

Grade 1: October News - 2026

Important Dates To Remember

October 12th
NO SCHOOL

Math: We are continuing the Eureka Math Module 1. Students are continuing to focus on fluency with addition and subtraction. Students are using number bonds and ten frames to help with problem solving.

ELA: We are working with our reading program called "HMH Into Reading". In our first module, students read many texts surrounding making friends. In the second module, they will learn about finding their place in the world as they explore many texts about families and communities.

Social Studies: We got off to a good start in Social Studies! This month your children will learn about the United States flag and other American symbols, including the values and principles these symbols represent.

Science: We are continuing with our Animal and Plant Defenses Unit. Our students are taking on the role of marine scientists to answer the question, "How will Spruce the sea turtle and her offspring survive in the ocean? Spruce will soon be released into the ocean, and they will figure out how she will stay safe once she is released.
