

PivotNexus vs. Concur Connector for QuickBooks DECISION GUIDE

Take the guesswork out of recommending a connector.
The guide below will help you make the right decision fast.

Recommend PivotNexus when any of these requirements apply:

- Multiple Company Files or QuickBooks instances
- Bill Payments
(Concur Expense Pay or Invoice Pay)
- Purchase Orders/PO Receipts
- VAT/Canadian taxes
- Customized mapping requirements

Additional capabilities unique to PivotNexus:

- Quantities when posting to Item details
- Receipt images in QuickBooks Desktop
- Invoice images in QuickBooks Desktop
- Multi-level list integration
- Complex accounting structures
- Transaction dashboard & automated notifications

None of the above? The Concur Connector for QuickBooks might be the right fit!

Mental Shortcut

If the client needs more than a single QuickBooks instance and simple purchases, recommend PivotNexus for QuickBooks.
