(c) Per share net realized and unrealized gain (loss) may not correspond with the aggregate realized and change in unrealized gains and losses in the Fund's investments due to in-kind purchases processed at original security cost.

(d) Not annualized.

(e) Annualized.

(f) Portfolio turnover rate excludes in-kind transactions, if any.

Eagle Capital Select Equity ETF

Notes to Financial Statements

June 30, 2026

1. Organization

Eagle Capital Select Equity ETF (the “Fund”) is a non-diversified, separate operating series of The 2023 ETF Series Trust (“Trust”), a Delaware statutory trust since January 23, 2023, that is registered with the Securities and Exchange Commission as an open-end management investment company. The Fund is managed by Eagle Capital Management, LLC, an investment adviser registered under the Investment Advisers Act of 1940, as amended, and serves as the Fund’s investment adviser (the “Adviser”).

The Fund is an actively managed exchange-traded fund (“ETF”) that seeks to attain its investment objective by utilizing a long only investment strategy and by investing primarily in the equity securities of companies that the Adviser believes are undervalued. The Fund commenced operations on March 22, 2024.

The Fund is classified as a non-diversified investment company under the Investment Company Act of 1940 (the “1940 Act”). A “non-diversified” classification means that the Fund is not limited by the 1940 Act with regard to the percentage of its assets that may be invested in the securities of a single issuer.

The Fund offers shares that are listed and traded on the NYSE Arca, Inc.

2. Significant Accounting Policies

The Fund is an investment company that applies the accounting and reporting guidance issued in Topic 946, “Financial Services-Investment Companies”, by the Financial Accounting Standards Board (“FASB”). The following is a summary of significant accounting policies consistently followed by the Fund. These policies are in conformity with generally accepted accounting principles (“GAAP”) in the United States of America.

(a) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

(b) Investment Valuation

The Fund’s investments are valued daily at market value or, in the absence of market value with respect to any portfolio securities, at fair value. Market value prices represent readily available market quotations such as last sale or official closing prices from a national or foreign exchange (i.e., a regulated market) and are primarily obtained from third-party pricing services. Fair value prices represent any prices not considered market value prices and are either obtained from a third-party pricing service or are determined by the Valuation Committee of the Fund’s Adviser, in accordance with valuation procedures approved by the Trust’s Board of Trustees, and in accordance with provisions of the 1940 Act and rules thereunder.

The Trust has adopted GAAP accounting principles related to fair value accounting standards which establish a definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value and a discussion of changes in valuation techniques and related inputs during the period. These inputs are summarized in the three broad levels listed below:

- Level 1 – Quoted prices in active markets for identical assets that the fund have the ability to access.
- Level 2 – Other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).
- Level 3 – Significant unobservable inputs (including the Fund’s own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the valuations as of June 30, 2026 for the Fund based upon the three levels defined above:

Eagle Capital Select Equity ETF

Assets	Level 1	Level 2	Level 3	Total
Common Stocks	\$ 4,247,062,486	\$ —	\$ —	\$ 4,247,062,486
Money Market Funds	21,820,216	—	—	21,820,216
TOTAL	\$ 4,268,882,702	\$ —	\$ —	\$ 4,268,882,702

Eagle Capital Select Equity ETF

Notes to Financial Statements (Continued)

June 30, 2026

(c) Share Valuation

The net asset value ("NAV") per share of the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities and withholdings) by the total number of shares of the Fund outstanding, rounded to the nearest cent.

The NAV per share of the Fund is determined as of the close of regular trading on the New York Stock Exchange ("NYSE" or the "Exchange"), generally at 4:00 p.m. Eastern time. Any assets or liabilities denominated in currencies other than the U.S. dollar are typically translated into U.S. dollars at the close of regular trading on the NYSE, generally at 4:00 p.m. Eastern time, at then current exchange rates or at such other rates as deemed appropriate.

(d) Investment Transactions and Related Income

For financial reporting purposes, investment transactions are reported on the trade date. However, for daily NAV determination, portfolio securities transactions are reflected no later than in the first calculation on the first business day following trade date. Dividend income is recorded on the ex-dividend date. Interest income is recognized on an accrual basis and includes, where applicable, the amortization of premium or accretion of discount based on effective yield. Gains or losses realized on sales of securities are determined using the specific identification method by comparing the identified cost of the security lot sold with the net sales proceeds. Dividend Income on the Statement of Operations is shown net of any foreign taxes withheld on income from foreign securities, which are provided for in accordance with a Fund's understanding of the applicable tax rules and regulations.

(e) Foreign Currency Translation and Transactions

The accounting records of the Fund are maintained in U.S. dollars. Financial instruments and other assets and liabilities of the Fund denominated in a foreign currency, if any, are translated into U.S. dollars at current exchange rates. Purchases and sales of financial instruments, income receipts and expense payments are translated into U.S. dollars at the exchange rate on the date of the transaction. The Fund does not isolate that portion of the results of operations resulting from changes in foreign exchange rates from those resulting from changes in values to financial instruments. Such fluctuations are included with the net realized and unrealized gains or losses from investments. Realized foreign exchange gains or losses arise from transactions in financial instruments and foreign currencies, currency exchange fluctuations between the trade and settlement date of such transactions, and the difference between the amount of assets and liabilities recorded and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in the value of assets and liabilities, including financial instruments, resulting from changes in currency exchange rates. The Fund may be subject to foreign taxes related to foreign income received, capital gains on the sale of securities and certain foreign currency transactions (a portion of which may be reclaimable). All foreign taxes are recorded in accordance with the applicable regulations and rates that exist in the foreign jurisdictions in which the Fund invests.

(f) Federal Income Tax

It is the policy of the Fund to continue to qualify each year as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986 (the "Code") and to distribute substantially all of its net investment income and capital gains, if any, to its shareholders. Therefore, no federal income tax provision is required as long as the Fund qualifies as a regulated investment company.

Management of the Fund has evaluated tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether it is more-likely-than-not (i.e., greater than 50%) that each tax position will be sustained upon examination by a taxing authority based on the technical merits of the position. A tax position that meets the more-likely-than-not recognition threshold is measured to determine the amount of benefit to recognize in the financial statements. Differences between tax positions taken in a tax return and amounts recognized in the financial statements will generally result in an increase in a liability for taxes payable (or a reduction of a tax refund receivable), including the recognition of any related interest and penalties as an operating expense. In general, tax positions taken in previous tax years remain subject to examination by tax authorities (generally three years for federal income tax purposes). The determination has been made that there are not any uncertain tax positions that would require the Fund to record a tax liability and, therefore, there is no impact to the Fund's financial statements. The Fund's policy is to classify interest and penalties associated with underpayment of federal and state income taxes, if any, as income tax expense on its Statement of Operations. As of June 30, 2026, the Fund did not have any interest or penalties associated with the underpayment of any income taxes.

(g) Distributions to Shareholders

The Fund pays out dividends from its net investment income annually and distributes its net capital gains, if any, to investors at least annually. The Fund may make distributions on a more frequent basis to comply with the distributions requirement of the Code, in all events in a manner consistent with the provisions of the 1940 Act.

The amount of distributions from net investment income and net realized gains are determined in accordance with federal income tax regulations, which may differ from GAAP. These "book/tax" differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature (e.g., return of capital and distribution reclassifications), such amounts are reclassified within the composition of net assets based on their federal tax basis treatment; temporary differences (e.g., wash sales and straddles) do not require a reclassification.

Eagle Capital Select Equity ETF

Notes to Financial Statements (Continued)

June 30, 2026

(h) Indemnification

Under the Fund's organizational documents, its officers and Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Fund. The Fund may enter into contracts that contain representations and that provide general indemnifications. The Fund's maximum liability exposure under these arrangements is unknown, as future claims that have not yet occurred may be made against the Fund.

3. Investment Advisory Fee and Other Transactions with Affiliates

(a) Investment Advisory and Administrative Services

Eagle Capital Management, LLC (the "Adviser") serves as the investment advisor to the Fund pursuant to an investment advisory agreement with the Trust (the "Advisory Agreement"). For such investment advisory services, the Fund has agreed to pay the Adviser a unitary advisory fee payable at the annual rate of 0.80% of the Fund's average daily net assets. Under the Advisory Agreement, the Adviser bears all of its own costs associated with providing services to the Fund.

Under the investment advisory agreement, the Adviser has agreed to pay all expenses incurred by the Fund except for the advisory fee; interest charges on any borrowings; taxes; brokerage commissions and other expenses incurred in placing orders for the purchase and sale of securities and other investment instruments; proxy and shareholder meeting expenses (unless the need for a shareholder meeting is caused by the Adviser, such as a change of control of the Adviser); fees and expense related to the provision of securities lending services; acquired fund fees and expenses; taxes, including accrued deferred tax liability; legal fees or expenses in connection with any arbitration, litigation, or pending or threatened arbitration or litigation, including any settlements in connection therewith; extraordinary expenses (as mutually determined by the Board and the Adviser); and distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act.

(b) Distribution Arrangement

The Fund has adopted a Distribution Plan (the "Distribution Plan") that allows the Fund to pay distribution fees to Foreside Fund Services, LLC (the "Distributor") and other firms that provide distribution services ("Service Providers"). Under the Distribution Plan, if a Service Provider provides distribution services, the Fund would pay distribution fees to the Distributor at an annual rate not to exceed 0.25% of average daily net assets, pursuant to Rule 12b-1 under the 1940 Act. The Distributor would, in turn, pay the Service Provider out of its fees. The Board currently has determined not to implement any 12b-1 fees pursuant to the Plan. 12b-1 fees may only be imposed after approval by the Board.

(c) Other Servicing Agreements

The Bank of New York Mellon, a wholly-owned subsidiary of The Bank of New York Mellon Corporation, serves as Administrator, Custodian, Accounting Agent and Transfer Agent for each Fund.

4. Investment Transactions

Purchases and sales of investments, excluding in-kind transactions and short-term investments, for the period ended June 30, 2026 were as follows:

Fund		Purchases		Sales
Eagle Capital Select Equity ETF	\$	1,728,249,918	\$	788,891,660

Purchases and sales of in-kind transactions for the period ended June 30, 2026 were as follows:

Fund		Purchases		Sales
Eagle Capital Select Equity ETF	\$	1,493,704,727	\$	1,180,191,226

5. Capital Share Transactions

Fund shares are listed and traded on the Exchange each day that the Exchange is open for business ("Business Day"). The Fund's shares may only be purchased and sold on the Exchange through a broker-dealer. Because the Fund's Shares trade at market prices rather than at its NAV, Shares may trade at a price equal to NAV, greater than NAV (premium) or less than NAV (discount).

The Fund issues and redeems its shares on a continuous basis, at NAV, only in Creation Units. Except when aggregated in Creation Units, Shares are not redeemable securities of a Fund. Fund shares may only be purchased from or redeemed directly from a Fund by certain financial institutions ("Authorized Participants"). An Authorized Participant is either (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation or (ii) a Depository Trust Company ("DTC") participant and, in each case, must have executed a Participant Agreement with the Distributor. Creation Units are

Eagle Capital Select Equity ETF

Notes to Financial Statements (Continued)

June 30, 2026

available for purchase and redemption on each Business Day and are offered and redeemed on an in-kind basis, together with the specified cash amount, or for an all cash amount.

To the extent contemplated by a Participant Agreement, in the event an Authorized Participant has submitted a redemption request in proper form but is unable to transfer all or part of the shares comprising a Creation Unit to be redeemed by the Distributor, on behalf of each Fund, by the time as set forth in a Participant Agreement, the Distributor may nonetheless accept the redemption request in reliance on the undertaking by the Authorized Participant to deliver the missing shares as soon as possible, which undertaking shall be secured by the Authorized Participant's delivery and maintenance of collateral equal to a percentage of the market value as set forth in the Participant Agreement. A Participant Agreement may permit each Fund to use such collateral to purchase the missing shares, and could subject an Authorized Participant to liability for any shortfall between the cost of each Fund acquiring such shares and the value of the collateral.

Most retail investors will not qualify as Authorized Participants or have the resources to buy and sell whole Creation Units. Therefore, they will be unable to purchase or redeem the Shares directly from each Fund. Rather, most retail investors will purchase Shares in the secondary market with the assistance of a broker, which will be subject to customary brokerage commissions or fees.

A purchase (i.e., creation) transaction fee may be imposed for the transfer and other transaction costs associated with the purchase of Creation Units, and investors will be required to pay a creation transaction fee regardless of the number of Creation Units created in the transaction. A Fund may adjust the creation transaction fee from time to time based upon actual experience. In addition, a variable fee may be imposed for cash purchases, non-standard orders, or partial cash purchases of Creation Units. The variable fee is primarily designed to cover non-standard charges, e.g., brokerage, taxes, foreign exchange, execution, market impact, and other costs and expenses, related to the execution of trades resulting from such transaction. A Fund may adjust the non-standard charge from time to time based upon actual experience. Investors who use the services of an Authorized Participant, broker or other such intermediary may be charged a fee for such services which may include an amount for the creation transaction fee and non-standard charges. Investors are responsible for the costs of transferring the securities constituting the deposit securities to the account of the Trust. The Adviser may retain all or a portion of the transaction fee to the extent the Adviser bears the expenses that otherwise would be borne by the Trust in connection with the issuance of a Creation Unit, which the transaction fee is designed to cover. The standard Creation Unit transaction fees for Eagle Capital Select Equity ETF is \$100, regardless of the number of Creation Units created in the transaction.

A redemption transaction fee may be imposed for the transfer and other transaction costs associated with the redemption of Creation Units, and Authorized Participants will be required to pay a redemption transaction fee regardless of the number of Creation Units created in the transaction. The redemption transaction fee is the same no matter how many Creation Units are being redeemed pursuant to any one redemption request. A Fund may adjust the redemption transaction fee from time to time based upon actual experience. In addition, a variable fee, payable to the Fund, may be imposed for cash redemptions, non-standard orders, or partial cash redemptions for the Fund. The variable fee is primarily designed to cover non-standard charges, e.g., brokerage, taxes, foreign exchange, execution, market impact, and other costs and expenses, related to the execution of trades resulting from such transaction. Investors who use the services of an Authorized Participant, broker or other such intermediary may be charged a fee for such services which may include an amount for the redemption transaction fees and non-standard charges. Investors are responsible for the costs of transferring the securities constituting each Fund's securities to the account of the Trust. The non-standard charges are payable to the Fund as it incurs costs in connection with the redemption of Creation Units, the receipt of the Fund's securities and the cash redemption amount and other transactions costs. The standard redemption transaction fees for Eagle Capital Select Equity ETF is \$100, regardless of the number of Creation Units redeemed in the transaction.

6. Federal Income Taxes

At June 30, 2026, the effect of permanent book/tax reclassifications resulted in increase/(decrease) to the components of net assets as follows:

Fund	Distributable earnings (loss)	Paid-in Capital
Eagle Capital Select Equity ETF	\$(494,853,483)	\$494,853,483

The differences between book-basis and tax-basis components of net assets are primarily attributable to Wash Sale Loss Deferrals.

The tax character of distributions paid during the year were as follows:

Fund	Ordinary Income	Long - Term Capital Gains	Return of Capital
Eagle Capital Select Equity ETF	\$ 19,402,710	\$ —	\$ —

At June 30, 2026, the components of distributable earnings/loss on a tax basis were as follows:

Fund	Undistributed Ordinary Income	Net Unrealized Appreciation (Depreciation)	Accumulated Capital and Other Losses	Distributable earnings (loss)
Eagle Capital Select Equity ETF	\$ 11,488,935	\$ 356,081,415	\$ (91,260,632)	\$ 276,309,718

Eagle Capital Select Equity ETF

Notes to Financial Statements (Continued)

June 30, 2026

At June 30, 2026, gross unrealized appreciation and depreciation of investments owned by the Fund, based on cost for federal income tax purposes were as follows:

Fund	Tax Cost	Gross Unrealized Appreciation	Gross Unrealized Depreciation	Net Unrealized Appreciation (Depreciation)
Eagle Capital Select Equity ETF.	\$ 3,912,801,288	\$ 787,124,096	\$(431,042,681)	\$ 356,081,415

At June 30, 2026, for Federal income tax purposes, the Fund has capital loss carryforwards available as shown in the table below, to the extent provided by regulations, to offset future capital gains for an unlimited period. To the extent that these capital loss carryforwards are used to offset future capital gains, it is probable that the capital gains so offset will not be distributed to shareholders.

Fund	Short-Term	Long-Term	Total Amount
Eagle Capital Select Equity ETF.	\$(35,779,642)	\$(55,480,990)	\$(91,260,632)

7. Accounting Pronouncement

In December 2023, the FASB issued Accounting Standards Update 2023-09 ("ASU 2023-09"), Income Taxes ("Topic 740") Improvements to Income Tax Disclosures, which amends quantitative and qualitative income tax disclosure requirements in order to increase disclosure consistency, bifurcate income tax information by jurisdiction and remove information that is no longer beneficial. ASU 2023-09 is effective for annual periods beginning after December 15, 2024, and early adoption is permitted. Management concludes there is no impact on the Funds' financial statements.

8. Risk Factors

With all ETFs, shareholders of the Fund are subject to the risk that their investment could lose money. The Fund is subject to the principal risks, any of which may adversely affect the Fund's NAV, trading price, yield, total return and ability to meet its investment objectives. A description of principal risks is included in the Fund's prospectus under the heading "Principal Risks of Investing in the Fund".

9. Segment Reporting

In 2025, the Fund adopted FASB Accounting Standards Update 2023-07, Segment Reporting (Topic 280) - Improvements to Reportable Segment Disclosures ("ASU 2023-07"). Adoption of the standard impacted financial statement disclosures only and did not affect the Fund's financial position or its results of operations. The intent of ASU 2023-07 is, through improved segment disclosures, to enable investors to better understand an entity's overall performance and to assess its potential future cash flows.

The President and Chief Executive Officer acts as the Fund's chief operating decision maker (CODM) assessing performance and making decisions about resource allocation. The CODM has determined that the Fund has a single operating segment based on the fact that the CODM monitors the operating results of the Fund as a whole and the Fund's long-term strategic asset allocation is pre-determined in accordance with the terms of its prospectus, based on a defined investment strategy which is executed by the Fund's portfolio managers as a team. The financial information provided to and reviewed by the CODM is consistent with that presented in the Fund's Schedule of Investments, Statement of Changes in Net Assets and Financial Highlights.

10. Subsequent Events

In preparing these financial statements, the Trust has evaluated events and transactions for potential recognition or disclosure through the date the financial statements were available to be issued. The Trust has concluded that there are no subsequent events to note.

Report of Independent Registered Public Accounting Firm

To the Shareholders of Eagle Capital Select Equity ETF and the Board of Trustees of The 2023 ETF Series Trust:

Opinion on the Financial Statements and Financial Highlights

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of Eagle Capital Select Equity ETF (the "Fund"), one of the funds constituting The 2023 ETF Series Trust, as of June 30, 2026, the related statement of operations for the year then ended, statements of changes in net assets for each of the two years in the period then ended, financial highlights for each of the two years in the period then ended and for the period from March 22, 2024 (commencement of operations) to June 30, 2024, and the related notes (collectively referred to as the "financial statements and financial highlights").

In our opinion, the financial statements and financial highlights present fairly, in all material respects, the financial position of the Fund as of June 30, 2026, and the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the two years in the period then ended and for the period from March 22, 2024 (commencement of operations) to June 30, 2024 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements and financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement, whether due to error or fraud. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements and financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements and financial highlights. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and financial highlights. Our procedures included confirmation of securities owned as of June 30, 2026, by correspondence with the custodian and brokers; when replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

Chicago, Illinois

August 20, 2026

We have served as the auditor of Eagle Capital Select Equity ETF since 2024.

Board Review of Investment Management Agreement (Unaudited)

Approval of Continuance of Advisory Agreement

At a meeting held on June 15, 2026 (the “Meeting”), the Board of Trustees (the “Board”) of The 2023 ETF Series Trust (“Trust”) considered and approved the continuance of the Investment Advisory Agreement (the “Agreement”) between the Trust and Eagle Capital Management, LLC (“Eagle”) with respect to the Eagle Capital Select Equity ETF (the “Fund”) pursuant to which Eagle provides advisory services to the Fund. The Board, which is comprised solely of Trustees who are not “interested persons” of the Trust (the “Independent Trustees”) within the meaning of the Investment Company Act of 1940 (the “1940 Act”), was advised by legal counsel throughout the process.

Pursuant to Section 15 of the 1940 Act, the continuance of the Agreement must be approved by a vote of (i) the Trustees or the shareholders of the Fund and (ii) a majority of the Independent Trustees cast in person at a meeting called for the purpose of voting on such approval. In connection with its consideration of such approval, the Board must request and evaluate, and Eagle is required to furnish, such information as may be reasonably necessary to evaluate the terms of the Agreement.

Consistent with these responsibilities, prior to the Meeting, the Board reviewed materials from Eagle, and at the Meeting, representatives from Eagle presented additional information to help the Board evaluate the Agreement. Among other things, representatives from Eagle provided an overview of its advisory business, including investment personnel and investment processes. During the Meeting, the Board discussed the materials it received, including a memorandum from legal counsel on the responsibilities of Trustees in considering the approval of investment advisory agreements under the 1940 Act, considered Eagle’s oral presentation, and deliberated regarding whether to approve the continuance of the Agreement in light of this information. Throughout the process, the Independent Trustees were afforded the opportunity to ask questions of, and request additional materials from, Eagle. The Independent Trustees were assisted in their review by counsel and met with counsel separately and without management present.

In considering whether to approve the continuance of the Agreement, the Board considered various factors, including (i) the nature, extent and quality of services provided by Eagle to the Fund; (ii) the investment objective and strategy for the Fund and the Fund’s performance record; (iii) the profits realized by Eagle from providing advisory services to the Fund; (iv) fees charged to comparable funds; (v) the extent to which the advisory fee for the Fund reflects economies of scale shared with Fund shareholders; and (vi) other factors the Board deemed to be relevant.

Nature, Extent and Quality of Services

With respect to the nature, extent and quality of services provided by Eagle to the Fund, the Board considered Eagle’s responsibilities with respect to providing investment advisory services to the Fund, including developing, implementing, and maintaining the Fund’s investment program; portfolio management, including evaluating and selecting investments for the Fund; trading portfolio securities and other investment instruments on behalf of the Fund; selecting broker-dealers to execute purchase and sale transactions; overseeing general portfolio compliance with relevant law; monitoring compliance with various policies and procedures and applicable securities regulations; periodic reporting to the Board; and implementing Board directives as they relate to the Fund. The Board noted that it had been provided with Eagle’s registration form on Form ADV as well as Eagle’s responses to a detailed questionnaire, which included a description of Eagle’s operations, services, personnel, compliance program, risk management program, and financial condition, and whether there had been material changes to such information since it was last presented to the Board.

The Board considered the background, sophistication and experience of Eagle’s senior management, including those individuals responsible for portfolio management and regulatory compliance of the Fund. The Board also considered Eagle’s extensive administrative and compliance infrastructures. The Board appreciated Eagle’s deep experience and expertise serving as the investment adviser to other registered investment companies.

The Board further considered Eagle’s portfolio management resources, structures and practices, including those associated with monitoring and seeking to ensure the Fund’s compliance with its investment objective and policies and with applicable laws and regulations. The Board also considered information about Eagle’s overall investment management business, including the financial resources available to Eagle needed to deliver high-quality advisory services to the Fund.

Investment Performance

The Board reviewed the Fund’s performance in light of its stated investment objective, noting that the Fund is actively managed. The Board was provided reports regarding the Fund’s past performance, including a report prepared by Broadridge, an independent third party, comparing the Fund’s performance to the performance of a group of peer funds (the “Peer Group”), the Fund’s Morningstar category group (the “Category Peer Group”), as well as the Fund’s benchmark for the one-year and since inception periods ended March 31, 2026. The Board noted that the Fund had underperformed its benchmark, Peer Group median, and Category Peer Group median for the one-year period, and performed in line with its Peer Group median, but underperformed its benchmark and Category Peer Group median, since inception. In reviewing the Fund’s performance, the Board took into account that the Fund has had a relatively short operating history over which to consider performance. The Board focused on the extent to which the Fund achieved its investment objective as an actively managed fund. The Board also reviewed information regarding factors impacting the performance of the Fund, noting that it received regular reports regarding the Fund’s performance at its quarterly meetings.

Fees Charged to Comparable Funds

Board Review of Investment Management Agreement (Unaudited) (Continued)

The Board reviewed the advisory fee paid by the Fund to Eagle under the Agreement. The Board reviewed a report prepared by Broadridge, an independent third party, comparing the Fund's advisory fee to those paid by a group of peer funds. The Board noted that the Fund's advisory fee was within the range of its Peer Group, but toward the high end of that range. The Board took into consideration that the advisory fee for the Fund is a "unitary fee," meaning that the Fund pays no expenses other than the advisory fee and certain expenses customarily excluded from unitary fee arrangements, such as brokerage commissions, taxes, and interest. The Board noted that, under the Agreement, Eagle is responsible for compensating the Fund's other service providers and paying the Fund's other expenses out of its own fee and resources. The Board also took into consideration Eagle's commitment of extensive resources to service the Fund and to implement an investment process involving rigorous due diligence, ongoing and iterative research and deep fundamental analysis. The Board also noted that the advisory fee charged to the Fund is generally consistent with the fees charged by Eagle to its other clients.

Profitability and Economies of Scale

The Board considered information concerning the profitability of Eagle from managing the Fund. The Board reviewed information provided about the costs and expenses incurred by Eagle in providing advisory services, evaluated the compensation and benefits received by Eagle from its relationship with the Fund, and reviewed a profitability analysis from Eagle with respect to the Fund. The Board also considered whether economies of scale have been realized with respect to the Fund, or whether other efficiencies resulted as the Fund's assets grow. The Board noted that the Fund had experienced significant asset growth since its launch, but that it was satisfied that no significant economies of scale have been realized, noting Eagle's assertion that, through the unitary fee structure, Eagle is responsible for paying the Fund's operating expenses, which effectively caps the Fund's total expense ratio, and Eagle's stated commitment to continue reinvesting in its advisory business to ensure the continued provision of high-quality services. The Board also acknowledged that it will have the opportunity to periodically reexamine whether economies have been achieved.

Conclusion

After reviewing these and other factors, the Board concluded, in the context of its overall review of the Agreement, that the nature, extent and quality of services provided supported its approval of the continuance of the Agreement and that the fee charged thereunder was reasonable. In the Independent Trustees' deliberations, each Trustee gave specific factors the weight that Trustee thought appropriate. No single factor was determinative of the Board's decision whether to approve the continuance of the Agreement on behalf of the Fund; rather, the Board based its determination on the totality of information available to it. Based on a consideration of all the relevant factors, the Board, including the Independent Trustees, determined that the approval of the continuance of the Agreement was in the best interests of the Fund and its shareholders.

Additional Information (Unaudited)

Proxy Voting Policies and Procedures

The Fund's policies and procedures for voting proxies for portfolio securities and information about how the Fund voted proxies related to its portfolio securities during the most recent 12-month period ended June 30 are available on our Web site at www.eaglecap.com or on the SEC's Web site — www.sec.gov. To obtain a written copy of the Fund's policies and procedures without charge, upon request, call us toll free at (833) 782-2211.

Portfolio Holdings Information

The Funds are required to file their complete schedule of portfolio holdings with the SEC for their first and third fiscal quarters on Form N-PORT. Copies of the filings are available without charge, upon request on the SEC's website at www.sec.gov and are available by calling the Trust at (833) 782-2211.

Discount & Premium Information

The Fund is new and therefore does not have any information regarding how often its shares traded on the Exchange at a price above (i.e., at a premium) or below (i.e., at a discount) its NAV. This information will be available, however, at www.eaglecap.com after the Fund's shares have traded on the Exchange for a full calendar quarter.

Tax Information

Form 1099-DIV and other year-end tax information provide shareholders with actual calendar year amounts that should be included in their tax returns. Shareholders should consult their tax advisors.

The Fund designates the following amounts or, if subsequently determined to be different, the maximum allowable for its period ended June 30, 2026.

Fund	Qualified Dividend Income*	Dividends Received Deduction
Eagle Capital Select Equity ETF	100%	100%

* The above percentage is based on ordinary income dividends paid to shareholders during the Fund's fiscal year.
