October

Public School 52- Grade 5

What are we Working on?

Reading:

Central Idea	Text Structure
Summarize	Making Inferences
Author's Purpose	Literary Elements
Point of View	Author's Craft

Writing:

- Expository Research Essays

Math:

- Place Value
- Exponents
- Rounding Decimals
- Multiplying and Dividing Decimals
- Adding and Subtracting Decimals

Science:

This month we will begin "Matter." Students will learn the basics of chemistry. We will review the concept that matter makes up everything in the physical world.

Social Studies: We will begin our study of Native Americans this month. We will start with how they lived, worked, and built homes and communities in North America.

Reminders

- School hours, are from 8:00-2:20.
- Homework must be completed Monday-Thursday.
- Uniforms should be worn daily.
- Please practice multiplication and division facts
