Dear Parents/Guardians:

I am pleased to announce that for the 2026-2027 school year, M.S. 101 is offering Minecraft Club! We will be participating in a league that requires team-style play to create a Minecraft world. Students will work together to create a world that will be reviewed at the end of the term in a competition with other schools in the district.

This is a safe and fun activity for your child to build relationships with peers and cooperate with one another. Due to the amount of space on each console, the team and the members will be selected based on skill and academics. Any questions or concerns, please feel free to contact me anytime at my email listed below.
