SMILE PROTECTION PLAN

~Protect Your Smile for 7 Years ~

Your smile is an investment, and retainers are essential to keep your teeth straight after orthodontic treatment. Nighttime wear is recommended for life in order to ensure your results last.

But we understand life happens — pets chew them, retainers get lost, break, or simply wear out.

Our Smile Protection Plan ensures you'll always have affordable access to replacements when you need them most.

PEACE OF MIND
Unlimited replacements for 7 years-- never stress about losing, breaking, or damaging your retainer.

HUGE SAVINGS
One replacement set costs $570 ($285 per retainer). For just $285 more, you're covered with unlimited retainers for 7 years.

ALWAYS READY
Receive one set of back up/replacement retainers with enrollment into the Protection Plan. Always have a working retainer to keep your teeth in place.

SIMPLE TERMS
$45 copay per retainer (upper or lower). Coverage applies only to retainers (not appliances to move teeth).
