

SEPTEMBER 2026

Kindergarten - Newsletter

Welcome Back to School

We are so excited to meet your children and begin learning in the classroom! Kindergarten is an exciting year as your child will be developing many important academic and social skills that will set them up for success in the future years.

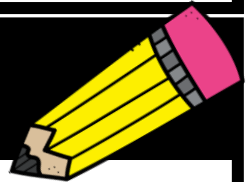

Reading

We will be beginning our journey into reading by creating reading routines, introducing one to one correspondence with the letters and introducing concepts of print.

Writing

We will begin our writing process by starting good writing habits, beginning prewriting practice, working on name writing, and how to use shapes to draw.

Science and Social Studies

We will be discussing the changes in the seasons and weather.

We will be setting our classroom community, jobs, and rules.

Math

We will begin our math learning by practicing counting with fluency, counting objects, and recognizing numbers and what they represent.

Events and Information

Transitioning from PreK to Kindergarten is a big adjustment for the children. You can help your child adjust by developing a routine at home. Set an early time to turn off devices and TV and get into an early bedtime procedure.

Dates to Remember

9/10 – First Day of School
9/21 – Yom Kippur, schools closed
9/30 – Meet the Teachers
