocoa Beach, Florida, USA

ISCN 2027 welcomes proposals for workshops and short symposia that provide debate, practical, educational, scientific, or clinical value to delegates.

Proposals should be submitted as a one-page A4 document and include:

- Workshop or symposium title
- Names and affiliations of organizers and presenters
- Brief description and objectives
- Format and duration
- Target audience
- Expected learning outcomes

Workshops and symposia may focus on emerging research, clinical applications, professional development, technology, education, or interdisciplinary collaboration. Successful proposals will be incorporated into the official ISCN 2027 scientific program.
