# I.S. 235 Academy for New Americans

Ms. Evelyn Mosquea, Principal

Ms. Laura Antunez, Assistant Principal

Dear IS 235 Families,

As we settle into the 2026–2027 school year, we want to ensure our families are fully informed about how technology is used to support learning at IS 235 and across New York City Public Schools (NYCPS).

Please take a moment to review **The Technology in Our Schools Fall 2026 Family Letter**, which is now available for our entire school community. This letter provides key updates on how NYCPS is approaching digital tools this school year, including:

- **Artificial Intelligence (AI) Guidelines:** Important details on NYCPS' new framework for student use of AI and generative technology in the classroom.
- **Screen Time Expectations:** Recommended screen time balances tailored by grade level to ensure technology enhances, rather than distracts from, student engagement.
- **Personal Devices & Remote Learning Policies:** Reminders regarding existing district policies for personal electronic devices during the school day and expectations for remote learning days.

The official Fall 2026 Family Letter is available in all official NYCPS languages Here.

Partnering with you is essential to fostering a safe, responsible, and effective learning environment for our students. If you have any questions after reviewing the letter, please feel free to reach out to our main office or parent coordinator.

Thank you for your continued support and collaboration!

Warm regards,

IS235 Admin Team
