

Advanced Inspection Solutions

"Integrity is not just a standard—it's our signature."

CAPABILITIES STATEMENT

Mechanical Integrity | Inspection | Asset Reliability | Workforce Development

AIS-GOV-902

Rev. 1.1 | 2026

COMPANY OVERVIEW

Advanced Inspection Solutions LLC (AIS) provides mechanical integrity, asset integrity, API inspections, nondestructive examination (NDE/NDT) oversight, QA/QC, risk-based inspection support, corrosion management support, fitness-for-service support, document management, regulatory readiness, and workforce development services. Based in Carlsbad, New Mexico, AIS supports industrial, municipal, educational, and public-sector organizations across New Mexico, Texas, the Permian Basin, and surrounding regions, including federal and state agencies, DOE facilities, DoD installations, national laboratories, military installations, and prime contractors.

CORE COMPETENCIES

- Mechanical integrity and asset integrity program support
- API pressure vessel, piping, and storage tank inspection support
- NDE/NDT coordination, oversight, and technical review
- QA/QC, welding inspection, and documentation review
- Risk-based inspection and corrosion management support
- Fitness-for-service evaluation support and technical coordination
- Regulatory readiness, audit preparation, and controlled records
- Technical training and workforce development support

SERVICE MARKETS

- Oil and gas, energy, and industrial facilities
- Federal, state, and local government entities
- DOE facilities, DoD installations, and national laboratories
- Municipal, educational, infrastructure, and prime-contractor teams

DIFFERENTIATORS

- Founder-led delivery by an experienced Principal Inspector
- Permian Basin field knowledge with regional deployment capability
- Integrated inspection, reliability, documentation, and training support
- Stewardship-based approach focused on safety, traceability, and lifecycle value
- Flexible support for owner organizations, agencies, and prime contractors
