Direct Mount Hanging Bracket

DESCRIPTION

Engineered and tested to withstand the toughest of hurricanes, the Hurricane Air Brace is certified for both lateral and uplift wind pressure. It meets Florida's strict building codes, providing you with peace of mind whether you're in a coastal area or simply preparing for severe weather.

Precision-made from laser-cut 16-gauge galvanized or 304 stainless steel, this heavy-duty bracket can be mounted on a variety of wall materials and includes 12 hurricane straps to be used for added security. Its elevated design protects units from flooding, storm surges, and snow, while improving airflow for better performance and efficiency.

BASIC USE

The Hurricane Air Brace is a direct-mount hanging bracket to support condenser units, heat pumps, and other HVAC equipment, particularly useful in residential or multi-family dwelling applications where flooding, snowfall, mud, and steep grades are a concern.

SPECIAL CHARACTERISTICS

- Hurricane engineered and tested
- Meets 2023 Florida Building Code, 8th edition
- Florida Product Approval Number (FL#47567.1), approved for high-velocity hurricane zones
- Certified for lateral and uplift wind pressure
- Elevated design improves air flow, reduces blockage, and helps protect units from storm surge
- No ground leveling or final grade needed for installation, saving on job completion time
- Heavy-duty laser cut 16-gauge galvanized or 304 stainless steel
- Includes twelve hurricane straps for added security
- Lightweight and transports easily
- Simplifies equipment inspection and service
- Eliminates unit damage caused by lawn mowers and equipment
- Can be mounted on concrete block/brick, concrete, steel studs, wood studs, and hollow concrete block
- Engineered Raised Seal Drawing available upon request (additional fee will apply)
- Union made in the U.S.

LIMITED PRODUCT WARRANTY

Ductmate warrants that the Hurricane Air Brace direct-mount hanging bracket, when properly installed and maintained, will be free from defects in material and workmanship, and will comply with all written specifications made by Ductmate at the time of sale. Ductmate's warranty shall run for a period of one year from the date of manufacture.

Warranty Limitation

The warranty stated above is in lieu of all other warranties, express or implied, including but not limited to the implied warranties of MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. Although Ductmate may have suggested the product, or provided written or oral advice to the Purchaser, it is the Purchaser's responsibility to test and determine the suitability of the Hurricane Air Brace direct-mount hanging bracket for the intended use and purpose, and Purchaser and/or its customer assumes all risk and liability whatsoever regarding such suitability.

Limitation of Liability

In the event of a breach of the above warranty, Ductmate's sole obligation, and Purchaser's sole and exclusive remedy, shall be, at Ductmate's option, repair or replacement of any defective products, or refund of an applicable portion of the purchase price. Ductmate shall have no liability for costs of removal or reinstallation of the product. The Purchaser agrees that no other remedy, including but not limited to loss of profits, loss sales, injury to person or property, or any other special, incidental or consequential damages, shall be available to the Purchaser for any claim arising out of this Agreement, regardless of whether such claim is made in contract or in tort, including strict liability in tort. In no event will Ductmate be obligated to pay damages to the Purchaser in any amount exceeding the purchase price that the Purchaser paid to Ductmate for the allegedly defective product.
