Adviser does not make any representations or warranties as to the accuracy, timeliness, suitability, completeness, or relevance of any information prepared by any unaffiliated third party, whether linked to Adviser's web site or incorporated herein, and takes no responsibility therefore.

All such information is provided solely for convenience purposes only and all users thereof should be guided accordingly.

Past performance may not be indicative of future results.

Therefore, no current or prospective client should assume that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by Adviser) made reference to directly or indirectly by Adviser in its web site, or indirectly via a link to an unaffiliated third party web site, will be profitable or equal the corresponding indicated performance level(s).

Different types of investments involve varying degrees of risk, and there can be no assurance that any specific investment will either be suitable or profitable for a client or prospective client's investment portfolio.

Historical performance results for investment indices and/or categories generally do not reflect the deduction of transaction and/or custodial charges, the deduction of an investment management fee, nor the impact of taxes, the incurrence of which would have the effect of decreasing historical performance results.

Certain portions of Adviser's web site (i.e. newsletters, articles, commentaries, etc.) may contain a discussion of, and/or provide access to, Adviser's (and those of other investment and non-investment professionals) positions and/or recommendations as of a specific prior date.

Due to various factors, including changing market conditions, such discussion may no longer be reflective of current position(s) and/or recommendation(s).

Moreover, no client or prospective client should assume that any such discussion serves as the receipt of, or a substitute for, personalized advice from Adviser, or from any other investment professional.

Adviser is neither acting as an attorney nor an accountant with respect to any content within the web site, and no portion of the web site content should be interpreted as legal, accounting or tax advice.
