LIVE BEAUTIFULLY

BLINDS / AWNINGS / SHUTTERS / CURTAINS

luxaflex.com.au

**AT THE FOREFRONT OF
INNOVATION AND TECHNICAL
EXCELLENCE, LUXAFLEX® IS
DEFINED BY PRECISION IN THE
WAY LIGHT IS SHAPED.**

Our name itself comes from Latin - lux meaning light and flex meaning to bend - capturing our unique ability to transform one of nature's most intangible forces into comfort, beauty, and control.

Through decades of patented products and exclusive operating systems, we've pioneered ways to direct, soften, filter, and bend natural light so it enhances the way Australians live. Because every home, every window, and every light condition is different, we offer specialist consultations to ensure your solution is tailored precisely to your needs.

With Luxaflex, innovation isn't just technical- it's the art of designing with light.

LUXAFLEX®

Pirouette® Shadings

Luxaflex Pirouette Shadings are a patented and innovative window fashion allowing light and privacy to be controlled precisely with its unique design. It features soft fabric vanes attached to a sheer backing to draw natural light into the room and can be adjusted to reveal filtered views or total privacy.

- A. Contoured for elegance
- B. Open for unobstructed view-through using the revolutionary Invisi-Lift System which suspends the shadings' vanes for a floating appearance
- C. Closed for full privacy
- D. Invisi-Lift System which suspends the shadings' vanes for a floating appearance

- Pirouette Shadings with ClearView™ fabric for superior view through

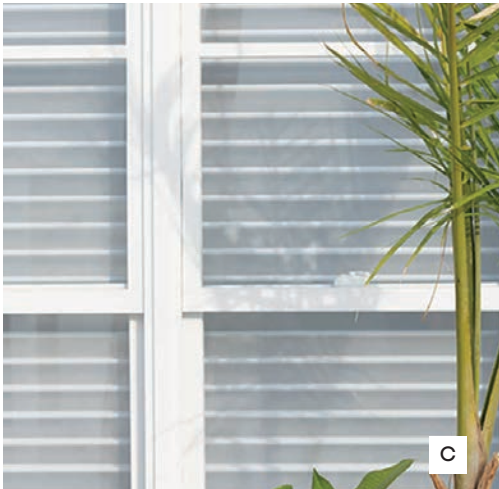

- Pirouette Shadings with non-ClearView™ fabric for maximum light filtering

LUXAFLEX®

Pirouette® Clearview® Shadings

Luxaflex® Pirouette® Clearview® Shadings are known for their beautiful fabric vanes that float at the window on a single back sheer. Providing sculptural beauty along with customisable view through and privacy. Now available with a patented black Clearview sheer, Pirouette Shadings offer unparalleled views to the outside.

LUXAFLEX®
Silhouette® Shadings

For lovers of light, Luxaflex Silhouette Shadings feature soft vanes suspended between two sheer facings for a captivating appearance. The signature S-Shaped fabric vanes gently diffuse incoming light across the room creating an enchanting glow to your day whilst a simple turn of the vanes will darken your room and provide privacy.

- A.** Signature S-Vane, available in 50mm, 65mm and 75mm vane sizes
- B.** Close the vanes for privacy
- C.** Sheer fabric gives a neutral street side appearance and provides daytime privacy whilst retaining your view to the outside.
- D.** Available with a range of operating systems, including Ultraglide® Wand Control, EasyRise Continuous Cord Loop and PowerView® Automation

LUXAFLEX®

Silhouette® Clearview® Shadings

Features a specialised front and back sheer to enhance the view of a standard Luxaflex Silhouette Shading with the sheer virtually disappearing at the window. Clearview is perfect for those who want the softness of a Silhouette Shading but don't want their view compromised.

Clearview Originale comes in 12 colourways including two unique colours only available for Clearview - Noire Dovetail and Noire Graphite.

The specialised sheer backing offers superior clear views to the outside while transforming light inside into a comforting glow

Silhouette® A-Deux®
Shadings combine the
classic Silhouette Sheer
Shading with a room-
darkening blackout
roller blind, providing
the ultimate solution for
those seeking both soft,
ambient lighting and
true room darkening

LUXAFLEX®

Silhouette® A-Deux® Shadings

Silhouette A-Deux Shadings allows for dual function design. Independently operate the translucent Silhouette and room darkening roller fabric. Position either shade at any height to provide the ultimate in light and privacy control.

The Silhouette fabric softens sunlight to create a gentle glow, whilst the room darkening roller fabric offers privacy and sun protection, bringing together the perfect combination.

Silhouette A-Deux Shadings is available in EasyRise Continuous Cord Loop and PowerView® Automation operating systems.

- A.** Enjoy soft, filtered light with an array of Silhouette Fabrics to choose from
- B.** Position the roller blind in any desired position for the ultimate in privacy and light control
- C.** Close both panels for privacy and sun control

LUXAFLEX®

Silhouette® Halo Shadings

Silhouette Halo Shadings blends the classic Silhouette style with advanced functionality. Crafted for versatility, Halo enables over rotation of vanes that tilt up, down and anywhere in natural lighting.

Redirect light where you want it! Featuring a unique and patented dual layered fabric vane, Silhouette Halo Shadings allows for maximum flexibility in redirecting sunlight effortlessly.

Available in a palette of eight stunning colours, the Clearview fabric range offers everything from bold, expressive hues to elegant, crisp whites.

Silhouette Halo is available in EasyRise Continuous Cord Loop, PowerView® Automation and Ultraglide® Wand Control operating systems.

A Over rotation for ultimate flexibility

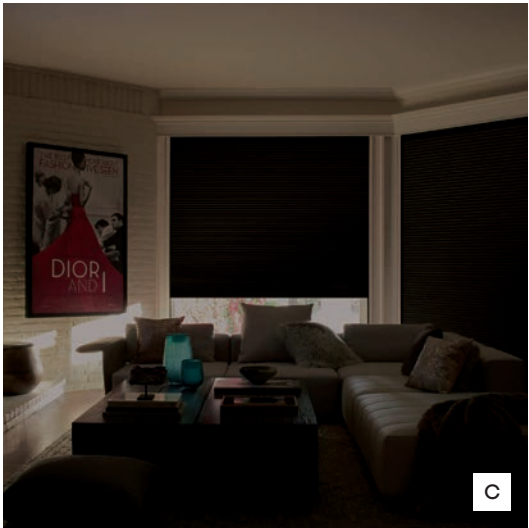

Rotating vanes that tilt in multiple directions provide the most customisable privacy options. This allows you to create the ideal amount of light entering the room.

LUXAFLEX®
Duette® Shades

Luxaflex Duette Shades are the original honeycomb shades, specifically engineered for energy efficiency at the window in both cold and hot climates providing a contemporary striking look. Their honeycomb construction creates a layer of insulation as it traps air in distinct pockets.

- A. Skylight
- B. Arch window and fixed shape window blinds
- C. Duette Shades with patented LightLock® Side Channel System delivers ultimate room darkening
- D. Operable sloping top

LUXAFLEX® Duette® Architella® Shades

The most innovative honeycomb shades in Australia are the exclusive Luxaflex Duette Architella Shades. Featuring a honeycomb within-a-honeycomb structure to help reduce heat loss in winter and keep your home cool in summer.

These shades provide the best insulation currently available for window coverings. Available in a range of fabrics, colours and opacities teamed with a range of innovative operating systems.

A. Patented Duette Architella cell construction features three distinct air pockets to trap air within each cell deflecting heat

A

Minimum light and air gap: for the best insulation

The multiple layers of fabric preserve the colours and textures in bright sunlight

The inner TruPleat Construction keeps every shade crisp and consistent from front to back and top to bottom

Fabric valance cleverly conceals the hardware system

Select from a range of fabrics with translucent or room darkening vanes

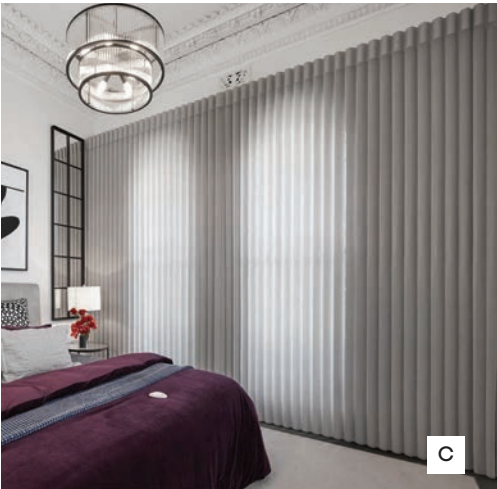

Made from 100% anti-static polyester that repels dust and dirt

LUXAFLEX®

Luminette® Privacy Sheers

Combining the timeless beauty of a sheer curtain and the superior control of a blind, Luxaflex Luminette Privacy Sheers offer an inspired, elegant alternative to the traditional curtain. Featuring a softly curved, vertical design with integrated fabric vanes for a striking interior statement, Luminette Privacy Sheers are ideal for expansive windows or sliding doors.

- A. Drawn back for an unobstructed view to the outside
- B. Rotate vanes closed for privacy
- C. Rotate vanes open for a soft, diffused view-through
- D. The slim headrail features a sleek and refined polished appearance

LUXAFLEX®

LumiShade® Window Coverings

A contemporary take on a classic window covering, Luxaflex LumiShade Window Coverings combine the versatility of a vertical blind with the elegant appeal of a soft window furnishing. Featuring the premium Luxaflex EDGE Vertical Track system and soft fabric, the Luxaflex LumiShade collection provides the perfect balance of style, durability and child safety features to complement any home interior style and living needs.

A. For seamless indoor-outdoor living, conveniently walk through the individual fabric vanes whether they are opened or closed and let the fabric softly settle back into position

Perfect for large windows and sliding door applications

Headrail colour complements the fabric

- Free from connecting chains and weights

LUXAFLEX® Roller Blinds

Luxaflex Roller Blinds provide a stylish appearance and smooth operation, combining sophisticated technology with a variety of the finest fabrics ranging from blockout to light filtering sunscreens. We elevate this classic style of blind with premium fittings and bespoke production for every Roller Blind.

- A. Available with Chain operation
- B. LiteRise operation for a completely cordless solution

LUXAFLEX®

Roller Blind Options

Maintaining privacy day and night is an important consideration for many homeowners, particularly for bedrooms. We can help you select the right fabric and opacity so you don't need to give up a beautiful view or block out the daylight to achieve a sense of security.

- A.** You can also opt for a headbox and side channels for maximum light control
- B.** Luxaflex® Dual Roller Blinds give you the ultimate in flexibility as they team fabrics of various opacities to soften the sun's rays during the day while letting in a soft filtered glow. They also shield out the sun when needed and provide privacy during the night

LUXAFLEX®

VelaScreen™

Retractable Insect Screen

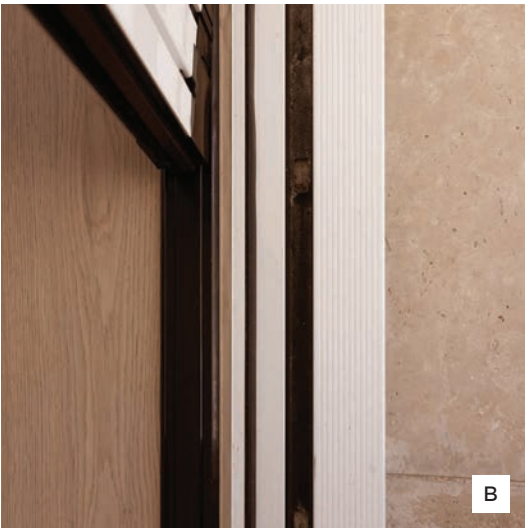

Designed for modern Australian living, Luxaflex® VelaScreen™ brings elevated style and performance to windows and doors. It offers privacy, light control, ventilation and insect protection, creating effortless indoor-outdoor connection without compromising on aesthetics.

- A. Dual Functionality
- B. Low threshold walk on track
- C. Halogen tested mesh providing airflow

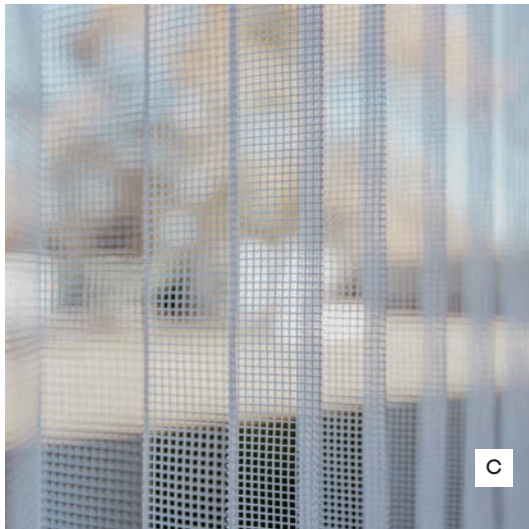

Australian made and custom measured in our NSW factory for quality and faster lead times, VelaScreen™ can span up to 6m depending on the model. The system provides full blackout when needed, ideal for bedrooms, nurseries and media rooms, while the dual configuration combines clear views through the mesh screen with privacy from the honeycomb blind. Available in single, dual or double panel designs, it offers flexible control over light, privacy and airflow, with fine mesh allowing fresh air in while keeping insects out.

LUXAFLEX®

Roman Blinds

With a classic look and feel, Luxaflex® Roman Blinds come in an extensive range of fabrics that highlight their timeless appeal. Choose from blackout or light-filtering sunscreen textiles, with optional decorative tassels, timber battens and reverse top-down/ bottom-up operation to suit your style and privacy needs.

Designed for simplicity and impact, Roman Blinds let you adjust light with ease while adding refined softness to any room. They're excellent insulators and, when raised, sit neatly above the window like a tailored pelmet to keep natural light flowing. Operate them with a traditional cord lock or smooth chain system for effortless everyday use.

A. Panel Soft Romans
B & C. Relaxed Soft Romans

LUXAFLEX® Soft Roman Blinds

With the softness of a curtain and the functionality of a blind, Soft Romans bring a decorative touch to any window. Choose from two signature styles: Relaxed, for a flowing, casual look or Panel with structured horizontal battens for a tailored, streamlined finish.

To ensure maximum visual and performance appeal, a variety of finishing options is available, including:

- Extra Blockout Linings for greater light control and thermal insulation.
- Fabric pelmets for blockout blinds - adding a stylish finishing touch.

Select from available fabrics also featured in the Luxaflex curtain range to create a coordinated and cohesive look throughout your home.

Luxaflex®

Panel Glide & Vertical Blinds

LUXAFLEX®

Panel Glide

Luxaflex Panel Glide creates privacy, protection and an outstanding impression in any room. Perfect for a large window, sliding doors or as a room divider. The blinds are comprised of a series of smooth fabric panels that glide effortlessly sideways on a simple track mechanism, making it light and easy to operate. Available in a range of fabric styles to suit your home. Many Luxaflex Roller Blind fabrics are available for Panel Glide, allowing you to seamlessly match your window coverings across different window types.

LUXAFLEX®

Vertical Blinds

Luxaflex Vertical Blinds offer a timeless, practical design incorporating fabric vanes that can be easily rotated or stacked to left, right, centre or split to manage light and privacy with great precision. A large range of colours and fabrics are available to suit your taste and they are easy to clean and operate.

Our exclusive EDGE Vertical Track system is the most flexible solution for large sloping and irregular shaped windows and offers perfect light protection with a 200 degree vane closure to ensure minimal light leakage between blades.

Luxaflex®

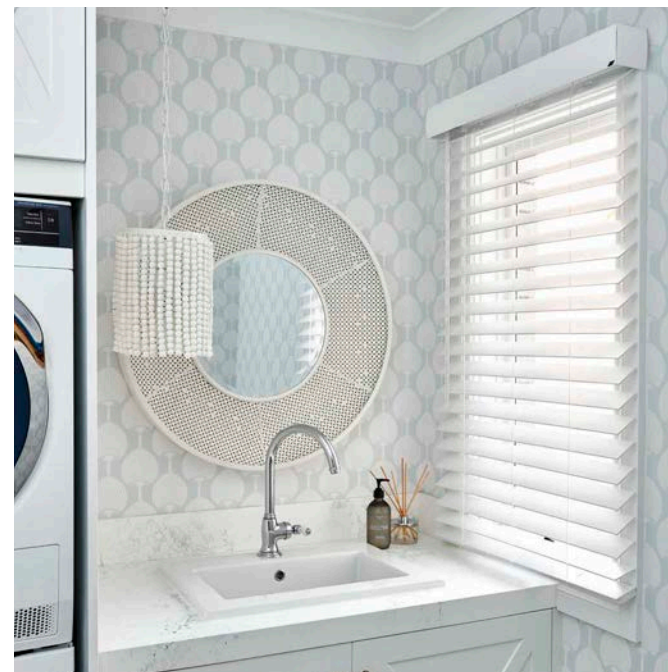

Venetian Blinds

LUXAFLEX®

Aluminium Venetians

Luxaflex Aluminium Venetians provide a timeless design that suits many decorating styles and are highly functional for both heat and privacy control. Featuring a superior coating, the Venetian slats are resistant to abrasion, peeling, scratching and discolouration for low-maintenance and longevity.

LUXAFLEX®

Everwoods Collection

Luxaflex Everwoods Blinds provide a practical alternative to timber Venetian blinds. Made of durable polystyrene, they are perfect for high-humidity interior areas such as bathrooms where regular timber Venetians would be unsuitable.

They provide the look of real wood, but offer enhanced quality and durability courtesy of modern technology, making them resistant to discolouration and warping.

Luxaflex®
PolySatin® Plantation Shutters

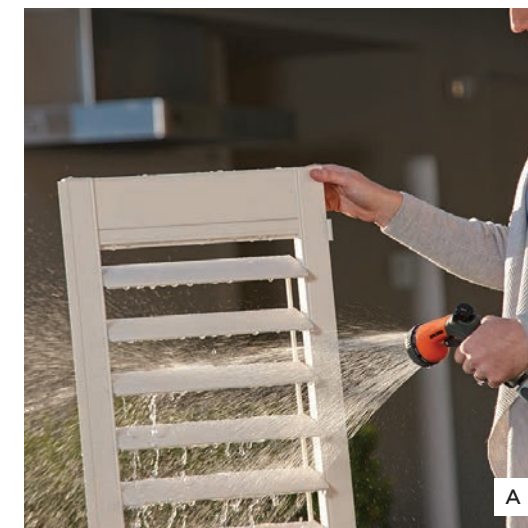

LUXAFLEX®

PolySatin® Plantation Shutters

Luxaflex® PolySatin® Plantation Shutters are a modern alternative to traditional timber shutters and are virtually maintenance free. Backed by a 20-year warranty¹, they are crafted from an advanced polyresin compound that brings lasting elegance to any interior. Their soft, matte lustre delivers the look of a freshly painted shutter that will endure for years to come.

Greenguard® Gold certified, PolySatin® Plantation Shutters support healthier indoor air quality and offer peace of mind. They are energy efficient, provide UV protection and are mould and mildew resistant.

- A. Non-motorised shutters can simply be washed with water to remove dust or marks without affecting the product
- B. Water resistant, the shutters will not blister, peel, flake, corrode or fade – ideal for high humidity areas such as kitchens and bathrooms

Luxaflex®
Curtains

LUXAFLEX®

Curtains

Championing elegance and beauty, the Luxaflex Curtains range adds the perfect element of textural depth and dimension to an interior space. Transcending design, curtains softly frame a window to create the illusion of height whilst adding warmth and softness to a room.

Layering soft curtains with other window coverings creates the ultimate window covering solution, balancing functionality, performance and style to meet the exact needs for every window, in every space.

- A. Luxaflex print curtains
- B. Luxaflex® Duette® Shades paired with S-wave curtain
- C. Double curtains
