Chile is a long, narrow country along South America's Pacific ocean stretching about 4,300 Km from the Atacama Desert in the north to Paragonian glaciers and fjords in the South. It's capital, Santiago, anchors a stable democracy and one of Latin America's most developed economies, powered largely by copper mining and a celebrated wine industry. The country is also known for its Novel-winning poets, Pablo Neruda and Gabriela Mistral, and for Easter Island's iconic moai statues.
