

The Arts

September 2026

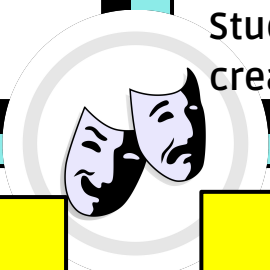

Musical

~~Theater~~
This month we will all about introductions, setting expectations and getting into a routine. Students will learn about what is in store this year: singing, rhythm instruments, Readers Theater, dancing to tell a story or respond to a song and we will be getting to know each other as we learn some introductory songs.

Art

This month we are learning rules, routines, and an overview of what we will be learning this year. We are getting to know each other as artists. We are also celebrating Hispanic Heritage Month. Students do not need to bring in any art supplies. My class will provide all the supplies needed. Students are very excited to create projects this year.

Music

Vocal students will care for & develop their voices with vocal warm ups and learn simple folk songs. And they will coordinate movements & body percussion with rhythmic patterns. Piano students will learn black piano key grouping & layout and Old MacDonald. Recorder students will learn G, A, & B with long tones, tonguing, and Hot Cross Buns.

Dance

This month the students in dance are going to be introduced to the dance room, rules and expectations, and what we are going to learn throughout the school year. We will start off by celebrating Hispanic Heritage Month! Students will need to bring a water bottle to my class and comfy clothes to move in.
