

AAF: Calling Balls and Strikes on \$95 Billion Foreign Aid Package

The Good — Rearms Ukraine, Resupplies Israel, and Hardens Taiwan

- **\$48 billion for Ukraine** - Resupplies Ukraine's war effort, through American businesses, without wastefully funding Ukrainian pensions, replenishes American weapons stock, and requires an explicit strategy and benchmarks for Ukrainian victory.
 - **\$20 billion** - of this would go toward replenishing U.S. stock.
- **\$11 billion for Israel** – including \$4B for missile defense and \$1.2B for the Iron Beam.
- **\$4.8 billion to deter China** – \$1.9B to backfill U.S. weapons sent to Taiwan.
- **Defunds UNRWA** – Blocks any funding in the bill *and* previous bills from going to the United Nations Relief and Works Agency, a Hamas collaborator.

The Bad — Continues to Fund Non-Lethal Aid.

- **10% of funding** goes to non-lethal aid for foreign countries.
 - Provides \$7.85 billion in "direct budget support" to Ukraine and \$1.6 billion to prop up Ukraine's future economy.
 - Europe should provide humanitarian aid so the U.S. can provide tanks, F-16s and artillery shells.
 - **Read:** Pence in WSJ: [Only Weapons Can End the Ukraine War](#)
 - **Balloons the budget of the Nonprofit Security Grant Program at FEMA.**
 - FY23: [\\$305](#) million. This bill: \$400 million.

The Ugly — Blows Out Spending Agreements, Does Not Secure the Southern Border, Ultimately Funds Hamas, and Does Not Stop Biden From Undermining Israel.

- The Schumer-Johnson budget deal set an overall spending level of \$1.59 trillion in FY24. This \$95 billion package would blow past the agreement.
 - Not one penny is paid for. **See:** [AAF's Israel pay-for memo.](#)
- Does not include H.R. 2.
 - Secures foreign borders, but not our own.
- Continues to fund "aid" organizations in Gaza, eventually funding Hamas.
- Doesn't restrict President Biden's ability to dictate Israel's military strategy.
