

RESTORATIVE JUSTICE

'It may help to talk'

Meeting my offender gave me the opportunity to tell them how I felt

I hadn't realised the pain and anguish I had caused!

Restorative Justice meant that my voice was heard

I was able to explain why I did what I did

I met my offender because I had so many questions that I needed answers for

I was able to say that I was sorry

When we spoke I told the offender how his crime had impacted on my whole family

I was able to answer all the questions my victim had

Restorative Justice helped me move on with my life and get closure

Meeting my victim will definitely make me think about my behaviour in the future
