

REALIZE
the DREAM

100
FOR
100

**A POWERFUL MOVEMENT
TO TRANSFORM, UNIFY AND
UPLIFT AMERICA AND THE WORLD.**

With the leadership of Martin Luther King III, Arndrea Waters King, and Yolanda Renee King, Realize the Dream aims to inspire generational change and track 100 million hours of service by 2029, marking the 100th anniversary of Dr. King's birth. By uniting Americans through service, the initiative fosters connection, builds a culture of empathy, and drives collective action to achieve this historic milestone.

BUILDING THIS TOGETHER

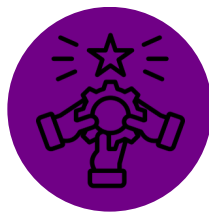

At the heart of every strong community is the willingness to serve. When we step up for our neighbors, we strengthen unity, advance equity, and turn intention into action. As people come together through service, we build the Beloved Community envisioned by Realize the Dream — a community grounded in connection and shared purpose.

PLAN YOUR PROJECT

Identify issues in your community that you are passionate about and develop a service project to address that issue.
