MAKING MOMENTS. MOVING CROWDS.

ABOUT

I'm DJ Dekade, an open format DJ based in South Florida. My career started in Virginia Beach, playing venues like Peppermint Beach Club, Rogues, and The Roxx. Those nights built the foundation for everything that followed—from nightclubs and rooftops to weddings, corporate events, and private parties.

I've always liked having room to move musically. What matters is knowing when to go somewhere familiar, when to switch things up, and when to let a great song do its thing.

Over the years, I've played for clients and venues including the Florida Panthers, GUESS, Bloomingdale's, Macy's, W Fort Lauderdale, Earls Kitchen + Bar, Throw Social Delray Beach, Batch Local Kitchen, Rocco's Tacos, and Copper Blues. I've also taken my sets aboard MSC Divina, Emerald Princess, and Celebrity Eclipse.

Every booking has its own personality. A rooftop set, a wedding reception, and a packed nightclub each call for something different. I bring the experience, preparation, and music to make each one feel right.

Available for events across Miami, Fort Lauderdale, Palm Beach, and beyond.
